CREATING CIVIL SERVANTS FOR THE NATION

UPSC CSE PROSPECTUS 2024-25

Dr. Susijit Sahoo
 Chairman and Managing Director
 APTI PLUS Academy for Civil Services Pvt. Ltd.

Welcome to **APTI PLUS** Academy for Civil Services -India's one of the Best Training and Research Institutions for Civil Services.

First, I would like to extend my warm wishes and compliment you on your resolve to pursue Civil Service as your career. Civil Service is not any other lucrative job, but an opportunity to serve our great nation. It plays an instrumental role in policymaking. Civil Servants are further endowed with the responsibility of implementing these policies for the welfare of society and the progress of the nation. The civil service, in fact, forms the backbone of the whole administrative set-up in our democratic country. The gateway to this service is, however, the Civil Service Examination (CSE), which is indeed one of the most prestigious examinations in the world.

Every year lakhs of candidates appear in the CSE. Getting through the examination is a coveted and cherished dream of many. However, only a few hundred make it to the final list. The reason behind this is the rigorous screening process and multiple stages in the examination that tests the suitability of the candidate for top-ranking positions in Indian bureaucracy. The syllabus of CSE is vast and comprises subjects from almost all the General Academic fields. Parallel to this, leadership quality, decision-making ability, rational and logical thinking, objectivity, balanced judgment, and moral integrity are some of the many traits that the candidates must possess to ace this examination. A candidate must inculcate these traits through a rigorous training process. Here comes the role of **APTI PLUS** Academy for Civil Services.

Decades of research, analysis, and relentless efforts have inspired **APTI PLUS** to develop a holistic, all-encompassing course structure and pedagogy that synchronizes with the demands of the current pattern of the UPSC CSE examination.

Earlier, there was a notion that Delhi is the only option for preparing for CSE. I am honoured to share with you that **APTI PLUS** Academy for Civil Services is the first Institution to bust this myth and buck the trend. Under the able guidance of our distinguished faculty members from Delhi and other parts of the country, lots of candidates have realized their dream of joining the most reputed services in the country. Our meticulously designed course has played a crucial role in this. From 2014 to 2023 we had 530+ selections in UPSC CSE & we had an unprecedented success of 350+ selections in the last three years of UPSC CSE 2021, 2022 & 2023.

Our results rightly reinstate the position of **APTI PLUS** as one of Best Institutions in India. It has set a new benchmark by producing the thousands of IAS, IPS, IFS & IRS officers from all over India.

Finally, I would like to emphasize that as Civil Servants you will change millions of lives every day. India is a great country with vast resources and unmatched diversity. However, lopsided development has pushed the poverty-stricken, downtrodden, and marginalized sections of society to the edge. I would like to reiterate that the core values of determination, honesty, authenticity, integrity, devotion, humanism, holistic learning, social ethics, and concern for society & environment are all closely interwoven into the fabric of our academic programs. I urge you to realize your potential by making the best use of the transformative education imparted by our premier Institute and join the Civil Service with utmost sincerity, integrity, and conviction to serve the people of India. To transform each one of you into an able administrator, I welcome you to the Institute, where your commitment will be integrated with our years of expertise that will further guide you in realizing your aspirations.

Wish you all the best in your future endeavours!

Right Approach to CSE

With the Right Approach, you can reach LBSNAA:

Why only a few candidates pass on the first attempt, while others take multiple attempts to pass? It's all about adopting the right strategy and getting the right guidance. An effective strategy combined with the right leadership puts applicants on the right track to achieve their goals faster, without delay, and more efficiently. Also, applicants can effectively deal with a vast curriculum that would otherwise overwhelm them. A good mentor will make your journey easier by providing relevant guidance.

SMS Approach:

Study Material to clear the exam	If one thinks that he/she needs to read HUNDREDS of books, browse TENS of websites and prepare notes from FIVE newspapers and TEN magazines each day to clear IAS, This is Wrong . The exaggerated actions are neither practical nor necessary to clear CSE. Even if an imaginary person does all what is stated above, there is still chance that he/she not clear the exam.. So what matters is not the quantity of materials one had gone through, but the quality of learning and revision done.
Importance of Mocks to clear the exam	Mocks are nothing but practice/trials that one takes before the final battle. Indian Cricket Team was criticized for not taking practice matches in their tour of South Africa in 2019. What is more shocking is that they repeated the same mistake in the tour of England. And the final result in both the cases is known to all.
Smart Study to clear the exam	Prerequisite: Know your syllabus thoroughly. Before you start with your preparation for CSE, read the syllabus many a times to comprehend the demand of the examination. Your own strategy is the right strategy. Learning stage: Enrol into APTI PLUS foundation and advanced courses. Reading NCERT textbooks thoroughly is of utmost importance to crack this examination. Follow one standard Newspaper and one News Channel on a regular basis. Complement it with study materials provided by the Institute on its online platform IASGYAN. Revision stage: The key is to revise at least 5 times. Revise periodically. Enrol into APTI PLUS Mains Answer Writing Program and attempt Daily Prelims and Mains Mini Test. Evaluation stage: Join APTI PLUS Prelims and Mains Test Series.
