WEST BENGAL SPECIAL

Aparajita Women and Child (West Bengal Criminal Laws Amendment) Bill, 2024

- The West Bengal Assembly has passed the Aparajita Women and Child (West Bengal Criminal Laws Amendment) Bill, 2024 to tackle violence against women.

Key provisions of the bill include:

- Amendments to Existing Laws:** The bill seeks to amend the Bharatiya Nyaya Sanhita (BNS) 2023, Bhartiya Nagrik Suraksha Sanhita (BNSS) 2023, and the Protection of Children from Sexual Offences (POCSO) Act 2012, applying to survivors of all ages.
- Death Penalty for Rape:** It proposes capital punishment for rape if it leads to the victim's death or leaves her in a vegetative state. **Under the BNS laws, penalties include a fine and a minimum of 10 years imprisonment for rape; 20 years imprisonment for gang rape, possibly extending to life imprisonment; and 20 years rigorous imprisonment or the death penalty for rape causing death or a vegetative state.**
- Time-Bound Investigations and Trials:** Investigations **must be completed within 21 days of the report, and trials within 30 days**, with extensions only allowed with senior police officer approval. The BNSS laws set a 2-month limit for investigation and trial from the FIR date.
- Fast-Track Courts:** The bill mandates the **creation of 52 special courts to speed up sexual violence cases.**
- Aparajita Task Force:** A district-level task force, led by a deputy superintendent of police, will be established to handle rape and related crimes.
- Stricter Penalties for Repeat Offenders:** Life imprisonment is proposed for repeat offenders, with the possibility of the death penalty if warranted.
- Protection of Victims' Identities:** The bill includes measures to protect victims' identities and ensure their privacy.
- Penalties for Delaying Justice:** Police and health officials who delay action or tamper with evidence will face penalties.
- Publication Restrictions:** Unauthorized publication of court proceedings related to sexual offenses will be punishable by 3 to 5 years in prison.

WB legislation versus existing law

Punishment for rape and murder

WB Bill: Death sentence if the victim dies or is left in a vegetative state
Existing law: Under BNS, if rape results in the victim's death or leaves her in a vegetative state, death penalty is only one of the punishments besides life term or minimum 20 years in jail

Fast-track courts

WB Bill: Establishment of special courts for cases of sexual violence
Existing law: Under a centrally sponsored scheme, the department of justice provides funds to states for setting up fast track special courts for trial of cases relating to sexual offences

Probe deadlines

WB Bill: Investigation must be concluded within 21 days of the initial report
Existing law: Under BNSS, investigation must be concluded within two months of the filing of FIR. For trial, it specifies framing of charge within 60 days from the first hearing and judgment within 30 days (maximum of 60 days) after arguments conclude

Junior doctors continue their protest in Kolkata.
SAMIR JANA/HT

Disclosing victim's identity

WB Bill: Imprisonment of 3 to 5 years
Under BNS: 2 years imprisonment and fine

Major Airport Projects Approved by Union Cabinet for giving boost to West Bengal and Bihar

Union Cabinet's Green Light for New Projects

- In a significant development, the Union Cabinet has approved major airport infrastructure projects in West Bengal and Bihar. **This decision aims to enhance connectivity and boost economic growth in these regions.**

- The projects include the expansion of existing airports and the construction of new facilities to accommodate increasing passenger traffic and cargo handling.

West Bengal's Kolkata Airport Expansion

- One of the key projects involves the expansion of **Kolkata's Netaji Subhas Chandra Bose International Airport**. The expansion will include new terminals and upgraded facilities to handle more passengers and improve operational efficiency.
- This move is expected to address the growing demand for air travel in the region and support the economic activities driven by Kolkata's status as a major commercial hub.

Bihar's New Airport Initiative

- In Bihar, the focus is on developing a **new greenfield airport at Gaya**. This project aims to provide a modern aviation infrastructure that will enhance connectivity not only within the state but also to international destinations.
- The Gaya airport is expected to become a key gateway for tourism and business, bolstering the local economy and creating job opportunities.

Sitaram Yechury

- **Communist Party of India (Marxist) general secretary Sitaram Yechury**, who passed away in Delhi on September 12, 2024 left an indelible mark in West Bengal politics by bringing two politically divergent forces the Left parties and the Congress together.
- **Sitaram Yechury** (12 August 1952 - 12 September 2024) was an Indian Marxist politician and the General Secretary of the Communist Party of India (Marxist), who was a member of the Politburo of the CPI(M) since 1992.
- **Previously, he was a Member of Parliament, Rajya Sabha, West Bengal, from 2005 to 2017.**
- **Yechury was elected to Rajya Sabha from West Bengal in July 2005.** He was known for bringing several popular issues to the notice of parliament and for raising questions on important issues.
- On blaming the ruling party for frequent disruptions in parliament, he said that the government cannot escape from its responsibility by blaming the opposition for frequent disruptions.
- He justified disruptions in parliament by calling it a legitimate process in a democracy.

132nd Anniversary of Swami Vivekananda's landmark speech at the World's Parliament of Religions in Chicago

- Prime Minister Narendra Modi commemorated the **132nd anniversary of Swami Vivekananda's landmark speech at the World's Parliament of Religions in Chicago**, delivered in 1893.
- Modi highlighted that Vivekananda's address introduced India's timeless message of **unity, peace, and brotherhood** to the global audience. He praised the enduring impact of Vivekananda's words, noting their continued inspiration across generations.

Key Points

- **Anniversary Commemoration:** PM Modi marked the 132nd anniversary of Vivekananda's Chicago speech.
- **Global Message:** Vivekananda's speech emphasized unity, peace, and brotherhood.
- **Enduring Inspiration:** Modi underscored the lasting influence of Vivekananda's message on fostering togetherness and harmony.

- **Public Sharing:** Modi shared the speech on X and provided a link to Belur Math's official website for further reading.

Swami Vivekananda: Key Points

- **Birth and Early Life:** Born on January 12, 1863, in Kolkata, India.
- **Chicago Speech:** Gained international fame in 1893 for his address at the World's Parliament of Religions, promoting Hinduism and universal brotherhood.
- **Philosophy:** Advocated for Vedanta and Yoga, emphasizing the unity of all religions and the power of self-realization.
- **Key Works:** Authored influential books and speeches on spirituality, including "Raja Yoga" and "Karma Yoga."
- **Belur Math:** Co-founded the Ramakrishna Mission with his disciples, promoting social service and spiritual education.
- **Legacy:** Remembered for his efforts to introduce Indian spiritual teachings to the West and his role in the revival of Hinduism.

Carbon Credit Trading Scheme (CCTS)

- **India is preparing to create a carbon market through the Carbon Credit Trading Scheme (CCTS), first announced in June 2023.**
- This plan is designed to help reduce harmful emissions in different industries.
- Under this scheme, sectors that manage to reduce their emissions more than required can sell carbon credits to those that cannot meet their targets.
- Those who fall short of their goals must buy these credits to offset their emissions.

When will the CCTS start?

- The detailed rules for how the CCTS will work were shared by the Bureau of Energy Efficiency (BEE) in August 2024.
- However, the government has not yet set specific emission reduction targets, which are needed to make the scheme work.
- BEE officials believe that the scheme might start functioning by 2026.

What is the CCTS?

- The CCTS is a system that encourages companies to either reduce or limit their emissions.
- It is part of India's commitment to the Paris Agreement of 2016, where the country promised to cut its emissions intensity (the amount of emissions per unit of GDP) by 45% from 2005 levels by 2030.
- This means that India is working to produce less pollution while growing its economy.

India's emission reduction goals

- Apart from the 2030 target, India also has a long-term goal of achieving net-zero emissions by 2070.
- This means that by 2070, India aims to balance the amount of greenhouse gasses it emits with the amount it removes from the atmosphere.
- This is important both for global climate efforts and for managing the impact of climate change within India.

“Rangeen Machhli” Mobile Application

- In a significant development for India's ornamental fisheries sector, Union Minister for Fisheries, Animal Husbandry and Dairying, **Shri Rajiv Ranjan Singh Alias Lalan Singh**, unveiled the “Rangeen Machhli” mobile application.
- The launch event took place at the prestigious ICAR-Central Institute of Freshwater Aquaculture (ICAR-CIFA) in Bhubaneswar.

About the “Rangeen Machhli” App

Development and Support

- **Developed by:** ICAR-Central Institute of Freshwater Aquaculture (ICAR-CIFA)
- **Supported by:** Pradhan Mantri Matsya Sampada Yojana (PMMSY)

Target Audience

The app caters to a diverse range of users within the ornamental fisheries ecosystem:

- Hobbyists
- Aquarium shop owners
- Fish farmers

Key Features

1. Multilingual Information

- Provides details on popular ornamental fish species in **eight Indian languages**
- Enhances accessibility for a wide audience across different regions of India

2. Comprehensive Fish Care Information

- Offers detailed guidance on care, breeding, and maintenance practices for various ornamental fish species
- Useful for both beginners and experienced aquarists

3. "Find Aquarium Shops" Tool

- A dynamic directory of aquarium shops
- Allows users to locate nearby shops easily
- Shop owners can update their information, promoting local businesses
- Connects users with reliable sources for ornamental fish and related products

4. Educational Modules

The app includes two primary educational modules:

a) Basics of Aquarium Care

Covers essential topics for beginners:

- Types of aquariums
- Fish species
- Water filtration techniques
- Lighting requirements
- Feeding practices
- Day-to-day maintenance

b) Ornamental Aquaculture

- Focuses on advanced topics for professionals:
 - Breeding techniques
 - Rearing of different ornamental fish species

Pradhan Mantri Gram Sadak Yojana - IV (PMGSY-IV)

- The Union Cabinet has approved the **Pradhan Mantri Gram Sadak Yojana - IV (PMGSY-IV)** for the financial years **2024-25 to 2028-29**, with a total outlay of **₹70,125 crore**.
- This initiative aims to construct 62,500 kilometers of roads to connect 25,000 previously unconnected habitations, enhancing accessibility and promoting socio-economic development in remote rural areas.

Key Details of the Scheme

- **Financial Outlay:** ₹70,125 crore, with a central share of ₹49,087.50 crore and a state share of ₹21,037.50 crore.
- **Coverage:** Targeting 25,000 habitations with a population of 500+ in plains, 250+ in Northeast & Hill States/UTs, special category areas, and 100+ in LWE affected districts, based on the Census 2011.
- **Infrastructure Development:** Construction of 62,500 km of all-weather roads and necessary bridges to provide connectivity.

Benefits

- **Enhanced Connectivity:** The scheme will provide all-weather road connectivity to 25,000 unconnected habitations, linking them to educational, health, and market centers.
- **Socio-Economic Impact:** The new roads are expected to be catalysts for socio-economic development in rural areas.
- **Advanced Construction Practices:** Incorporation of international benchmarks such as Cold Mix Technology, Waste Plastic, and Full Depth Reclamation, along with the use of construction waste like Fly Ash and Steel Slag.
- **Planning and Execution:** Road alignment planning and DPR preparation will be facilitated through the PM Gati Shakti portal.

2nd International Conference on Green Hydrogen

- On September 11, 2024, Prime Minister Narendra Modi virtually inaugurated the **2nd International Conference on Green Hydrogen**, which was held at **Bharat Mandapam in New Delhi from September 11-13, 2024**.
- The conference aims to position India as a leader in the global green hydrogen ecosystem.
- The conference is **organized by the Union Ministry of New and Renewable Energy and the Office of the Principal Scientific Adviser to the Government of India**, with associate partners including the Union Ministry of Petroleum and Natural Gas, the Department of Science and Technology, and the Department of Scientific and Industrial Research.
- **The Gujarat government is the state partner, while the Solar Energy Corporation of India (SECI) serves as the implementation partner.**
- EY is the knowledge partner, and FICCI is the industry partner.

About Green Hydrogen and the National Green Hydrogen Mission

- Green hydrogen is produced by electrolyzing water using electricity from renewable sources like solar, wind, and hydro power.
- This hydrogen is used in fuel cells for powering vehicles, which produce minimal pollution compared to fossil fuels.
- **The National Green Hydrogen Mission, launched on January 4, 2023, aims to develop a 5 Million Metric Ton per year green hydrogen production capacity by 2030, with a total outlay of Rs 19,744 crores.**
- The mission will run from 2023-24 to 2029-30.

Ashtalakshmi Mahotsav

- **Union Minister Shri Jyotiraditya M. Scindia**, Hon'ble Minister for Communications and Development of North Eastern Region (DoNER), has officially launched the website for the **Ashtalakshmi Mahotsav**.
- The launch, held at **Sanchar Bhawan in New Delhi**, highlights the government's dedication to showcasing Northeast India's cultural and economic richness on both national and international platforms.

Event Overview

- The **Ashtalakshmi Mahotsav** is set to take place from December 6th to 8th, 2024, at **Bharat Mandapam, Pragati Maidan, New Delhi**.
- The festival celebrates the eight Northeastern states – Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, and Tripura – collectively known as the "**Ashtalakshmi**," symbolizing eight forms of prosperity.

Aims of the Mahotsav

- The festival aims at bridging cultural and economic gaps between Northeast India and the rest of the country.
- He noted that the **Ashtalakshmi Mahotsav will showcase the region's rich culture and stimulate economic development** by creating opportunities for artisans, weavers, and entrepreneurs.

Event Highlights

- **Fashion and Design Conclave:** Includes a Fashion Show featuring traditional Northeastern clothing and a Design Conclave highlighting regional textiles.
- **Artisanal Crafts and GI Products:** Features live demonstrations of Muga and Eri Silk weaving and showcases Geographical Indication (GI) products.
- **Business and Investment Opportunities:** Includes a Buyer-Seller Meet and an Investment Round Table to facilitate business collaborations and investments.

World's largest low-carbon hydrogen facility

- **Abu Dhabi National Oil Company (ADNOC)** and **ExxonMobil** have announced a landmark partnership to develop the world's largest low-carbon hydrogen facility.

- This ambitious project, set to be located in **Baytown, Texas**, marks a significant milestone in the race to lead sustainable energy production and combat climate change.

Project Overview and Significance

Strategic Location and Ownership

- The facility will be situated in **Baytown, Texas**, leveraging the region's abundant natural gas resources and existing infrastructure.
- Under the terms of the agreement, ADNOC will acquire a **35% equity stake** in the project, demonstrating its commitment to diversifying its energy portfolio and expanding its global footprint in the low-carbon energy sector.

Unprecedented Scale and Production Capacity

Once operational, the facility is expected to set new benchmarks in clean hydrogen production:

- Daily production capacity of up to **1 billion cubic feet** of low-carbon hydrogen
- Annual production of more than **1 million tonnes** of low-carbon ammonia

These figures position the project as the **largest of its kind globally**, underlining its potential to significantly impact the emerging low-carbon hydrogen market.

World's second-largest market for 5G smartphones

- In a significant development for the global telecommunications industry, **Counterpoint Research** has reported that India has surpassed the United States to become the **world's second-largest market for 5G smartphones**.
- This shift underscores India's rapid technological advancement and the growing demand for high-speed connectivity across the nation.

Global 5G Market Share: A New Hierarchy

The research highlights a reshuffling of the global 5G device market:

1. **China** maintains its leadership with a dominant **32% market share**
2. **India** has ascended to second place, capturing a substantial **13% share**
3. The **United States** has been relegated to third position, holding **10% of the market**

Factors Driving India's 5G Smartphone Growth

1. **Significant contributions from major brands:** Samsung, Vivo, and Xiaomi have played pivotal roles in popularizing 5G devices.
2. **Focus on the budget segment:** These brands have successfully introduced affordable 5G smartphones, making the technology accessible to a broader consumer base.
3. **Diverse price segments:** 5G smartphones are gaining traction across various price points, catering to different consumer needs and preferences.

Akurli Bridge

- Shri Piyush Goyal, as he inaugurated the **Akurli bridge on the Western Express Highway in Mumbai** on 10th September, and he stated that this will not just benefit North Mumbai but will benefit the entire city.
- He is also Member of Parliament from Mumbai North.

How it will be beneficial

- The completion of this road work brings significant relief to lakhs of Mumbaikars, as it addresses a major traffic bottleneck on one of the city's arterial roads.
- The project is expected to bring dual benefits to the citizens, save valuable time and fuel.

LinkedIn's Global MBA Ranking 2024

- The Indian Institute of Foreign Trade (IIFT), under the Ministry of Commerce and Industry, Government of India, has been ranked No. 1 globally for Networking in LinkedIn's Global MBA Ranking 2024, while securing the **51st position** among the **top 100 MBA programmes worldwide**.
- **Minister of Commerce and Industry, Shri Piyush Goyal**, lauded this achievement as a reflection of IIFT's global networking prowess.

- Commerce Secretary, Shri Sunil Barthwal, emphasized that this ranking showcases the Institute's dedication to excellence in academics, research, and strong partnerships with alumni, corporates, and international organizations.

National Security Strategies Conference 2024

- **Union Home Minister of India Shri. Amit Shah** inaugurated 2 days National Security Strategies Conference 2024 in the capital of India at **New Delhi**.
- This conference will hold talks on various aspects of security and its challenges.

Roadmap

Typhoon Yagi

- In early September 2024, Typhoon Yagi became the strongest storm of the year in Asia, hitting several countries like Myanmar, Vietnam, Laos, and Thailand.
- It caused devastating winds and heavy rainfall, leading to flooding and landslides.
- These natural disasters forced hundreds of thousands of people to leave their homes and resulted in the deaths of more than 400 people.

Impact on Affected Countries

Vietnam:

- Vietnam was the worst affected.
- The typhoon caused 292 deaths and destroyed a lot of property, especially in Quang Ninh province and Hai Phong City.
- The damage is estimated at 40 lakh crore, which will hurt the country's economy significantly.

Myanmar:

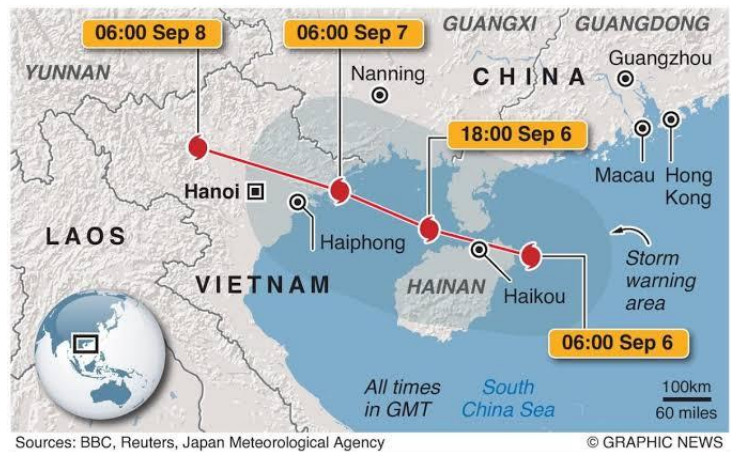

- In Myanmar, many people died, and more than 320,000 people had to move to temporary shelters.
- Due to the severe situation, the country's ruling government has asked for international help, which is rare given its usual stance.

Laos & Thailand:

- Both Laos and Thailand also suffered from the storm.
- Thailand experienced its worst flooding in 80 years, causing 10 deaths and disrupting transportation.
- Even though Typhoon Yagi has weakened into a tropical depression, it is still causing heavy rain.
- There is a continuing risk of more flooding and landslides, especially as water levels in the Mekong River are rising due to the additional rainfall.

Operation Sadbhav

- In response to the disaster, India has launched a relief effort called Operation Sadbhav.
- India has pledged \$1 million in aid and is sending essential supplies like food, clothing, and medicines.

Open AI Unveils New Reasoning AI Model O1 in Project Strawberry

- OpenAI has launched a new AI model called o1 under a secret initiative called 'Project Strawberry.' This model is designed to handle more complex reasoning in areas like science, coding, and mathematics.
- It's part of a series of models aimed at making AI think more deeply and tackle tougher problems.

Model Development

The o1 model is built to process questions in a way that mimics how humans think. It can:

- Look at problems from different angles.
- Learn from its mistakes by reviewing its answers and improving.

In early tests, the o1 model showed impressive results. It can solve complex problems in physics, chemistry, and biology at a level similar to a PhD student.

It performed especially well in math and coding, successfully solving 83% of questions in a tough math competition—far better than older AI models.

New Mini Moons

- From September 29 to November 25, 2024, Earth will have a temporary companion called asteroid 2024 PT5.
- This asteroid will orbit around our planet for two months, acting like a mini-moon.
- However, it will not be visible to the naked eye or even most amateur telescopes because it is too faint.

What is a mini-moon?

- A mini-moon is a small asteroid that gets temporarily caught by Earth's gravity. Unlike our permanent Moon, these mini-moons stay for a short period and then move away.
- Asteroid 2024 PT5, which is about 10 meters (33 feet) in size, will be one of these mini-moons, briefly orbiting alongside our Moon during its time near Earth.

Characteristics of Asteroid 2024 PT5

- Asteroid 2024 PT5 was first spotted by NASA's ATLAS program on August 7, 2024.
- Its path is similar to other asteroids from the Arjuna asteroid belt. Instead of making a complete orbit around Earth, it will follow a horseshoe-shaped path before breaking free from Earth's gravity and continuing its journey in space.

Scientific Importance

- This mini-moon gives scientists a chance to learn more about how near-Earth objects behave when they come close to our planet.
- By studying how asteroid 2024 PT5 interacts with Earth's gravity, astronomers can improve their ability to predict the paths of other asteroids in the future.

Historical Context of Mini-Moons

- Yes, Earth has had other mini-moons in the past. For example, one orbited our planet from July 2006 to July 2007.
- Another asteroid, called 2022 NX1, temporarily orbited Earth in 1981 and again in 2022.
- These events show that Earth occasionally catches small asteroids in its gravitational field.

Can we see asteroid 2024 PT5?

- Even though this mini-moon is interesting, it will be very hard to see.
- With a brightness magnitude of 22, only very advanced observatories will be able to detect it.
- Most people, even with good telescopes, won't be able to watch its passage.

About mini-moons

- Mini-moons are temporary natural satellites that orbit Earth after being captured by its gravity.
- They are often small—usually just a few meters in diameter—and stay in orbit for only a short time, typically a few months.
- The most famous mini-moon, called 2006 RH120, orbited Earth for about a year.
- These objects help scientists better understand the movement and dynamics of asteroids in space, but they are very different from our permanent Moon.

IIL Partners with ICMR for India's First Zika Vaccine

- Indian Immunologicals Limited (IIL) has joined hands with the Indian Council of Medical Research (ICMR) to develop India's first Zika virus vaccine.
- They have signed an agreement called a Memorandum of Agreement (MoA) to work together on this project. **The main goal is to conduct phase I clinical trials, which will test the vaccine for its safety and effectiveness in humans.**
- ICMR will pay for the phase I clinical trials. This includes covering all the costs for running the trials, monitoring the participants, and

performing the necessary investigations to see how the vaccine works.

- These trials will be done in different locations in India to make sure the vaccine is thoroughly tested.

ICMR's Phase I Trial Network

ICMR has a network of places across India where early-stage trials, like phase I clinical trials, are conducted.

This network helps researchers carry out their work smoothly within the country. The trials for the Zika vaccine will take place at these four sites:

- ACTREC in Mumbai
- KEM Hospital in Mumbai
- SRM in Chennai
- PGIMER in Chandigarh

This network allows Indian scientists to test new vaccines for safety without needing to go outside the country.

India's Second Largest Butterfly Species Discovered in Tamil Nadu

- India's second-largest butterfly, the Southern Birdwing, was recently spotted on the satellite campus of The American College in Madurai, Tamil Nadu.
- This discovery sheds light on the region's changing movements of butterfly species.

About the Southern Birdwing

- **The Southern Birdwing was once considered the largest butterfly in, with a wingspan of 190mm.**
- However, in 2020, it was surpassed by the Golden Birdwing, which has a wingspan of 194mm, according to a British researcher, Brigadier William Harry Evans.
- It prefers areas close to water, such as the rivers and streams in the Western Ghats. The males of this species are known for their bright yellow and black colors, while the females, though larger, have more muted tones.
- **As an indicator of ecological health, its presence shows the importance of maintaining a balanced and diverse environment.**
- In both the Southern and Golden Birdwing species, females are generally larger than males. This size difference is common among butterflies and can affect how they behave during mating.

Chandrayaan-3 Detects Historic 250 Seismic Signatures on Moon

- India's Chandrayaan-3 mission has achieved a significant milestone by becoming the first lunar mission to detect over 250 seismic signals from the Moon's south pole since the Apollo missions.
- This discovery marks a major advancement in lunar exploration and seismic monitoring techniques.

Significance of Seismic Signals

- The Chandrayaan-3 mission identified 250 seismic signals, with 50 of these signals being unique and potentially indicating moonquakes, which are similar to earthquakes on Earth but occur on the Moon.
- **This is the first time that seismic data has been successfully collected from the Moon's south pole, providing valuable insights into the Moon's seismic activity.**

NASA's Europa Clipper Mission

- NASA has officially approved the launch of the Europa Clipper mission, which is **scheduled to take off on October 10, 2024.**
- This decision comes after a successful review of the spacecraft's design to ensure it can handle intense radiation. The announcement was made on September 10, addressing previous concerns about the spacecraft's electronics.

Launch Details

- The Europa Clipper mission has a budget of \$5 billion and will be launched aboard a SpaceX Falcon Heavy rocket.
- The mission must be launched within a specific three-week period to ensure the spacecraft can reach Jupiter using gravity assists from Mars and Earth.
- This carefully timed launch is crucial for the spacecraft to follow its planned trajectory.

Ilkay Gundogan

- Germany Captain Ilkay Gundogan Announces International Retirement from Football.
- **Ilkay Gundogan, the 33-year-old captain of the German national football team**, has officially announced his retirement from international football. This decision comes on the heels of Germany's performance at Euro 2024, where Gundogan led his country to the quarterfinals before falling to the eventual champions, Spain, in extra time.

India at Paralympics 2024:

- India achieved their **most successful performance in Paralympic history** at the Paris 2024 Games, securing a total of 29 medals - seven gold, nine silver, and 13 bronze. **This achievement surpasses the 19-medal haul from Tokyo 2020, which included five golds.**
- The record haul also meant that India crossed the 50-medal mark in their **Paralympic history**.
- A record 84 para-athletes represented India at the **Paris 2024 Paralympics**, held in the French capital from August 28 to September 8. India competed across 12 disciplines, three more than at Tokyo 2020. Indian para-athletes participated in three new sports at **Paris 2024** – para cycling, para rowing, and blind judo.

Impressive performances at the Paris 2024 Paralympic Games by India:

Avani Lekhara

- Avani Lekhara became the first Indian woman to win two gold medals at the Paralympic Games, defending her title in the women's 10m air rifle standing SH1 **shooting** event with a world record score.

Dharambir and Parnav Soorma

- India recorded a one-two in **athletics** for the first time, with Dharambir and Parnav Soorma clinching gold and silver, respectively, in the men's club throw F51 event. Dharambir also set a new Asian record of 34.92m.
- Later, Praveen Kumar also logged an Asian record to win the **high jump** T64 title and fetched India's sixth gold, their highest ever at the Paralympics.

Sumit Antil

- Javelin ace Sumit Antil too made history as the first Indian man to defend his title at the Paralympics, winning gold in the men's javelin throw F64 with a stunning throw of 70.59m – a new Paralympic record.
- Remarkably, Sumit broke his own previous record, set at the Tokyo 2020 Paralympics, not just once, but three times during the competition.

Mariyappan Thangavelu

- With a bronze in the high jump T42 class, Mariyappan Thangavelu **became the first Indian to win medals at three consecutive Paralympics.**
- He won the gold medal at Rio 2016 and silver at Tokyo 2020.

Preethi Pal

- Preethi Pal secured her bronze in the women's 100m T35 race with a personal best time.
- It was India's first-ever medal in a track event at the Paralympics.
- Her bronze in the 200m made her India's most successful athlete at the Games, as she was the only one to secure two medals.

Deepthi Jeevanji

- In all, India won four medals in track events at Paris 2024. It included Deepthi Jeevanji, who became the first intellectually impaired Indian athlete to win a Paralympic medal with a bronze in the women's 400m T20 class.

IMPORTANT DAYS

World Humanitarian Day 2024

- World Humanitarian Day, **observed annually on August 19th, takes on a somber tone in 2024 as the global community faces a grim reality:** humanitarian workers are increasingly becoming targets in conflict zones.
- The year 2023 marked the deadliest year on record for aid workers, and 2024 threatens to surpass this grim milestone.
- This alarming trend underscores a critical failure in protecting those who dedicate their lives to helping others in the world's most challenging environments.
- **The theme of the 2024 World Humanitarian Day global campaign is #ActForHumanity.**
- As the UN explains, the campaign aims to "mobilize our collective efforts to ensure the protection of humanitarians and civilians and to demand accountability for violations of international humanitarian law and other international norms".

International Day Commemorating the Victims of Acts of Violence Based on Religion or Belief 2024

- **The General Assembly, in its resolution A/RES/73/296, designated August 22 as the International Day Commemorating the Victims of Acts of Violence Based on Religion or Belief** recognising the importance of providing victims of violence based on religion or belief and members of their families with appropriate support and assistance in accordance with applicable law.
- Freedom of religion or belief is a fundamental human right that intersects with several other crucial freedoms.
- These rights are not only important individually but also work together to create a framework for a just and tolerant society.

World Water Week 2024: 25-29 August

- The Stockholm International Water Institute (SIWI) is organising the next World Water Week on 25-29 August 2024.
- World Water Week is the leading conference on global water issues, held every year since 1991.
- **The theme of World Water Week 2024 is "Bridging Borders: Water for a Peaceful and Sustainable Future".**
- The theme emphasizes the need for water cooperation and collaboration to achieve a peaceful and sustainable future.
- It also calls attention to the interconnectedness of communities and nations around the world.

International Day against Nuclear Tests 2024 Observed on 29th August

- Every year on August 29, the world observes the International Day Against Nuclear Tests.
- On December 2, 2009, the 64th session of the United Nations General Assembly unanimously adopted **resolution 64/35, declaring August 29 as the International Day against Nuclear Tests.** This resolution was a significant step towards raising global awareness about the effects of nuclear weapon test explosions.
- **The choice of August 29 commemorates the closure of the Semipalatinsk Nuclear Test site in Kazakhstan on August 29, 1991.** This site was one of the primary testing grounds for Soviet nuclear weapons and its closure marked a pivotal moment in the global movement against nuclear testing.
- **The theme for 2024 is #StepUp4Disarmament,** which calls on young people to raise awareness about the humanitarian consequences of nuclear explosions.
- This significant day serves as a global reminder of the devastating effects of nuclear weapons testing and the urgent need for a world free from the threat of nuclear destruction.
- Since the dawn of the nuclear age in 1945, over 2,000 nuclear tests have been conducted,

leaving a legacy of environmental damage and human suffering.

National Sports Day 2024, Date, Significance and History

- Every year on August 29, India celebrates National Sports Day, a special occasion dedicated to honouring the spirit of sports in the country.
- This day goes beyond celebrating India's athletic achievements; it emphasizes the crucial role of sports in maintaining health, fostering community, and inspiring generations.
- At the heart of this celebration is the legacy of India's legendary hockey player, Major Dhyan Chand, whose extraordinary skills and contributions to the sport have left an indelible mark on the nation's sporting history.
- While the theme for 2024 has not been announced at the time of writing, the previous year's theme was "Sports are an enabler to an inclusive and fit society."

International Day for People of African Descent 2024

- The International Day for People of African Descent Observed on 31st August to mark a significant milestone in the global recognition of the contributions and challenges faced by individuals of African descent worldwide.

Hindi Diwas

- **Hindi Diwas**, observed annually on **September 14th**, stands as a testament to India's rich linguistic diversity and cultural heritage.
- This day marks the **adoption of Hindi as an official language** of the Indian federal government, a decision made by the Constituent Assembly in 1949.
- As we approach Hindi Diwas 2024, it's crucial to reflect on the significance of this celebration, its historical roots, and its contemporary relevance in promoting linguistic unity across the nation.

- **The theme for 2024 is "Hindi - the bridge between traditional knowledge and artificial intelligence."**
- This color is symbolic, which reflects the intention of combining Indian cultural values with modern technologies, particularly Artificial Intelligence.

Historical Background

- The roots of Hindi Diwas can be traced back to a pivotal moment in India's post-independence era.
- On **September 14, 1949**, the Constituent Assembly of India made a landmark decision to adopt Hindi, written in the **Devanagari script**, as one of the official languages of the newly independent nation.
- This decision was not merely administrative but carried profound cultural and political implications.
- **Jawaharlal Nehru**, India's first Prime Minister, recognized the importance of this decision and proposed the observance of September 14th as Hindi Diwas.
- This date also coincides with the birth anniversary of **Beohar Rajendra Simha**, a renowned Hindi scholar and poet who played a significant role in advocating for Hindi's official status.

Constitutional Recognition

- The Indian Constitution, which came into effect on January 26, 1950, formalized the status of Hindi. **Article 343 (1)** of the Constitution explicitly states that "the official language of the Union shall be Hindi in Devanagari script."
- However, recognizing India's linguistic diversity, the Constitution also allowed for the continued use of English in official matters.

Early Celebrations and Evolution

- The first official celebration of Hindi Diwas took place on **September 14, 1953**.
- Since then, it has evolved into a nationwide observance, with various institutions and organizations participating in events and activities promoting the Hindi language.
