SCHEMES IN NEWS

Schemes Renamed and Discontinued

Context

- The Mohan Majhi-led BJP government announced plans to rename 21 schemes previously implemented under the Naveen Patnaik administration.

Major Changes:

- KALIA Scheme** renamed as PM-KISAN.
- LAccMI** initiative renamed as **Gramanchal Paribahan**.

Discontinued Schemes:

- Notable schemes under the BJD government, such as Biju Swasthya Kalyan Yojana, Biju Pucca Ghar, and Biju Sishu Surakhya Yojana, have been phased out.

The KALIA Scheme (Krushak Assistance for Livelihood and Income Augmentation) aims to boost agricultural prosperity. Key provisions included ₹10,000 annually for cultivators (₹5,000 each for Kharif and Rabi), interest-free crop loans up to ₹50,000, ₹12,500 for landless households for allied activities, and ₹10,000 annually for the elderly and differently-abled. Additionally, it offers ₹2 lakh life and accident insurance for 57 lakh households.

The Location Accessible Multi-modal Initiative (LAccMI) scheme sought to establish a continuous public transport network. The network includes Block, District, 'Jagannath Express' (District to Bhubaneswar/Puri), and 'LAccMI Express' (inter-district connectivity).

Prani Sampad Samruddhi Yojana

Context

- Recently, Odisha Government introduced the Prani Sampad Samruddhi Yojana.

Details

- The scheme aims to boost the livestock sector in the state by focusing on poultry development.

Key features of the scheme:

- Focus on Poultry Development:** The scheme will **primarily focus on promoting poultry farming in Odisha.**
- Financial Allocation:** The scheme has been allocated a budget of **Rs 1,031.19 crore** for a **period of five years (2024-2029).**
- Beneficiaries:** The scheme is expected to benefit approximately 3,73,928 farmers, including women self-help groups (WSHG).
- Production Boost:** The implementation of the scheme is expected to lead to an additional production of about 95.98 million tonnes of meat

per year and 5.5 lakh eggs per day.

Debalaya Yojana

Context

- The Odisha government has introduced the **Debalaya Yojana**.

About Debalaya Yojana

- Debalaya Yojana** is a comprehensive initiative aimed at preserving and improving the operational efficiency of temples and mutts across the state. This scheme addresses the challenges related to maintenance, security, and management faced by these religious institutions.

Key Objectives of the Scheme

- Preserve and restore** temples and mutts.
- Enhance security** measures at these cultural landmarks.
- Improve operational management** and address longstanding issues in their functioning.

Evolution of Heritage Initiatives

- The **Debalaya Yojana** builds on the legacy of previous programs, such as the **Augmentation of Basic Amenities and Development of Heritage and Architecture (ABADHA)**, which focused primarily on repair work.
- Unlike ABADHA, Debalaya aims to offer a more holistic solution, incorporating **repair, restoration, security, and management** improvements.

Financial Support and Allocation

- The Odisha government currently provides annual financial assistance of **5 to 7 crore rupees** for around **5,000 temples**.
- Under **Debalaya Yojana**, funding will increase significantly, with **10 to 12 crore rupees** allocated annually for approximately **18,000 temples**.

Subhadra Yojana

Context

- The Odisha state government disbursed the third phase of the first instalment of Rs 5,000 each to over 20 lakh women as part of the Subhadra Yojana.

Details

- Subhadra Yojana** was launched on **September 17, 2024**, coinciding with PM Narendra Modi's 74th birthday.

Purpose:

- Aimed at providing direct financial assistance to women beneficiaries in Odisha, aged **21 to 60 years**, to enhance their financial independence and support socio-economic empowerment.

Beneficiary Details:

- Annual Assistance:** ₹10,000 per year in two

instalments of ₹5,000 each, disbursed on: **Rakhi Purnima (August)** and **International Women's Day (March 8)**.

Exclusions:

- Economically well-off families, government employees, income-tax payees.
- Women receiving **₹1,500/month or more** under other government schemes.

Implementation Mechanism

- **Direct Benefit Transfer (DBT):** Funds deposited into Aadhaar-enabled single-holder bank accounts.
- **Subhadra Debit Card:** Issued to beneficiaries for ease of transactions.
- **Incentives for Digital Transactions:** Top 100 women in each gram panchayat/urban area with maximum digital transactions receive an additional ₹500.

Gomata Scheme

Context:

- The Odisha Cabinet has approved Rs 342.65 crore for the **Goal for Management and Treatment of Animals (Gomata)** Scheme.
- The scheme will be implemented over three years to support livestock farmers.

Objectives:

- Provide veterinary services to livestock farmers.
- Focus on treatment, vaccination, disease control, and surveillance.
- Vaccinate 2.5 crore livestock and treat 1.3 crore livestock annually.

Poultry Development Sub-Scheme:

- Part of the **Prani Sampad Samruddhi Yojana** with an outlay of Rs 1,031.19 crore.
- To be implemented over five years, starting from 2024-25.
- Expected to benefit 3,73,928 farmers, including women self-help groups.
- Projected increase in meat production: 95.98 million tonnes per year.
- Projected increase in egg production: 5.5 lakh eggs per day.

Key Features of GOMATA Scheme:

- **Veterinary Services:** Treatment, vaccination, disease control, and surveillance for livestock.
- **Door-to-Door Delivery:** Veterinary services will be provided through mobile veterinary units directly to farmers' doorsteps.
- **Vaccination and Treatment:** The scheme aims to vaccinate 2.5 crore livestock and treat 1.3 crore annually.
- **Support to Institutions:** Rs 31.35 crore will be allocated to support vaccine production and disease control institutions.
- **Mobile Veterinary Units:** Rs 60.77 crore will be

allocated for setting up mobile veterinary units to reach rural areas.

- **Livestock Healthcare:** Rs 220 crore will be invested in improving livestock healthcare services.
- **Block-Level Delivery:** Rs 30.52 crore will be used to strengthen livestock and animal husbandry programs at the block level.

Review of PM-Poshan Scheme by Odisha

Context

- The **School and Mass Education Department of Odisha** has formed a committee to review and enhance the implementation of the **Pradhan Mantri Poshan Shakti Nirman Yojana (PM POSHAN)**.

Details

- The committee, led by the state's nodal officer and comprising members from the **National Institute of Nutrition, World Food Programme, Health and Family Welfare department, and Director of Secondary Education, Odisha**, will evaluate the current provisions and suggest improvements for better implementation.
- Earlier this year, the state government increased the midday meal value by Rs 1 to promote nutrition and boost school attendance. The cost of meals for primary students was raised to Rs 6.90 and for upper primary students to Rs 9.82, benefiting around **43 lakh students** across **government and government-aided schools** in Odisha. Currently, over **45 lakh students** in **50,485 schools** receive cooked meals, including dishes like rice with dalma, soya bean curry, and egg curry as part of the program.

PM-POSHAN Scheme:

- The **Midday Meal Scheme**, now renamed **PM-POSHAN (Pradhan Mantri Poshan Shakti Nirman)** in September 2021, provides free meals to children in **government and government-aided schools**.
- Initially launched in **Tamil Nadu** in the 1960s, it became a nationwide programme in 2002, covering over **120 million children** across **1.27 million schools**.

Key Features:

- **Hot cooked meals** for students in **Classes I-VIII (2021-2026)**.
- **Tithi Bhojan:** **Community participation** for special meals on festivals.
- **Nutrition Gardens** in schools to enhance learning and nutrition.
- **Mandatory social audits** and **health monitoring (BMI, weight, hemoglobin)**.
- Focus on **anemia** and **supplementary nutrition** in **aspirational districts**.

- Involvement of local FPOs and Women Self Help Groups.
- Promotion of locally grown food and economic growth.
- Transition to Direct Benefit Transfer (DBT) for payments.

This centrally-sponsored scheme aims to improve nutrition and education outcomes for schoolchildren, especially in underserved regions.

OTHERS

All-Odisha Elephant Census 2024

Context

- The All-Odisha Elephant Census 2024 (winter) was released.

Key Findings:

- **Population Distribution:** Odisha is home to 2,103 elephants, comprising 474 males, 1,030 females, and 599 young elephants (juveniles and calves).
- **Gender Ratio Shift:** The male-to-female-to-young ratio changed to 1:1.83:1.08 from 1:2.17:1.25 in the summer census due to an increase in sub-adult males.
- **Inter-State Movements:** Significant migration from Jharkhand, West Bengal, Andhra Pradesh, and Chhattisgarh during winter.
- **Regional Concentrations:** Highest populations recorded in Dhenkanal (291), Keonjhar (160), Athagarh (124), and Deogarh (123). No evidence of elephants in 13 divisions, including Koraput, Jeypore, and Malkangiri.
- **Regional Trends:** Rising populations in Rourkela, Sambalpur, and Kalahandi; declines in Similipal North, Satkosia, and Rayagada due to seasonal movements.
- **Mortality:** 48 deaths reported since May 2024, underscoring the need for robust conservation measures.

Odisha's Ecosystem Services

Context

- Odisha's ecosystem services are valued at ₹36,890 crore (\$5 billion), highlighting the socio-economic importance of five million hectares of land commons, including forests and pastures.
- The study was conducted jointly by the Foundation for Ecological Security (FES), International Food Policy Research Institute (IFPRI), Federation University (Australia), and Common Grounds.

Threats to Land Commons

- Degradation, overuse, inadequate management, and encroachments are critical threats to land commons.
- Degradation leads to biodiversity loss, soil erosion, water quality issues, and environmental challenges.

Economic Dependency and Vulnerability

- Odisha heavily relies on agricultural and natural resources, making it highly vulnerable to climate change impacts such as cyclones, floods, and droughts.
- A population of 36 million depends on these resources for sustenance and economic activities.

Land Commons and Ecosystem Services

- Odisha's land commons include forests, pastures, and uncultivated lands, offering key ecosystem services like food, water, raw materials, and climate regulation.

Valuation of Ecosystem Services

- Tangible benefits like food, water, and raw materials: ₹65,411/hectare/year.
- Climate regulation services (e.g., soil fertility, water purification): ₹60,698/hectare/year.
- Supporting services (soil formation, habitat provision): ₹24,078/hectare/year.
- Cultural services (spiritual, cognitive): ₹4,456/hectare/year.

Key Recommendations

- Legal and institutional reforms to ensure sustainable management of land commons.
- Community-based management practices to safeguard ecosystem services.
- Incorporating the economic value of land commons into policymaking and land acquisition processes for better resource protection.

Olive Ridley Sea Turtles

Context

- Every year, from November to March, Odisha's coastline becomes a vital nesting ground for Olive Ridley Sea Turtles.

Key Nesting Sites

- Chandipur (Parikhi, Hanskura, Chaumukh, Talpada) and Jaleswar (Talasari, Muralichadha, Kirtaniya).

Rising Nesting Statistics:

- 2020-21: 2 turtles, 305 hatchlings.
- 2023-24: 71 turtles, 5,463 hatchlings.

Olive Ridley

Aspect	Details
Scientific Name	<i>Lepidochelys olivacea</i>
Common Name	Olive Ridley Sea Turtle, Pacific Ridley Sea Turtle
Family	Cheloniidae
Size	Carapace length ~61 cm (2 ft); Weight ~50 kg (110 lb)
Carapace Color	Olive green, heart-shaped, with 6–8 lateral scutes per side
Habitat	Warm and tropical waters of the Pacific, Indian, and Atlantic Oceans
Distribution	Circumtropical: Coasts of India, Arabia, Australia, New Zealand, Africa, and the Americas
Nesting Behavior	Arribadas: Mass synchronized nesting. Solitary nesting
Major Nesting Sites	Odisha (India), Mexico, Costa Rica
Reproduction	Females return to natal beaches. Conical nests ~1.5 ft deep
Diet	Omnivorous: Feeds on algae, jellyfish, shrimp, crabs, and small invertebrates
Threats	Habitat destruction; Pollution (e.g., pesticides, industrial discharge) Bycatch in fishing gear
Conservation Status	Endangered (IUCN Red List)
Legal Protections	All five sea turtle species in India are included in Schedule I of the Indian Wildlife Protection Act, 1972 . Listed in Appendix I of CITES , prohibiting international trade in turtle products.
Unique Features	Synchronised arribadas Variable lateral scute counts Paddle-like limbs with two anterior claws

Fishing Ban to protect Olive Ridley Turtles

Context

- To safeguard the nesting and hatching of Olive Ridley turtles, **Odisha has implemented a seven-month fishing restriction**.
- This includes a complete **ban on motorized boats and trawlers within a 20-kilometer radius of key nesting sites**.

Key Nesting Areas and Threats

- Primary Nesting Locations:** The turtles primarily

nest along the beaches of Devi River, Rushikulya estuary, and Gahirmatha Marine Sanctuary.

- Threats from Fishing Activities:** The fishing operations during the turtles' nesting season pose significant threats, such as accidental entanglement in nets and disruption of nesting grounds.

Restrictions

- Puri District Alert:** In Puri, especially around the Devi River estuary, the Fisheries Department has warned trawler operators of legal consequences for violations.
- No-Fishing Zone in Kendrapada**
- Gahirmatha Marine Sanctuary:** A year-round no-fishing zone in Kendrapada is further enforced with extended seasonal restrictions, covering the entire 20-kilometer coastline.
- Protection Efforts:** The Rajnagar Wildlife Division has set up 14 turtle protection camps.

Fluctuations in Turtle Numbers

- Historical Nesting Data:** Turtle nesting numbers fluctuate significantly from year to year, with some years seeing a sharp decline:
 - ✓ 2016-17: 9.75 lakh turtles.
 - ✓ 2017-18: 11.10 lakh turtles.
 - ✓ 2018-19: 4.51 lakh turtles.
 - ✓ 2021-22: 10.51 lakh turtles.
- Environmental Concerns:** Factors such as climate change, pollution, and illegal fishing practices are contributing to these fluctuations, demanding urgent conservation measures.

Gandhamardan Hills

Context

- The Odisha state government dismissed allegations that it plans to permit bauxite mining in the ecologically sensitive **Gandhamardan Hills**.

Gandhamardan Hills

- Location:** Between Bolangir and Bargarh districts, Odisha.
- Ecological Significance:** Known for rich biodiversity and medicinal plants (220 species).
- Medicinal Value:** Plants like *Rauvolfia serpentina* and *Plumbago zeylanica* are found here.
- Traditional Healthcare:** 100+ practitioners serve 50,000 tribal people.
- Economic Role:** Local communities supply herbs to companies like Dabur and Zandu.
- Conservation:** Local communities have protected the region from corporate exploitation, preserving its biodiversity.

59th All India Conference of Director Generals/Inspector Generals of Police 2024

Context

- The **59th All India Conference of Director**

Generals/Inspector Generals of Police (DGsP/IGsP) is being held from Nov 29 to Dec 1, at the State Convention Centre, Lok Seva Bhawan, Bhubaneswar, Odisha.

Themes and Focus Areas:

- Cyber Crime and Technology in Policing, Counter-Terrorism and Left-Wing Extremism, Prison Reforms and Coastal Security, Roadmap for implementing new **Criminal Laws**.

Inception of the Conference:

- Organized first by the **Intelligence Bureau (IB)** in 1920.
- Post-independence, the first conference was inaugurated by **Sardar Vallabhbhai Patel** on **January 12, 1950**.

Evolution:

- Initially a biennial event, it became an annual meeting in 1973 for heads of state and central police organizations.

Potato Production in Odisha

Context

- **Potato prices** increased marginally in **Odisha** during the last two days as **West Bengal** has imposed restrictions on the supply of kitchen essentials to the state.

Potato Production in Odisha

- Odisha’s **potato production** is just **3 lakh MT** annually, far below its **demand of 13 lakh MT**.
- Regions like **Kandhamal, Koraput, and Kalahandi** contribute most of the state’s production, forcing **Odisha to import 90%** of its supply.

Persistent Crisis and Initiatives

- Despite efforts to become **potato-surplus** in 2015, Odisha missed its targets.
- Cultivated area increased marginally to **25,000 hectares** by 2020-21, with production rising slightly to **3.09 lakh MT**.
- Key hurdles include **inadequate cold storage**—only **36 functional** out of **133**—and **weak market linkages**, causing farmer distress.

Further Details

- **West Bengal**, producing **23.51% of India’s potatoes**, is a crucial supplier for Odisha, which produces only **3 lakh metric tons (MT)** annually against a **demand of 13 lakh MT**.
- Odisha’s earlier attempts to achieve **potato self-sufficiency** through the **2015 Potato Mission** faltered due to **inadequate cold storage** and **poor market linkages**. Currently, only **36 of 133 cold storage units** in the state are operational.
- To address the crisis, the **Odisha government** is procuring potatoes from **Uttar Pradesh** via **NAFED** to supply them at **₹30/kg** in select cities, aiming to stabilize **prices** and ease **public distress**.

Indian Production of POTATO

Odisha's Centre for Elephant Conservation

Context

- Odisha has approved the establishment of the **Centre for Species Survival (CSS) of Asian Elephants near Bhubaneswar**, aimed at boosting elephant conservation in South and Southeast Asia.

Collaboration

- The centre, **located in Chandaka wildlife division**, is a partnership between Odisha's Forest department, International Union for Conservation of Nature -SSC, and Wildlife Trust of India.

Conservation Goals

- Enhance protection of Asian elephants in 13 countries.
- Address key challenges like elephant corridors, human-wildlife conflict, and training forest staff.
- Integrate scientific and cultural knowledge for broader conservation efforts.

Management Structure

- A seven-member governing council, led by the PCCF (wildlife), will oversee the centre's operations.
- Note:** PCCF stands for Principal Chief Conservator of Forests, which is the highest rank in the Indian Forest Service (IFS) for an officer in a state. The PCCF is also known as the Head of Forest Force (HoFF).

Chandaka Dampara Wildlife Sanctuary

The **Chandaka Dampara Wildlife Sanctuary**, established in 1982, covers 193 sq km in Odisha's **Khurda** and **Cuttack** districts, strategically located near **Bhubaneswar**. The sanctuary features diverse habitats, including moist deciduous forests, bamboo groves, and medicinal plants. It is home to a rich variety of wildlife, such as the **Indian Elephant, Indian Leopard, Spotted Deer, and Wild Boar**. Additionally, its avian biodiversity attracts birdwatchers with numerous bird species, making it a prominent conservation area.

Indian Navy Day celebrations in Puri

Context

- On **December 4, 2024**, the **Indian Navy** will celebrate **Navy Day** at the **Blue Flag Beach of Puri, Odisha**.

Details

- This year's theme, "**Operational Demonstration**" (or **Op Demo**), highlights the **Indian Navy's connection to Odisha's maritime legacy** and celebrates the Navy's success in the **1971 Indo-Pak war**.
- This event is a momentous occasion for **Odisha** and will serve as a reminder of India's enduring maritime power and rich naval heritage.

Dr. Harekrushna Mahatab's 125th Birth Anniversary

Context

- The **Odisha government** has declared a year of celebrations to honor the **125th birth anniversary of Dr. Harekrushna Mahatab**, a prominent **former Chief Minister and icon of Odisha**.

Harekrushna Mahatab: A Legacy of Freedom and Nationalism

- Mahatab**, a freedom fighter and prolific writer, was born on **November 21, 1899**, in **Agarapada, Bhadrak district**.
- As a **leader of the Utkal Sammilani**, Mahatab was instrumental in campaigning for a **separate Odisha province**.
- A strong proponent of **Mahatma Gandhi's Non-Cooperation Movement**, he was repeatedly **imprisoned by the British** for his role in the

freedom struggle.

Political Contributions:

- Mahatab served as the **Prime Minister of Odisha (1946-1950)** and **Chief Minister (1956-1961)**, playing a key role in integrating 26 Odia-speaking princely states and shifting the capital from **Cuttack to Bhubaneswar**.
- His leadership also spearheaded **major infrastructure projects** like the **Hirakud Dam** on the **Mahanadi River**.

Rebellion and Later Years:

- In **1966**, Mahatab parted ways with the **Indian National Congress** due to policy differences with **Indira Gandhi** and founded the **Orissa Jana Congress**.
- He was **imprisoned in 1976** for opposing **Indira Gandhi's Emergency** and later retired from active politics in 1977. Mahatab passed away on **January 2, 1987**.

Odisha Public Examinations (Prevention of Unfair Means) Bill, 2024

Context

- Odisha has approved the **Odisha Public Examinations (Prevention of Unfair Means) Bill, 2024**. This draft bill aims to impose stricter punishments and make public examinations more transparent and credible.

Background

- The proposed bill comes after the **Orissa Conduct of Examinations Act of 1988**, which had much milder punishments (three months imprisonment and ₹500 fine).

- The new bill is designed to enhance deterrence against **unfair means** in public exams and ensure fair selection processes for **public service** and **education**.

Key Provisions of the Bill

Punishments for Offenses:

- Imprisonment:** Ranging from **3 to 5 years** for various examination-related malpractices.
- Fine:** Up to **₹10 lakh** for offenders.
- Offenses such as **impersonation, cheating, exam disruption, and leakage of exam information** will be treated as **non-bailable** and **non-compoundable**.

Coverage:

- The bill applies to examinations conducted by key bodies like:
 - Odisha Public Service Commission (OPSC)
 - Odisha Staff Selection Commission (OSSC)
 - Odisha Subordinate Staff Selection Commission (OSSSC)
 - Odisha Police Selection Board
 - Odisha Joint Entrance Examination (OJEE) and other state-level recruitment agencies.

Service Provider Accountability:

- Service providers found guilty of aiding malpractices will face fines up to **₹1 crore**.
- Additional punishments for service providers who fail to pay fines, including **imprisonment**.

Significance of the Bill

- The bill's provisions are in line with the state's commitment to making public examinations more **transparent** and **accountable**. It also addresses gaps left by previous laws, ensuring a stronger framework for combating **exam malpractices** in the state.

Odisha Government reshuffles Bureaucracy: Key Changes in Portfolios

Context

- The **Odisha Government** has implemented a major reshuffle in the **bureaucracy**, with changes in the portfolios of **11 senior officers**.

Details

Name	Previous Position	New Role	Additional Charge
Chitra Arumugam	Special Secretary, Planning and Convergence	Principal Secretary, Labour and ESI	Principal Secretary, Science and Technology
Yamini Sarangi	Project Director, Odisha Adarsha Vidyalaya Sangathan	Commissioner, Commercial Taxes and GST	Special Secretary, Finance
Smita Rout	Additional Secretary, Finance	Project Director, Odisha Adarsha Vidyalaya Sangathan (replacing Yamini Sarangi)	

Two women died after consuming Mango Kernel Gruel in Odisha

Context

- In **Kandhamal, Odisha**, two women have died after allegedly consuming gruel made from **mango kernel**.
- The incident has raised concerns about the safety of using mango seed kernels in food preparations.

What is Mango Seed Kernel?

- Mango seed kernel is a by product of the **mango fruit canning industry**. It is extracted from the seed inside the mango fruit after the juice is processed or after the fruit is consumed. The kernels, which constitute about **15%** of the fruit's weight, are generally used in **animal feed**.

Mango Seed Kernel: Nutritional and Deleterious Factors

- Nutritional Value:** Mango seed kernels are a **poor source of protein** (6% CP), with a **Total Digestible Nutrient (TDN) content of 55%**.
- Deleterious Factors:** These kernels contain **5-6% tannins**, which can be harmful if consumed in excess. In animals, high tannin levels may affect growth and overall health, leading to concerns about its safety for human consumption.

Use in Animal Feed

- Mango seed kernels are commonly used in **animal feed** and can be safely incorporated into **concentrate mixtures** for **milch cattle** (up to 10%) and **growing calves** (up to 40%).
- Ruminants**, such as cows and buffaloes, can tolerate **up to 50% mango kernel** in their feed without adverse effects.

Impact on Human Consumption

- While mango seed kernels are often used in **livestock feed**, their use in **human food** is not widely recognized as safe due to their **high tannin content** and potential for toxicity.
- The recent incident highlights the risks of **improper or unsafe use** of such kernels in food.

Sudhansu Mohan Samal	Additional Secretary, Water Resources	Managing Director (MD), Odisha Mining Corporation (OMC)	
Indramani Tripathy		Labour Commissioner (replacing Vijay Amruta Kulange)	Additional Secretary, ST&SC Development, Minorities, and Backward Classes Welfare Department
Trilochan Majhi	Additional Secretary, Revenue and Disaster Management Department	Additional Secretary, Home Department	
Satyabrata Rout	Additional Secretary, Finance Department	Additional Secretary, Works Department	

Business Opportunities & FDI in Odisha

- **Largest producer of iron ore, bauxite, aluminum, steel and stainless steel** in the country.
- **Odisha** is considered as a hub for **mineral-based industries** due to its large **mineral deposits**.
- **Odisha** is recognized as an “Aspirer” among the coastal states by DPIIT in **Logistics Ease (LEADS 2023)**.
- With a coastline of **480 km**, **Odisha** is located on the east coast of **India** along the **Bay of Bengal**.
- The state is served by **2 ports** – **Paradip** and **Dhamra**, **10,000 km** of highway road network, and **2,500 km** of railway network.
- **Power surplus state** with over **17,600 MW** of power production. **Odisha's NTPC Talcher Kaniha (3000 MW)** is the best-performing **thermal power plant** with **94.2% Plant Load Factor**.
- **NTPC Talcher TPP, St - III (2x660 MW)** has about **1,320 MW** of capacity under construction.
- A first-of-its-kind **Single Window Portal** called **Government of Odisha - Single Window for Investor Facilitation and Tracking (GO SWIFT)** has been introduced covering the complete life cycle of **industrial projects** for **time-bound** and **hassle-free investment** in the State.
- **Odisha Skill Development Authority** is a dedicated authority to facilitate **skill development** in accordance with the needs of the **industries**.
- The state has the highest percentage of **Chromite, Iolite, Bauxite, and Iron Ore** mineral deposits in **India**.

Odisha government amendments: Odisha Universities Act, 1989 & Industrial Policy Resolution (IPR), 2015

Context

- The Odisha Cabinet approved amendments to the Odisha Universities Act, 1989, and the Industrial Policy Resolution (IPR), 2015, to enhance university autonomy and streamline industrial incentives.

Amendment to Odisha Universities Act, 1989:

- **Objective:** To address the challenges faced by universities and improve their **academic excellence, governance, and administrative efficiency**.

Key Changes:

- **Recruitment Process:** Streamlining recruitment to eliminate delays caused by **court cases**, ensuring timely appointment of teachers.
- **University Autonomy:** Granting universities more **autonomy** in decision-making while maintaining **accountability**.
- **Increased Academic Involvement:** Greater role for **academic professionals** in decision-making processes.
- **Reintroduction of Senate:** Formation of key committees such as the **Senate, Building and Works Committee, and Finance Committee**.
- **NEP Integration:** Incorporating aspects of the **National Education Policy (NEP)**, focusing on **multi-disciplinary education, skill development, and distance learning** to enhance **employability**.

Amendment to Industrial Policy Resolution (IPR), 2015:

- **Objective:** To enable **eligible investors** to claim **incentives** efficiently and align IPR with **sectoral policies** for smooth incentive administration.

Key Changes:

- **Extended Timeline for Claim Submission:** Investors now have **two years** (instead of one) to submit their claims, a change prompted by **COVID-19** disruptions and **lack of awareness** about incentive eligibility.
- **Delay Condonation:** Delays beyond the two-year timeline can be condoned at the **Chief Secretary's** level, based on valid reasons.
- **One-Time Relaxation:** Investors who had commenced **commercial production** but missed the deadline, but submitted applications by **June 30, 2023**, will still be considered for incentives.
- **Post-June 30, 2023 Submissions:** Will not be accepted, unless there are valid reasons for delay,

which may be considered by the Chief Secretary.

Odisha Food Processing Policy (OFPP) Amendment:

- The amendment ensures consistency between the IPR 2015 and OFPP 2016 policies, making activities like **oil expelling, solvent extraction, refining of oil, and packaged drinking water** eligible for incentives under both policies.
- The amendment in IPR 2015 will be **retrospective** from the date the change was made in OFPP 2016 (August 18, 2020).

Odisha government increases Honorarium for living Padma Awardees

Context

- The Odisha government has announced an increase in the **monthly honorarium** for the state's **Padma award recipients** who are still alive, raising it from **₹25,000 to ₹30,000**.
- The decision was made to support the 55 living Padma awardees from Odisha, with a total of **₹2 crore** allocated for their remuneration.

Key Details:

- **Honorarium Increase:** The monthly honorarium for the 55 Padma awardees will be **raised to ₹30,000** from the previous **₹25,000**.
- **Financial Commitment:** The Odisha government will spend **₹2 crore** annually to support these awardees.
- **Historical Context:** The initiative to provide a monthly honorarium to Padma awardees was introduced in **June 2019** after **Padma Shri awardee Daitari Naik**, a 75-year-old tribal farmer from **Keonjhar district**, expressed concerns over financial hardships after receiving the Padma Shri award. Naik mentioned that people were hesitant to engage him as a daily laborer due to his award, leading him to consider selling his medal.

Significance:

- **Padma Awardees in Odisha:** Odisha has **over 150 Padma awardees**, with **55 still alive**. Many of these awardees face financial difficulties due to meagre incomes, despite their significant contributions to society.
- **First Padma Awardee:** The first Padma awardee from Odisha was **Mahadeva Iyer Ganapati**, a civil engineer who contributed to key projects like the **Rourkela Steel Plant, Churchgate Railway Station, and Chittaranjan Locomotive Works**. He was honoured with the **Padma Bhushan** in 1954.
This increase in honorarium reflects the Odisha government's recognition of the valuable contributions made by these individuals and aims to provide them with better financial support.

Dongria Kondh Tribe

Context:

- The Dongria Kondh tribe of Odisha is facing food scarcity and has resorted to consuming gruel made from tamarind seeds and Salap tree stems due to a combination of climate change, deforestation, and government neglect.

About:

- **Location:** Niyamgiri Hills, Odisha.

Lifestyle:

- **Farming:** Shifting cultivation (millets, maize, vegetables).
- **Forest Products:** Gathering fruits, nuts, roots, and medicinal herbs.
- **Crafts:** Women weave textiles; men make baskets and tools.
- **Language:** Kui (Dravidian).
- **Beliefs:** Animistic, worshipping Niyam Raja, the god of the hills.

Odisha to become major Renewable Energy Hub

Context

- Union Minister for New and Renewable Energy, Pralhad Joshi, highlighted **Odisha's potential to become a leading renewable energy hub**.

Key Points:

- The state **has a solar energy potential of 140 GW and opportunities in green hydrogen, aided by its long** coastline and strong port infrastructure. Odisha will also explore the use of floating solar panels.

Solar Projects:

- 6,000 MW solar module manufacturing facility in Dhenkanal, ₹9,000 crore investment.
- 1,000 MW solar module and cell manufacturing in Khordha, ₹730 crore investment.

Odisha State Film Awards 2020-2022

Context

- At a special ceremony, Odisha Governor Raghuraj Das presented the State Film Awards for 2020, 2021, and 2022, recognizing outstanding contributions to the film industry.

Details

- **Lifetime Achievement Awards:** Ananta Mohapatra (2020), Srinivas Mohapatra (2021), Jayiram Samal (2022)
- **Best Film Awards:** 'Saheed Raghu Sardar' (2020), 'Pratiksha' & 'Dalchini' (2021), 'Daman' (2022)
- **Best Director Awards:** Rakesh Samal (2020), Suresh Patnaik (2021), Sudhansu Mohan Sahu (2022)
- **Best Actor Male:** Debashis Patra (2021), Ankit Kumar & Dipanwit Das Mohapatra (2021), Babushan Mohanty (2022)

- **Best Actor Female:** Kavya Keeran Shukla, Suryamayee Mohapatra, Lopamudra Mishra (2020-2022)
- **Best Tribal Film:** 'Dewa' (2022)
A five-member jury, led by director Sabyasachi Mohapatra, selected the winners.

Similipal Tiger Reserve

Context

- Zeenat, a tigress relocated from Maharashtra's Tadoba-Andhari Tiger Reserve (TATR), was successfully released into the core area of Odisha's Similipal Tiger Reserve (STR).

Similipal Tiger Reserve:

- **Name Origin:** Derived from the "Simul" (silk cotton) tree.
 - **Tiger Reserve:** Established in 1956.
 - **Project Tiger:** Included in 1973.
 - **Biosphere Reserve:** Designated in June 1994.
 - **UNESCO Biosphere Network:** Joined in 2009.
- **Location:** Situated in Mayurbhanj district, Odisha, at the easternmost point of the Eastern Ghats.
- **Vegetation:** Home to 96 species of orchids and 1,076 species of blooming plants. Features meadows, sal woods, dry deciduous hill forests, tropical moist deciduous forests, and tropical semi-evergreen forests.
- **Wildlife:** 304 bird species, 20 amphibians, 62 reptiles.
- **Notable wildlife:** Tigers, elephants, and a variety of other animals.
- **Tribes:** The Erengakharias and Mankidias tribes live in the reserve, practicing traditional agriculture and collecting wood and seeds.

RERA Projects in Odisha

Context

- The Odisha government has initiated steps to streamline the registration process for common areas in apartments and establish modalities for pre-RERA project registration.
- This is in line with the Real Estate (Regulation and Development) Act, 2016, and the Odisha Apartment (Ownership and Management) Act, 2023, aiming to protect homebuyers' interests.

About RERA Projects:

- **Mandatory Registration:** All real estate projects must be registered with RERA before sales.
- **Transparency:** Developers must disclose key project details such as timelines, pricing, and approvals.
- **Escrow Account:** Funds are secured in an escrow account to ensure timely project completion.
- **Consumer Redressal:** Homebuyers can file complaints against developers for delays or non-compliance.

- **Penalties:** Developers face penalties for failing to comply with RERA regulations.

Odisha's collaboration for Multilingual Governance

Context

- The Odisha government has partnered with the **Digital India Bhashini Division (DIBD)** to promote governance in regional languages using AI-powered translation tools.

Key Points:

- DIBD's translation API will be integrated into state platforms **for real-time, accurate multilingual service delivery. AI tools will capture regional dialects to improve translations.**
- The state will assess language needs, prioritize translations, and set up a state language mission for monitoring.

Digital India BHASHINI

- BHASHINI is an AI-driven platform aiming to empower citizens by connecting them to digital government services in their native languages, promoting digital inclusion & increasing online content in regional languages.

Key Features:

- **Bhasha Daan:** A crowd-sourcing initiative where citizens contribute language data to train AI models for various applications.
- **Collaboration:** Unites government, industry, academia, and startups to create an open language resource repository.
- **Digital Content:** Boosts Indian language content on the internet, especially in governance, science, and technology.

National Education Policy (NEP) 2020

Context

- Odisha gave his approval for implementation of the National Education Policy 2020 (NEP-2020) in the higher education sector in the State from the current academic year (2024-25).

National Education Policy (NEP) 2020

- **Universal Access:** Ensures access to quality education from pre-primary to Grade 12, with a focus on early childhood care (3-6 years).
- **New Pedagogical Structure:** Introduces a 5+3+3+4 structure for schooling, covering foundational, preparatory, middle, and secondary stages.
- **Curriculum Integration:** Blurs the lines between arts and sciences, vocational and academic streams.
- **Assessment Reform:** Establishes PARAKH for holistic evaluation and a new approach to board exams.
- **Inclusion:** Prioritizes disadvantaged groups, gender inclusion, and resource availability

through school complexes.

- **Vocational Education & GER Growth:** Promotes vocational education and aims to increase the Gross Enrolment Ratio (GER) in higher education to 50%.
- **Multidisciplinary Education:** Supports multiple entry/exit options and academic credit systems.
- **Teacher Training:** Introduces a 4-year integrated Bachelor of Education program and merit-based teacher recruitment.
- **Higher Education Reforms:** Restructures institutions into research universities, teaching universities, and degree-granting colleges.
- **Public Investment:** Aims for 6% GDP investment in education and ensures transparency in higher education.
- **Objectives:** Focuses on curriculum reforms, mother-tongue instruction, assessment changes, teacher management, and digital education.

Mahanadi

Context

- Mahanadi is gradually becoming sand-cast and the depth of its water at the river mouth is getting shallower.

Mahanadi River

- **Origin:** The Mahanadi originates in the highlands of Chhattisgarh and flows a total distance of 860 km before emptying into the Bay of Bengal.
- **States Traversed:** The river passes through Maharashtra, Chhattisgarh, and Jharkhand, draining a significant portion of the Indian peninsula.
- **Hirakud Dam:** The Hirakud Dam, located near Sambalpur, has two landmarks on either side: the Gandhi Minar and the Ashok Minar.
- **Physiographic Details:** It forms a vast delta with the Brahmani River, which includes the city of Cuttack.
- **Delta Region:** The delta is home to mangroves and supports rice cultivation, yielding significant agricultural output.
- **Basin Area:** The Mahanadi basin spans 141,589 sq. km, which is approximately 4.3% of India's total geographical area.
- **Surrounding Landforms:** **North:** Central India Hills; **South and East:** Eastern Ghats; **West:** Maikala Range.
- **States Covered:** The basin spans Madhya Pradesh, Orissa, Bihar, and Maharashtra.
- **Physiographic Regions:** **Northern Plateau:** Hilly terrain. **Eastern Ghats:** Hilly and forested region. **Coastal Plain:** Fertile delta area. **Central Table Land:** Interior region, traversed by the Mahanadi and its tributaries.
- **Soil Types:** Predominantly red and yellow soils,

mixed red and black soils, laterite soils, and deltaic soils.

- **Major Projects:** Hirakud Dam, Ravishankar Sagar, Dudhawa Reservoir, Sondur Reservoir, Hasdeo Bango, Tandula Reservoir.
- **Tributaries:** Seonath, Jonk, Hasdeo, Mand, Ib, Ong, Tel

Odisha engineer Nil Pradhan wins Rohini Nayar Prize

Context

- Nil Pradhan, a 28-year-old engineer from Odisha, has been awarded the prestigious Rohini Nayar Prize for Outstanding Contribution to Rural Development for his impactful work in promoting STEM education in rural India.

Details

- Odisha Engineer Nil Pradhan Wins Rohini Nayar Prize for Transforming Rural Education
- Nil Pradhan, an engineer from Odisha, has been awarded the prestigious Rohini Nayar Prize for Outstanding Contribution to Rural Development for his impactful work in promoting STEM education in rural India.

Innovations in Rural STEM Education

- Pradhan, co-founder of the Young Tinker Foundation, launched the innovative 'Tinker-on-Wheels' initiative, a mobile learning lab that brings hands-on experiences in robotics, 3D printing, and other STEM fields to underserved schools in Odisha, Telangana, and Tamil Nadu.
- **Impact:** Over 2.5 lakh students have benefited from this program since its inception.
- **Approach:** Mobile labs set up in school playgrounds overcome the infrastructural challenges of rural schools.

About the Rohini Nayar Prize

- Instituted by the Nayar Foundation for Social and Economic Purpose, the award honors individuals under 40 for exemplary contributions to rural development.
- **Prize Components:** ₹10 lakh cash award, a citation, and a trophy.
- **Legacy:** The prize commemorates economist Rohini Nayar, who significantly advanced rural development through her academic and advisory roles.

Food Corporation of India (FCI)

Context

- The Food Corporation of India (FCI) has launched a joint physical verification (PV) of paddy stocks in western Odisha's rice mills following reports of massive corruption in the recycling of custom milled rice (CMR) supplied to the Public Distribution System (PDS).

Food Corporation of India (FCI)

- The Food Corporation of India (FCI), established in 1965 under the Food Corporation Act, 1964, operates under the Ministry of Consumer Affairs, Food and Public Distribution.
- It is vital for India's food security, managing one of the country's largest supply chains.

Key Functions:

- Procurement: Procures wheat and rice at Minimum Support Prices (MSP) to ensure fair returns to farmers.
- Storage: Maintains operational and buffer stocks in warehouses and silos for PDS and emergencies.
- Distribution: Supplies food grains to states at Central Issue Prices (CIP) for the PDS and welfare schemes like Mid-Day Meals.
- Exports: Manages surplus grain exports as per government directives.

Odisha as India's Millet Hub

Context

- Odisha CM inaugurated the International Symposium on Shree Anna and Forgotten Foods.
- He announced plans to make Odisha the Millet Hub of India, with a focus on increasing production and consumption of millets.

About Millets (Shree Anna):

- Term "Shree Anna" coined by PM Modi; known as "Mother of All Grains".
- Nutrient-rich, gluten-free, and climate-resilient crops.
- Key varieties: Sorghum (Jowar), Pearl Millet (Bajra), Ragi, Foxtail Millet, Kodo Millet, etc.

Key Facts:

- 2018: National Year for Millets.
- 2023: International Year for Millets.
- Rajasthan: Top millet producer in India.

Ideal Growing Conditions:

- Soil: Sandy, loamy, with good drainage.
- Climate: Warm, arid to subtropical.
- Rainfall: 20-120 cm (varies by type).

Top Millet-Producing States:

- Rajasthan, Karnataka, Andhra Pradesh, Maharashtra, Tamil Nadu, and others.

Nutritional Benefits:

- Rich in iron, calcium, zinc, vitamins, and antioxidants.
- Aids in managing diabetes, anaemia, and boosts overall health.

Odisha's Efforts:

- Cultivation in 177 blocks, spearheaded by Koraput district.
- Recognition of women farmers as key contributors to millet production.

Janjatiya Gaurav Divas

Context

- Recently, the 150th birth anniversary of Bhagwan Birsa Munda was observed on Janjatiya Gaurav Divas.

Janjatiya Gaurav Divas

- Janjatiya Gaurav Divas is celebrated annually on November 15th, marking the birth anniversary of Bhagwan Birsa Munda, a revered tribal leader and freedom fighter.
- Since its inception in 2021, Janjatiya Gaurav Divas has brought attention to the overlooked contributions of tribal communities to India's freedom movement.
- Leaders like the Santhals, Bhils, Khasis, and Mizos spearheaded revolutionary uprisings.
- Birsa Munda's Ulgulan (Revolution) stands as a defining example of tribal defiance against British exploitation.

Pratyasa Ray wins 32nd Ekalabya Puraskar

Context

- Odisha's ace swimmer, Pratyasa Ray, was awarded the 32nd Ekalabya Puraskar for 2024.
- Pratyasa received a trophy, citation, and a cash prize of Rs 7 lakh for her exceptional achievements in swimming.

About Pratyasa Award

Institution and Management:

- Instituted by the Indian Metals Public Charitable Trust (IMPACT).
- Managed by Indian Metals and Ferro Alloys LTD, one of India's leading Ferro Alloys producers.

Inception:

- Established in 1993, Recognized as Odisha's premier sports award.

Purpose and Impact:

- Honors emerging sports talent from Odisha.
- Aims to inspire young athletes to pursue excellence.
- Encourages athletes to excel on both national and international platforms.

Backyard Poultry Farming

Context

- The Odisha government, in collaboration with a private organization, is launching an initiative to expand backyard poultry farming.

Details

- The initiative emphasizes the use of indigenous poultry breeds and scientific farming methods to enhance productivity and sustainability.
- It is aimed at empowering rural women and making them self-reliant.
- The initiative is already being implemented by 50

women in the Mayurbhanj and Keonjhar districts, showcasing its potential for success.

- Odisha, with 30 districts, has significant potential for further expansion of the model, which promotes sustainable farming practices.

Tara Tarini Temple

Context

- The Tara Tarini Temple went through a purification bath ritual, Mahasana, on November 8.

Location:

- The temple is situated in the Kumari Hills, Ganjam district, Odisha, around 28 km from Brahmapur city, on the banks of the Rushikulya River.

Odisha's achievements in the 5th National Water Awards 2023

Best State Award

- Odisha won the **first prize** in the **Best State** category of the 5th National Water Awards 2023.
- Uttar Pradesh secured the **second prize**, while Gujarat and Puducherry jointly won the **third position**.

Other Awards for Odisha

- **Best District (East Zone):** Balangir district was declared the winner in the East Zone.
- **Best Urban Local Body:** Puri secured the **second position**.
- **Best School/College:** Khairbani Ashram School, located in Baisinga, Mayurbhanj district, achieved the **third position**.

National Water Awards (NWAs)

- **Launched:** 2018 by the Department of Water Resources, River Development, and Ganga Rejuvenation (DoWR, RD & GR).
- **Objective:** Recognize and encourage exemplary work in water conservation and management to achieve the vision of 'Jal Samridh Bharat'.
- **Purpose:** Sensitize the public about water conservation; promote adoption of best water usage practices; encourage a holistic approach to water resource management - surface & groundwater.

Award Categories and Eligibility

Category	Eligible Entities	Category	Eligible Entities
Best State	State Governments/UTs	Best Institution	Institutions/RWAs/Religious Organizations
Best District	District Administration (DM/DC)	Best Industry	Small/Medium/Large Industries
Best Village Panchayat	Village Panchayats	Best Civil Society	NGOs and Civil Societies
Best Urban Local Body	Urban Local Bodies	Best Water User Association	Water User Associations
Best School / College	Schools/Colleges		

Award Components

- **Trophy & Citation:** For categories such as Best State and Best District.
- **Cash Prizes:** For other categories, ranging from ₹2 lakhs (1st Prize) to ₹1 lakh (3rd Prize).

Key Railway and Development Projects in Mayurbhanj

Context

- President Droupadi Murmu laid the foundation for several significant projects aiming to improve regional connectivity and ease communication

challenges.

Railway Projects

- **Bangiriposi-Gorumahisani New Line**
- **Budhamara-Chakulia New Line**
 - Coverage: Mayurbhanj district in Odisha and East Singhbhum in Jharkhand.
- **Badampahar-Keonjhar New Line**

- Coverage: Mayurbhanj and Keonjhar districts.

AI to eliminate 'Katni-Chhatni' woes of Odisha farmers

Context

- The Odisha government is set to deploy **AI-based automated foodgrain analyzers** at paddy procurement centres to address the longstanding issue of 'Katni-Chhatni'.

What is Katni-Chhatni'?

- 'Katni-Chhatni', a practice where farmers face deductions in the support price for their produce based on alleged quality deficiencies.

Key Features of the Initiative:

- **AI Assessment:** Enables accurate evaluation of paddy quality, eliminating manual errors and biases.
- **Enhanced Fairness:** Ensures **Fair Average Quality (FAQ)** standards are upheld, preventing undue price deductions due to husk, moisture, or discoloured grains.

Benefits for Farmers:

- **Transparency:** AI removes scope for manipulation by rice millers and officials.
- **Efficiency:** Faster and precise sampling process boosts procurement speed.
- **Better Price Realization:** Non-FAQ produce can be standardized, ensuring farmers receive appropriate compensation.

Conclusion

- The state aims to procure **71 lakh tonnes of paddy** in the **2024-25 kharif marketing season**, with plans to scale AI integration across all procurement centres in subsequent phases.
- This move is expected to revolutionize grain procurement, enhancing trust and ensuring equitable treatment for farmers in Odisha.

Odia Lipi: A Revolutionary Typing Tool for Odia Language

Context

- The **Odia Virtual Academy**, under the Culture Department of Odisha, has introduced **Odia Lipi**, a state-of-the-art **Unicode-based typing tool** designed to make Odia typing seamless, tech-friendly, and error-free.

What is Odia Lipi?

- **Odia Lipi**, is a state-of-the-art **Unicode-based typing tool** designed to make Odia typing seamless, tech-friendly, and error-free.

Key Features:

- **Unicode Fonts:** Supports universal compatibility across Windows, Mac, iOS, Linux and Android, unlike outdated 8-bit fonts.
- **Comprehensive Character Map:** Includes the

entire Odia alphabet from *Barnabodha*, along with numerals, *matras*, *phalas*, and conjuncts.

- **Four Keyboard Layouts:** Offers phonetic, typewriter, in-script, and easy options for user convenience.
- **Predictive Text:** Suggests words while typing to enhance speed and accuracy.

Advantages:

- Eliminates errors caused by incorrect characters and formatting.
- Promotes ease of information exchange in Odia across platforms.
- Facilitates effortless typing with English-aligned phonetic keyboards.

Further Details

- The tool can be downloaded for free from the **Odia Virtual Academy website**. Additionally, the academy has launched a similar free keyboard for the **Santali language**, supporting linguistic inclusivity.
- This initiative is a significant step towards enhancing the usability of Odia as a **tech-friendly classical language** in the digital era.

Groundwater Extraction in Odisha

Context

- **Odisha's groundwater extraction has surged by 18% over the last decade**, rising to 48.23% in 2024 from 30% in 2013, according to the **draft Ground Water Resource Assessment-2024**.

Key Findings:

Groundwater Usage:

- **Safe Stage:** 299 out of 314 blocks remain under safe extraction levels (<70%).
- **Critical Zones:** 9 blocks fall under the semi-critical category (>70% extraction), while 6 blocks have fully saline groundwater.

Improved Groundwater Conditions:

- **Baliapal:** Extraction reduced from 88.52% to 83.19%.
- **Korei:** Extraction dropped from 84.02% to 76.52%.
- **Jharsuguda:** Levels improved from 72.56% to 70.85%.

Groundwater Recharge:

- Despite reduced rainfall, total recharge increased to **17.46 BCM** in 2023-24, up from 17.35 BCM in 2022-23, indicating recharge from alternative sources.

Usage Statistics:

- **Irrigation:** 6.28 BCM. **Domestic Use:** 1.26 BCM. **Industrial Use:** 0.19 BCM.
- **Net Availability:** 8.26 BCM remains available for future use.

Management Measures:

- The **Central Ground Water Board (CGWB)**, through the **NAQUIM 2.0 study**, recommended

targeted management in:

- Water-stressed areas of Bolagarh (Khurda) and Nayagarh blocks.
- Urban and peri-urban regions of Sambalpur.
- Industrial clusters in Jharsuguda and Sambalpur.
- Balasore Sadar and Remuna blocks in Balasore district.
- This rising trend in groundwater extraction underscores the need for **sustainable water management strategies** to mitigate future water stress.

Udayagiri and Khandagiri Caves

Context

- The Orissa High Court has directed the Archaeological Survey of India (ASI) to issue fresh notices to the unauthorized occupants in and around cave numbers 8, 9, and 11 at Khandagiri.

Udayagiri and Khandagiri Caves: Odisha's Ancient Heritage

- The **Udayagiri and Khandagiri Caves**, located 3 km south of Bhubaneswar, Odisha, are a blend of natural and man-made architectural wonders dating back to the **1st century BCE**.
- Historically significant and of great archaeological importance, these caves served as residential retreats for Jain monks during the reign of **King Kharavela**.

Key Features:

- **Cave Count:**
 - **Udayagiri:** 18 caves, including the renowned **Rani Gumpha, Hathi Gumpha, and Ganesha Gumpha**.
 - **Khandagiri:** 15 caves, with the **Ananta Gumpha** known for its intricate carvings.
- **Architectural Highlights:**
 - **Rani Gumpha:** A double-storied cave adorned with sculptures depicting royal victories, elephants, women, and musicians.
 - **Hathi Gumpha Inscription:** Provides insights into King Kharavela's reign.

Historical and Cultural Relevance:

- The caves, referred to as "**leṇa**" in inscriptions, showcase Jain religious motifs and royal depictions.
- Recognized as a "**Must See Indian Heritage Site**" and listed under **Adarsh Smarak Monuments** by the Archaeological Survey of India (ASI).

Odisha Supplementary Budget

Context

- Chief Minister Mohan Majhi presented a **supplementary budget of Rs 12,156 crore** in the Odisha Assembly, adding to the **Rs 2.65 lakh crore** annual budget announced in July.

- The supplementary budget aims to address public welfare needs while maintaining fiscal discipline.

Key Allocations:

- **Subhadra Yojana:** An additional **Rs 1,196 crore** has been allocated to this flagship **women's cash incentive scheme**, bringing the total outlay to **Rs 11,196 crore**. Under the scheme, **eligible women** receive **Rs 10,000 annually** in two instalments. The government plans to reach **1 crore women** this financial year to disburse the first instalment.
- **Pravasi Bharatiya Divas:** The government has earmarked **Rs 125 crore** for the event, which will be held in **Bhubaneswar** from **January 8-10**. This marks the first time Odisha will host this prominent gathering.
- **Gopabandhu Jana Arogya Yojana:** The state's healthcare programme received an additional **Rs 644 crore**, increasing its total allocation to **Rs 6,094 crore** (inclusive of the **Rs 5,450 crore** from the annual budget).

Fiscal Management:

- The supplementary budget is **FRBM (Fiscal Responsibility and Budget Management) compliant**, with projections to maintain a **revenue surplus** and contain the **fiscal deficit** at around **3% of the GSDP**.
- **Funding Sources:** The supplementary provision will be financed through **Rs 3,236 crore** in tied-up resources, with the remaining covered by **additional revenue collection and savings**.
- **Debt-to-GSDP Ratio:** As of October, Odisha's **debt-to-GSDP ratio** stands at **10.12%**, well within the mandated limit of **25%**.
- The budget includes **Rs 10,155 crore** for **programme expenditure** and **Rs 1,685 crore** for **administrative expenditure**, reflecting the state's focus on development and welfare initiatives.

Project URMI

Context

- Utkal Alumina International Ltd (UAIL) has launched **Project URMI** to improve healthcare in the Kashipur block of Rayagada and Thuamul Rampur of Kalahandi district in Odisha.
- Over the next three years, the initiative will benefit more than **5,000 people** across **40 villages** in these areas.

Details

Project Focus and Goals

- Project URMI primarily focuses on enhancing healthcare, hygiene, and life skills, with a special emphasis on: **Adolescent girls, Mothers, Pregnant women.**
- Key targets of the project include: **100% institutional deliveries, Complete immunisation coverage, Universal menstrual hygiene practices**

- To achieve these goals, the project will also focus on **capacity-building** for: **ASHA workers, Anganwadi workers, Health staff**

Progress and Achievements

- Within the first 6 months, the project has made notable progress: **40 adolescent clubs** have been established, **902 adolescent girls** and **582 infants** have been enrolled. **247 institutional deliveries** have been facilitated.

Sportslogon Player of the Year Award 2024

Context

- Javelin sensation of Odisha and Asian Games silver medallist **Kishore Kumar Jena** was honoured with the **Sportslogon Player of the Year** award at a ceremony held at **Kalinga Stadium**.

Details

- Kishore, aged 29, had earlier secured a top-five position at the **World Athletics Championship** in **Budapest**.

Other Awardees and Achievements

- Suchitra Parida**, a para-athlete, was awarded the **Emerging Player of the Year** award. Suchitra set a new **national record** in the javelin throw in 2024.
- Shuvendu Panda**, a football coach, received the **Coach of the Year** award for his exceptional guidance. Under his leadership, the **Indian national U-15, U-17, and U-19 football teams** brought home numerous accolades.
- Notably, the **U-19 team** won the **SAFF championship**, defeating Pakistan, while the **U-15 team** bagged a **bronze**.

Special Awards

- Mannata Mishra**, a rising swimming star, was honoured with the **Kumudini Krida Prativa Purakar** and a **cash award of Rs 15,000** for her promising performances.
- Dukhishyama Mallik**, a former volleyball player, received the **Player of the Bygone Era** award. The trophy and **Rs 25,000** cash award were presented to his daughter, **Asha Mallik**, on his behalf.

Odisha Current Affairs

NATIONAL

One Rank One Pension (OROP)

Context

- PM Modi celebrated OROP's 10th anniversary. (came into effect in 2014).

OROP Scheme

- Ensures equal pensions for same rank and service, regardless of retirement date.
- Pension based on 2013 retirees' average pension for the same rank.
- Arrears paid in half-yearly installments; family pensioners and gallantry awardees get one-time payment.
- Managed by **Defence Ministry**, revised every five years.

First Dry Port in Bihar

Context

- Bihar's first dry port was inaugurated at **Bihta**, near **Patna**.

Details:

- A **dry port** (or **inland container depot**) handles cargo storage and transportation, bridging sea/air ports with inland regions. It was crucial for Bihar, which produces **agro-based goods, garments** and **leather products** from diverse locations.

Digital India Common Service Centre (DICSC) Project

Context:

- The **Ministry of Electronics and Information Technology (MeitY)** has launched the **Digital India Common Service Centre (DICSC)** project.

Details

- Bridges the **digital divide** in rural India with e-governance, financial and commercial services.
- Provides services like **Aadhaar registration, banking, and tele-law** with high-speed broadband.
- Managed by **Common Services Centres e-Governance Services India Limited**.

Tulip Programme

Context

- The Union Minister for **Social Justice and Empowerment** launched the **TULIP (Traditional Artisans' Upliftment Livelihood Programme)**.

Details:

- About:** TULIP provides an e-platform for artisans from **SCs, OBCs, sanitation workers** and persons with disabilities to market their products.

Aim:

- Empower marginalized artisans** by offering

global exposure and facilitating sales through e-marketing.

PM e-Drive Scheme

Context

- The **PM E-DRIVE** Scheme was approved with a **Rs. 10,900 crores** outlay till **March 2026**.

Details:

- Aim:** Accelerate **electric vehicle (EV)** adoption, establish charging infrastructure and build a competitive EV manufacturing ecosystem.

Key Components:

- Subsidies:** Incentives for **e-2Ws, e-3Ws, e-ambulances, e-trucks**, and emerging EVs.
- Grants for Capital Assets:** Funding for **electric buses**, charging stations, and testing facility upgrades.
- Administrative Costs:** Includes funding for **IEC** activities and project management.

Samarth Scheme

Context:

- Samarth Scheme is **extended for 2 years (Till 2026)** with a **Rs. 495 Cr. Budget**.

About:

- Demand-driven, placement-oriented program by the Ministry of Textiles.
- Focuses on job creation in the textile sector (entire value chain **excluding Spinning and Weaving**).
- Offers upskilling/reskilling in **Apparel & Garmenting**. Till now, 3.27 lakh trained, with 79.5% employed (88.3% women).

PM Vishwakarma Scheme

Context:

- The **PM Vishwakarma Scheme** has received over **25 million** applications.

Details

- Launched in 2023**.
- Nodal Ministry:** Ministry of Micro, Small and Medium Enterprises.
- Type:** **Central Sector Scheme**, fully funded by the Government of India.

Objectives:

- Provides support to artisans across 18 trades, enabling them to sell products globally and strengthening the local economy by promoting traditional crafts.

Key Features:

- Recognition:** PM Vishwakarma certificate and ID card.
- Skill Upgradation:** Basic training (5-7 days) with **Rs. 500/day stipend**; Advanced training (15+ days)

with stipend.

- **Toolkit Incentive:** E-voucher of up to Rs. 15,000 for tools.
- **Credit Support:** Collateral-free loans up to Rs. 3 lakhs, with 5% concessional interest and 8% government subvention.
- **Marketing Support:** Quality certification, branding, e-commerce on boarding, and advertising for better market linkages.

PM YASASVI Scheme

Context:

- PM YASASVI empowers students to reach their potential and contribute to society.

About:

- **PM YASASVI** provides scholarships to students from **Other Backward Classes (OBC)**, **Economically Backward Classes (EBC)**, and **Denotified Tribes (DNT)** for quality education. It was launched by the **Ministry of Social Justice and Empowerment**. It integrates past scholarship schemes.
- **Selection:** Based on the **YASASVI Entrance Test (YET)** conducted by the **National Testing Agency (NTA)**.
- **Objectives:** Promotes **educational empowerment** and overcomes **financial barriers**. Supports growth from **school to higher education**. Empowers marginalized communities.

Section 6A of The Citizenship Act, 1955

Context

- The Supreme Court upheld **Section 6A** of the **Citizenship Act**.

About Section 6A:

- Based on the **Assam Accord (1985)**, it grants citizenship to migrants in Assam based on their entry before **January 1, 1966**, with limited rights for those arriving between **January 1, 1966**, and **March 24, 1971**.
- Migrants after **March 25, 1971**, are considered foreigners.

Pradhan Mantri Mudra Yojana (PMMY)

Context

- The government has doubled the loan limit under **PMMY** to **Rs. 20 lakhs** to boost entrepreneurship.

About PMMY:

- Launched in **2015**, to provide loans up to **Rs. 10 lakh** for small/micro enterprises.
- Aims for **financial inclusion** and support to marginalized groups.

Categories

- **Shishu:** Loans up to **Rs. 50,000**.
- **Kishore:** Loans **Rs. 50,000 to Rs. 5 lakh**.
- **Tarun:** Loans **Rs. 5 lakh to Rs. 10 lakh**.

Latest Developments:

- “**Tarun Plus**” category introduced for loans **Rs. 10 lakh to Rs. 20 lakh** for successful **Tarun** category borrowers.
- **Credit Guarantee Fund** coverage for loans up to **Rs. 20 lakh**.

Ude Desh Ka Aam Nagrik

Context:

- The **UDAN** scheme launched by Ministry of Civil Aviation completes **8 years** of implementation.

About UDAN:

- Launched in **2016** under India’s **National Civil Aviation Policy (NCAP)** to enhance regional connectivity.
- The scheme incentivizes airlines to connect remote and underserved regions by offering them support through **Viability Gap Funding (VGF)** and various concessions. It aims to improve infrastructure and connectivity. The **first UDAN flight** took off in **2017**, connecting **Shimla to New Delhi**.

Support Mechanisms:

- **Airport Operators** waive landing and parking charges.
- **Airports Authority of India (AAI)** exempts **Terminal Navigation Landing Charges (TNLC)**.
- **Excise duty** on Aviation Turbine Fuel (ATF) capped at **2%** for three years.
- States offer **reduced VAT** on ATF (**1% or less**) and provide essential services at reduced rates.

Lady Justice Statue

Context:

- The **Supreme Court of India** introduced a new **Lady Justice** statue in its judges’ library.

Details

- Designed by **Vinod Goswami**.
- Depicts a **saree-clad woman** holding **scales** and the **Constitution of India**, replacing the sword.
- The **absence of a blindfold** symbolizes that **law sees everyone equally**, highlighting **impartiality** and **equality** in justice.

Inter-State Council

Context

- Recently, the **Inter-State Council** was reconstituted.

About the Council:

- **Est:** It was formed in **1990** through a presidential order.
- **Formation:** It is based on the recommendations of **Sarkaria Commission**.
- **Objective:** To facilitate policy discussions and

promote collaboration between Union and states.

- **Composition:** **Chairperson:** Prime Minister.
Members: Chief Ministers of all states, Chief Ministers of Union Territories with legislatures, Administrators of Union Territories without legislatures and relevant Union Cabinet Ministers.

India's Gold Reserves

Context

- India's **gold reserves** total **854.73 metric tonnes**, as per a recent **Reserve Bank of India** report.

Key Details

- **Domestic Holdings:** **510.46 metric tonnes** within India.
- **Overseas Holdings:** **324.01 metric tonnes** stored with **Bank of England & Bank for International Settlements**.
- **Gold's Share:** Accounts for **9.32%** of India's total foreign exchange reserves, up from **8.15%** in March 2024.
- **Global Rank:** India ranks **8th** in the world for gold reserves, behind the United States, Germany, and Italy.

SC orders Liquidation of Jet Airways under Article 142

Plenary Powers under Article 142:

Key Provisions:

- **Part 1:** Grants the Supreme Court authority to issue any judgment or order necessary for ensuring complete justice in any case.
- **Part 2:** Empowers the Court to:
 - Ensure attendance of individuals.
 - Ensure the discovery and production of documents.
 - Investigate and punish contempt of court.

Judicial Activism:

- Article 142 allows the Court to bypass statutory limitations to achieve complete justice, even if it means taking actions beyond legislative restrictions.
- The Court can override laws, Acts, or orders if deemed necessary for justice.

INTERNATIONAL

Chabahar Port

Context

- India offered Chabahar Port in Iran to Afghan businesses during a recent meeting. Earlier, India signed a 10-year contract to develop and operate the port.

About Chabahar Port:

Location:

- On Iran's **Makran Coast**, near the Gulf of Oman and the Strait of Hormuz.
- **Only Iranian port** with direct access to the Indian Ocean.
- Close to Pakistan's **Gwadar Port** (170 km west).
- Closest Indian port: **Kandla** (550 nautical miles);

Components:

- Two terminals - **Shahid Kalantari** and **Shahid Beheshti**.

Strategic Importance:

- Part of the **International North-South Transport Corridor (INSTC)** linking Indian Ocean to Northern Europe.
- Enhances connectivity and trade routes for India, **bypassing Pakistan**.

Adaptation Gap Report 2024

Context

- Recently the Adaptation Gap Report 2024 titled "*Come Hell and High Water*" was released.

About the Report

- Published annually by **United Nations Environment Programme (UNEP)**. Started in **2014**.
- Assesses global progress on **climate adaptation efforts**. It highlights the **adaptation gap**: the mismatch between actual efforts and the required needs to mitigate climate risks.

4B Movement

Context

- Post-Trump's victory, the **4B Movement** gains momentum in the US, protesting patriarchy and misogyny by rejecting sex and marriage with men.

About:

- **Origin:** South Korea post-MeToo and **Escape the Corset** movements.
- **4B (Four Nos):** No dating, sex, marriage, or children with men.
- **Expanded to 6B4T:** Includes rejecting misogynistic firms, fandom culture, and male-gaze beauty standards.

QS World University Rankings

Context

- Recently the QS World University Rankings was released.

Details

- QS World University Rankings is a portfolio of comparative college and university rankings compiled by **Quacquarelli Symonds**, a higher education analytics firm. It was **first published in 2014**.

Key Indicators:

- Academic Reputation, Employer Reputation, Faculty-Student Ratio, and International Research Network.**

Indian Universities in 2024 ranking:

- Top 50:** IIT Delhi (44th), IIT Bombay (48th). **Top 100:** IIT Madras (56), IIT Kharagpur (60), IISc (62), IIT Kanpur (67), University of Delhi (81).

World Intellectual Property Report 2024

Context

- India entered the top 10 globally for patents, trademarks, and industrial designs, as per WIPO 2024.

Key Highlights:

- Patent Growth:** India saw a 15.7% rise in patent applications in 2023, leading the top 20 IP economies.
- Industrial Designs:** Applications increased by 36.4%, emphasizing creative sectors.
- Trademarks:** Ranked 4th globally, with a 6.1% rise in filings.

The World Intellectual Property Report (WIPIR) is a biennial analytical publication by the World Intellectual Property Organization, an agency of the United Nations. The report was first published in 2011.

Asset Recovery Interagency Network-Asia Pacific (ARIN-AP)

Context

- India, via the Directorate of Enforcement (ED), has joined the Steering Committee of ARIN-AP.

ARIN-AP:

- Includes 28 jurisdictions and 9 observers, focused on asset tracing, freezing and confiscation across borders.
- It facilitates intelligence-sharing for cross-border crime asset recovery.

- Part of the **Global CARIN Network**, targeting proceeds of crime in the Asia-Pacific.
- India is** set to assume **ARIN-AP presidency** in 2026. India will host the **Annual General Meeting**, enhancing its leadership in global asset recovery efforts.

International Solar Alliance

Context

- The 7th ISA Assembly was held in New Delhi, with India elected as president and France as co-president for the 2024-2026 term.

Key Facts about ISA:

- Launch:** Established in 2015 by India and France at COP21 in Paris.

Objectives:

- Achieve 1000 GW solar capacity by 2030.**
- Mobilize USD 1 trillion for solar investments.**
- Reduce solar energy costs through financial mechanisms.** -Mainstream solar energy globally.

Evolution:

- Initially for tropical countries, ISA expanded in 2020 to include all UN member states. **Over 110 countries** have signed the framework, with **90 full members**.
- Headquarters:** Located at the National Institute of Solar Energy (NISE), Gurugram, India.
- Director General:** Leads the Secretariat for a 4-year term.

Asian Buddhist Summit

Context

- The Ministry of Culture and International Buddhist Confederation (IBC) organized the First Asian Buddhist Summit (ABS).

Key Highlights:

- Theme:** 'Role of Buddha Dhamma in Strengthening Asia'.
- Participants:** Sangha leaders, scholars and practitioners from various Buddhist traditions across Asia.
- India's Act East Policy:** The summit aligns with India's policy for the collective and spiritual development of Asia, with Dhamma as the guiding light.

IBC is a Buddhist umbrella body with its base in New Delhi that serves as a common platform for Buddhists worldwide. IBC was started in 2010.

Fact Finder

Description	 UNDP	 ILO	 WORLD BANK	 UNFPA	 FAO
Formation	22nd November 1966	October 1919	1944	1967	1945

State Of Food and Agriculture 2024 Report

Context

- The Food and Agriculture Organisation of the United Nations released the **State of Food and Agriculture 2024** report.

Key Findings:

- True Cost Accounting:** Highlights hidden costs in agrifood system- environmental, health and social impacts.
- Global Hidden Costs:** It is estimated at **\$12 trillion annually**. Unhealthy diets contribute to **70%** of these costs.
- India's Position:** India's hidden costs are the **third largest** globally at **\$1.8 trillion**.

About the State of Food and Agriculture Report:

- An annual publication by the **Food and Agriculture Organisation** focusing on global food and agriculture systems.
- 2024** edition calls for more **inclusive, resilient, and sustainable** agrifood systems.

Comprehensive Nuclear-Test-Ban Treaty Organization

Context

- Iran's earthquakes (October 5, 2024) sparked nuclear test rumours; CTBTO confirmed natural causes.

About CTBTO:

- Enforces the **Comprehensive Nuclear Test Ban Treaty (CTBT)** to ban nuclear test explosions.
- HQ:** Vienna, Austria. **CTBT Status:** Signed by **183 nations**, ratified by **164**. Pending ratification by **8 Annex-2 states:** U.S., China, Iran, Egypt, Israel, India, Pakistan, North Korea.

Monitoring:

- International Monitoring System (IMS):** 300+ facilities in 89 countries using seismic, infrasound, hydroacoustic, and radionuclide tech to detect nuclear tests globally.

Fact Finder: Continent Wise Highest Mountain Peak

Blue Helmets

In News

- The world needs blue helmets to act with purpose, not remain passive.

About

- **Blue Helmets** are the United Nations peacekeeping forces, named after their distinctive helmets. First mission by these forces was launched in **1948** to monitor the Armistice Agreement between **Israel** and Arab countries.
- **Force Deployment** requires **consent** from conflicting parties and **UN Security Council** authorization.
- **UN peacekeeping forces** are formed on an **ad hoc basis** with personnel from member states as the **UN lacks a standing army**.

Core Principles:

- *Consent of the parties involved in the conflict.*
- *Impartiality: Peacekeepers must remain neutral.*
- *Non-use of force except in self-defense or to protect the mandate.*

Roles and responsibilities:

- Monitoring ceasefires, protecting civilians, disarming ex-combatants, supporting elections, promoting human rights and the rule of law.

Personnel:

- Approximately **81,820 active personnel** from over **120 countries**. **Bangladesh, Nepal, and India** are the top contributors.

SCIENCE & TECHNOLOGY

Aditya-L1 Mission

Context

- The first scientific result from the **Aditya-L1 mission** has been released.

About Aditya-L1 Mission:

- India's first dedicated mission to study the Sun, observing from **Lagrangian Point 1 (L1)**, where gravitational forces of the Sun and Earth are in equilibrium, allowing continuous, interference-free observations.

LignoSat: World's First Wooden Satellite

Context

- Japan has launched **LignoSat**, the first wooden satellite, to test wood as a space-grade material.

About LignoSat:

- Made from **honoki**, a Japanese magnolia, using traditional techniques without screws or glue.
- Developed by **Kyoto University** and **Sumitomo Forestry Co.**, it will orbit Earth for six months.
- It will study how wood handles **space's extreme conditions** and assess its potential to protect **semiconductors** from **space radiation**.

India meets WHO International Standards for Vaccine Regulations

Context

- The **World Health Organization (WHO)** has affirmed that India's **National Regulatory Authority (NRA)**, led by the **Central Drugs Standard Control Organisation (CDSCO)**, meets global benchmarks for a functional vaccine regulatory system. This follows a comprehensive review from September 16-20, 2024, using WHO's **Global Benchmarking Tool (GBT) Version VI**.

Details

- India retains **Maturity Level 3**, with the highest marks in several functions, reaffirming its role as a key player in global vaccine supply.
- The evaluation covered core regulatory areas like licensing, vigilance, market surveillance and clinical trial oversight.
- India's vaccine regulatory system ensures compliance with WHO standards, bolstering its reputation as a global vaccine supplier to over 150 countries.

Sun's Chromosphere

Context

- Astronomers have mapped the **differential rotation of the Sun's chromosphere** using 100 years of data from the **Kodaikanal Solar Observatory**.

Details

- The study shows that the Sun's equator rotates

faster (13.98°/day) than its poles (10.5°/day), offering insights into its magnetic field and solar activity.

- *Note: The chromosphere is a thin layer of plasma that lies between the Sun's visible surface (the photosphere) and the corona (the Sun's upper atmosphere). It extends for at least 2,000 km (1,200 mi.) above the surface.*

PSLV-37 Re-entry

Context

- PSLV-C37 re-entered Earth's atmosphere.

Details

- On 15 February 2017, the PSLV-C37 launched a record 104 satellites, including **Cartosat-2D** and other co-passenger satellites. This mission had set a world record for the most satellites launched by a single vehicle.
- On 6 October 2024, the upper stage (PS4) of PSLV-C37 re-entered Earth's atmosphere after its orbit decayed. The re-entry, predicted by **ISRO System for Safe and Sustainable Space Operations Management**, occurred in the North Atlantic Ocean.
- This timely re-entry complied with **international debris mitigation guidelines**, including the **Inter-Agency Space Debris Coordination Committee's** recommendation to limit defunct objects' orbital life to **25 years**.
- ISRO's proactive efforts to reduce the orbital lifetime of PSLV upper stages to under **5 years** and future controlled re-entries align with its **Debris Free Space Mission** target for 2030.

Compounded vs. Generic Drugs: In News

Aspect	Compounded Drugs	Generic Drugs
Definition	Customized medications prepared based on doctor's prescription	Medications with same active ingredients as brand-name drugs
Purpose	Tailored for individual needs (dose, form, ingredients)	Affordable alternatives after brand patent expires
Regulation	Not as widely regulated, but must meet quality standards	Strictly regulated by authorities, same standards as branded
Use Cases	Allergies, unique dosages, non-available forms	Chronic conditions (e.g., hypertension, diabetes)
Production	Prepared in specialized pharmacies or hospitals	Produced after patent expiry, sold under chemical name
Cost	Higher, based on customization	Lower, more affordable than branded drugs
Example in India	Available in hospitals or specialized pharmacies	Paracetamol (generic), sold as Crocin, Calpol
Global Role	Limited international production	India produces 20% of the world's generic drugs

Konark Wheel Replicas unveiled at Amrit Udyan

Context

- Four sandstone replicas of the Konark wheel at Rashtrapati Bhavan Cultural Centre and Amrit Udyan.

Details

- The **Konark Sun Temple** in Odisha (UNESCO World Heritage Site) symbolizes a chariot for the Sun god Surya. It was built in 1250 CE by King Narasimhadeva I. **Chandrabhaga Mela** is a major pilgrimage at the site.

- **24 wheels** in temple represent **time, months, and days of the week**; **seven horses** represent the days.
- Carvings include **foliage, birds, and medallions** with women. Spokes act as **sundials**.

SPADEX (Space Docking Experiment)

Context

- Ananth Technologies handed over two 400 kg

satellites to ISRO for the Space Docking Experiment.

Details

- SPADEX is an ISRO mission to develop technologies for orbital rendezvous, docking, and formation flying.
- It includes two 400 kg IMS class-2 satellites: one Chaser and one Target, launched together in different orbits.
- **Launch:** Scheduled for Mid-December 2024 from Satish Dhawan Space Centre aboard PSLV.
- SPADEX will support future missions like Chandrayaan-4, Bharatiya Antariksha Station, and Gaganyaan.

James Webb Space Telescope

Context

- James Webb Space Telescope (JWST) uncovered three massive galaxies, each 100 billion times the mass of our Sun.

James Webb Space Telescope (JWST)

- JWST, the **largest space telescope**, is designed for **infrared astronomy**. With a mirror 2.7 times larger than Hubble's, it captures distant, faint objects. Launched in 2021.

Atacama Large Millimetre/submillimeter Array (ALMA)

- ALMA, located in the Atacama Desert, Northern Chile consists of 66 telescopes observing millimetre and submillimeter wavelengths. Positioned at 5,000 m, Chajnantor plateau - it provides detailed insights into star and planet formation. It is a global collaboration between Europe, USA, Canada, Japan, South Korea, Taiwan, and Chile.

James Webb Space Telescope

Source: NASA

BBIC

Parker Solar Probe

Context

- NASA's Parker Solar Probe is preparing for a crucial final flyby of Venus.

About Parker Solar Probe (PSP)

- NASA's Parker Solar Probe (PSP), launched in 2018, is on a mission to study the Sun's outer corona.
- The Parker Solar Probe will approach the Sun within 9.86 solar radii and reach speeds of 690,000 km/h by 2025, making it the fastest object ever built.
- It is the **first NASA spacecraft named after a living person**, physicist Eugene Newman Parker.
- The probe will explore the Sun's corona, studying its structure, plasma dynamics, and magnetic fields. It will also investigate the solar wind and the processes that accelerate energetic particles.

Beaver Moon/ Supermoon

Context

- Beaver Moon, the last supermoon of 2024, occurred on November 15.

What is a Supermoon?

- A **supermoon** happens when the moon reaches its closest point to Earth, or **perigee**, in its elliptical orbit. This makes the moon appear **up to 14% larger** and **30% brighter** than an average full moon.

Industrial Alcohol

Context

- The Supreme Court in the U.P. vs. M/S. Lalta Prasad Vaish case held that states can tax both alcoholic beverages and industrial alcohol.

Regulation of Alcohol:

- The **Union Government** regulates industrial alcohol under the **Industries (Development and Regulation) Act, 1951**.

Seventh Schedule:

- **Entry 8 (State List):** States regulate intoxicating liquor.
- **Entry 52 (Union List):** Centre regulates industries for public interest.
- **Industrial Alcohol:** Ethanol (C₂H₅OH) with added impurities, unfit for human consumption.

Difference from Usable Alcohol:

- **Absolute Alcohol:** Pure ethanol, drinkable but caution required.
- **Denatured Alcohol:** Toxic, unfit for consumption due to additives like methanol.

Applications:

- **Absolute Alcohol:** Used in labs for sterilization and chemical extraction.
- **Denatured Alcohol:** Used in industry for fuel, solvents, but toxic for medical use.

BIOLOGY & ENVIRONMENT

Bran

Context

- A study published in *Nature Springer* highlights that removing the bran from millets reduces protein, dietary fiber, fat, minerals, and phytates, while increasing carbohydrates and amylose.

Key Points:

- **Bran:** The edible outer layer of grains like wheat, millets and rye, rich in dietary fiber and bioactive substances.
- **Effects of Bran Removal:**
 - **Decreases:** Protein, dietary fiber, fat, minerals, and phytates.
 - **Increases:** Carbohydrates and amylose.

Nutraceuticals

Context

- India's Nutraceutical Industry is set for global growth with supportive initiatives.

What Are Nutraceuticals?

- Nutraceuticals are products with both food and medicinal qualities, promoting health, controlling symptoms and preventing diseases. The term, **coined in 1989 by Stephen DeFelice**, combines "nutrient" and "pharmaceutical."

Palm Oil

Context

- India's palm oil imports increased by 59% In October 2024.

Palm Oil:

- **Source:** Derived from the African oil palm tree (*Elaeis guineensis*).
- **Types:** **Crude palm oil:** Extracted from fruit pulp, used for cooking;
- **Palm kernel oil:** Extracted from seeds, used for non-food applications.
- **Production:** Yields about 5 times more than traditional oilseeds.
- **Uses:** Packaged foods, cosmetics, detergents, soap, ice cream, pharmaceuticals, and biofuels.
- **Import:** India is world's largest importer & 2nd-largest consumer, primarily from Indonesia, Malaysia & Thailand.
- **National Mission on Edible Oils - Oil Palm (NMEO-OP)** launched to increase domestic production by 2025-26. Focuses on Northeast India and Andaman & Nicobar Islands. **Mizoram** first state in the Northeast to start planting oil palm.
- **World's Top Producers:**
 - **Indonesia:** 57% of global production.
 - **Malaysia:** 26% of global production.

Heavy Metal

Context

- Lead exposure causes \$6 trillion in economic losses from premature death - Lancet Study.

About

- Heavy metals are naturally occurring elements with an **atomic number greater than 20** and an **atomic density over 5 g/cm³**, exhibiting metal-like characteristics. **Examples:** Arsenic, cadmium, chromium, copper, lead, manganese, mercury, nickel, uranium.

Salience Network in Brain

Context

- A recent study has found the expansion of the salience network in individuals with depression.

Salience Network (SN):

- SN is composed of **anterior insula (AI)** and **dorsal anterior cingulate cortex (dACC)**. It detects and filters salient stimuli, guides attention, regulates emotional responses and processes **pain, emotion, reward** and **motivation**. **Role:** It facilitates switching between **default mode network (DMN)** (active during rest and daydreaming) and **central executive network (CEN)** (involved in cognitive tasks). Imbalances in the salience network are associated with mental health disorders.

Cornea

Context

- The **Ministry of Health and Family Welfare (MoH&FW)** will amend the **Transplantation of Human Organs and Tissues Act (THOTA), 1994**, to allow **cornea** retrieval from all Indian patients who die in hospitals without family consent.

Cornea

- Clear, dome-shaped front layer of the eye. Located in front of the anterior chamber, surrounded by sclera.
- **Function:** Protects inner eye structures, refracts light, absorbs oxygen.

Layers of the Cornea:

- **Epithelium:** Outermost layer, sensitive to pain, barrier.
- **Bowman's Layer:** Tough, provides structure.
- **Stroma:** Thickest, helps in light refraction.
- **Pre-Desemet's Layer (PDL):** Airtight barrier, recent discovery.
- **Descemet's Layer:** Thin, stretchy, protective.

MONKEY POX VIRUS

Context

As many as 85,765 confirmed and 1,382 probable cases of Monkeypox were reported from 110 countries since January 1, 2022, according to a statement by the World Health Organization (WHO).

Symptoms

Monkeypox is characterised by flu-like symptoms and swelling of the lymph nodes, which gradually progresses to a widespread rash all over the face and body.

About

Monkeypox is a viral zoonotic disease that occurs primarily in tropical rainforest areas of Central and West Africa and is occasionally exported to other regions.

Monkeypox virus is an enveloped double-stranded DNA virus that belongs to the Orthopoxvirus genus of the Poxviridae family.

The first case of monkeypox in humans was recorded in 1970 in the Democratic Republic of Congo during a period of intensified effort to eliminate smallpox.

Scientists have so far discovered two distinct genetic groups of monkeypox virus—Central African and West African.

Cause

It is caused by monkeypox virus, a member of the Orthopoxvirus genus in the family Poxviridae.

Monkeypox belongs to the same family of viruses as smallpox. But Smallpox had a higher fatality rate than monkeypox.

Smallpox was declared eradicated worldwide in 1980.

Transmission

Monkeypox virus is mostly transmitted to people from wild animals such as rodents and primates, but human-to-human transmission also occurs.

It spreads from one person to another via respiratory droplets.

Treatment

There is currently no specific treatment recommended for monkeypox.

Vaccination against smallpox was about 85% effective in preventing monkeypox.

Thus, prior childhood smallpox vaccination may result in a milder disease course.

Starch

Context

- New studies show that our ancestors carried more **amylase genes** in multiple waves over several hundred thousand years.

Starch

- A non-reducing polysaccharide made of glucose monomers, with the chemical formula **(C₆H₁₀O₅)_n**.
- **Composition:** Made of **amylose** (linear polymer) and **amylopectin** (branched form), with a varying ratio
- depending on the starch type (waxy, normal, high amylose).

Role:

- **Energy storage:** Plants store excess glucose as starch.
- **Dietary source:** Provides energy in animals.
- **Enzymatic breakdown:** Broken down by **amylase** (found in saliva and pancreas) for energy.

Uses:

- **Nutritional:** Provides glucose and essential nutrients (B vitamins, iron, calcium, folate).
- **Pharmaceutical:** Used as a binder in tablet and capsule production.
- **Dietary function:** Converts glucose into energy.
- **Culinary:** Used as a thickener and stabilizer in foods (puddings, soups, sauces).

Lipids

Context

- Low metabolic flexibility to lipids (MetF-lip) in skeletal muscle can lead to ectopic lipid accumulation, causing metabolic disturbances.

Metabolic Flexibility (MetF)

- The **ability to adjust fuel oxidation (carbs or fats)** based on availability to ensure ATP synthesis matches energy needs.

Lipids:

- Organic molecules (fats and oils) essential for energy storage, cell membranes, hormones, and vitamins.

Types of Lipids:

- Fats (Triglycerides):** Energy storage, insulation, organ protection.
- Phospholipids:** Form cell membranes.
- Steroids:** Cholesterol and hormones like estrogen.

Functions of Lipids:

- Long-term energy reserve (9 cal/gram).
- Protect organs and assist in vitamin absorption.
- Aid in hormone production and nerve signal transmission.

Good vs. Bad Fats:

- Good Fats:** Found in nuts, fish, olive oil; reduce bad cholesterol (LDL).
- Bad Fats:** Found in processed foods; increase LDL and heart disease risk.

Types of Fats:

- Saturated Fats:** Raise cholesterol (e.g., butter).
- Unsaturated Fats:** Improve heart health (e.g., fish).
- Trans Fats:** Harmful, raise bad cholesterol.

What's the difference between an endemic, epidemic and pandemic disease?

Endemic disease	Epidemic disease	Pandemic disease
Constantly present in a population or region, with relatively low spread	Sudden increase in cases spreading through a large population	Sudden increase in cases across several countries, continents or the world

Source: Wellcome

Endemic Diseases in India
At least 14 endemic diseases already prevalent in India

DISEASE	CAUSE
Dengue	Virus
Chikungunya	Virus
Echinococcosis	Tapeworm
Kala-azar	Protozoa
Leprosy	Bacteria
Soil-transmitted helminthiases	Worm
Taeniasis/cysticercosis	Tapeworm
Trachoma	Bacteria
Foodborne trematodiases	Flatworm
Lymphatic filariasis	Worm
Rabies	Virus
Snakebite	Venom
Mycetoma	Bacteria
Scabies	Mites

Source: World Health Organisation

GENERAL SCIENCE [STATIC GK]

- For a constant wavelength, if the frequency is doubled, the velocity of the wave will also get doubled.

- Energy of photon decreases with increasing wavelength.

- A car moving in a circular path experiences an inward force called **centripetal force**, which keeps it in circular motion. This force is always directed toward the center of the circle.

What is a heat dome?

- A heat dome occurs when an area of high-pressure traps warm air over a region, just like a lid on a pot, for an extended period of time.
- The longer that air remains trapped, the more the sun works to heat the air, producing warmer conditions with every passing day.
- Heat domes generally stay for a few days but sometimes they can extend up to weeks, which might cause deadly heat waves.

- Cloud seeding enhances precipitation by introducing substances like **silver iodide** into clouds to form ice crystals and encourage rainfall in drought areas.

- Antibiotics treat **bacterial infections** by interfering with the bacterial cell wall, protein synthesis, or DNA replication processes.

- Optical fibers use the principle of **total internal reflection** to transmit light over long distances with minimal signal loss.

- Gravitational lensing occurs when light from a distant star or galaxy is bent around a massive object like a **black hole** or **galaxy cluster**, due to gravity. This phenomenon, predicted by **Einstein's theory of relativity**.

Differences between C ₃ and C ₄ plants		
S. No.	C ₃ Plants	C ₄ Plants
1.	CO ₂ fixation takes place in mesophyll cells only.	CO ₂ fixation takes place mesophyll and bundle sheath.
2.	CO ₂ acceptor is RUBP only.	PEP in mesophyll and RUBP in bundle sheath cells.
3.	First product is 3C- PGA.	First product is 4C- OAA.
4.	Kranz anatomy is not present.	Kranz anatomy is present.
5.	Granum is present in mesophyll cells.	Granum present in mesophyll cells and absent in bundle sheath.
6.	Normal Chloroplast.	Dimorphic chloroplast.
7.	Optimum temperature 20° to 25°C.	Optimum temperature 30° to 45°C.
8.	Fixation of CO ₂ at 50 ppm.	Fixation of CO ₂ even less than 10 ppm.
9.	Less efficient due to higher photorespiration.	More efficient due to less photorespiration.
10.	RUBP carboxylase enzyme used for fixation.	PEP carboxylase and RUBP carboxylase used.
11.	18 ATPs used to synthesize one glucose.	Consumes 30 ATPs to produce one glucose.
12.	Efficient at low CO ₂ .	Efficient at higher CO ₂ .
13.	Example: Paddy, Wheat, Potato and so on.	Example: Sugar cane, Maize, Sorghum, Amaranthus and so on.

- **Bernoulli's principle** explains how an airplane's wing shape generates lift. Faster air over the curved top reduces pressure, creating an upward force that lifts the plane.
- **Piezoelectric Effect** converts **mechanical pressure** into electricity, used in **microphones** and **lighters**.
- **Doppler Effect** in **radar** is used to measure speed in **speed guns** and weather systems.
- In **ultrasound imaging**, **sound waves** create internal body images for medical diagnostics.
- **Surface tension** in liquids enables phenomena like **capillary action** in plants.
- **Fiber Optics** transmits data as light through cables, critical for internet and medical imaging.
- **Proteomics** is the study of the entire protein set expressed by an organism. It is crucial for understanding diseases.
- **Prions** are infectious **protein particles** that cause **neurodegenerative diseases** like **Creutzfeldt-Jakob disease**.
- **Autophagy** is a natural process in which a cell breaks down and recycles old, damaged, or unnecessary parts of itself.
- **Neuroplasticity** is the brain's ability to adapt by reorganizing **neural networks** or growing new neurons in response to learning and experience.
- **Horizontal Gene Transfer** in **Evolution** examines how **bacteria, archaea**, and even higher organisms exchange genes to adapt to extreme environments.
- The force that opposes the motion of an object through a fluid is called **Drag**.
- The **Sun** appears red during **sunrise** and **sunset** because **blue light** is scattered out of sight.
- The principle of **conservation of mass** was proposed by **Antoine Lavoisier**.
- **Chlorophyll** absorbs light most effectively in the **red** and **blue wavelengths** but reflects **green light**, which is why leaves appear green.
- **Silver** has the highest **electrical conductivity** of any material, meaning it allows electricity to flow through it most easily.
- **Tungsten** is used in light bulb filaments because it has a **high melting point** and can withstand the heat

CLASSIFICATION OF STEM CELLS	
Pluripotent	• Able to differentiate into almost all cell types. • Eg: Cells derived from mesoderm, endoderm, ectoderm.
Totipotent	• Able to differentiate into any other type of cell. • Eg: Zygote formed at egg fertilization.
Multipotent	• Able to differentiate into a closely related family of cells. • Eg- Hematopoietic stem cells
Oligopotent	• Able to differentiate into a few different cell types • Eg- Lymphoid and myeloid stem cells
Unipotent	• Able to produce only their own types of cells. • Eg: Muscle stem cells

Stem cells are undifferentiated biological cells that can differentiate into specialized cells and can divide (through mitosis) to produce more stem cells.

- They have two defining properties-
- The ability to self generate
 - The ability to differentiate into other cells

Microorganism	Cell Type	Cell Wall	Cell Membrane	Nucleus	Additional Features
Bacteria	Prokaryotic	Peptidoglycan	Phospholipid bilayer	Lack a true nucleus	Flagella, pili, capsule
Archaea	Prokaryotic	Pseudopeptidoglycan, S-layers. Absence of peptidoglycan	Ether linked	Lack a true nucleus	Unique membrane lipids
Protists	Eukaryotic	Cellulose in plant-like protists, silica in diatoms, and chitin in certain fungi-like protists.	Phospholipid bilayer	A true nucleus enclosed in a nuclear envelope.	Cilia, flagella, pseudopodia
Fungi	Eukaryotic	Chitin, a complex polysaccharide.	Phospholipid bilayer	A true nucleus enclosed in a nuclear envelope.	Hyphae, mycelium, spores
Algae	Eukaryotic	Cellulose, sometimes supplemented with additional polysaccharides like agar or carrageenan.	Phospholipid bilayer	A true nucleus enclosed in a nuclear envelope.	Chloroplasts, pigments, flagella
Viruses	Not classified	Lack cell walls; instead, they have a protein coat (capsid) surrounding their genetic material, which can be DNA or RNA.	Protein Coat	Do not have a true nucleus.	Genetic material (DNA or RNA)
Protozoa	Eukaryotic	Variable cell wall compositions, including cellulose, pellicle, or a proteinaceous layer, depending on the species.	Phospholipid bilayer	A true nucleus enclosed in a nuclear envelope.	Pseudopodia, cilia, flagella

generated when an electric current passes through it, producing light.

- **Violet light** has the shortest **wavelength** in the visible spectrum, approximately **380–450 nm**, compared to **red light**, which has the longest.
- Shorter wavelengths (**blue light**) are scattered more efficiently by air molecules, making the **sky** appear blue.
- The **Mohs scale** measures the **hardness** of materials based on their ability to scratch softer substances.
- **Energy is a scalar quantity** because it has only magnitude, not direction.
- **Nitrogen or argon gas is used in electric bulbs** to prevent the tungsten filament from oxidizing and burning out quickly.
- **Sound is a longitudinal wave**, meaning air molecules oscillate parallel to the direction of wave propagation.
- Electromagnetic waves (**light, radio, infrared**), which can travel through a vacuum.

 **DEFENCE & SECURITY**

Exercises in News

Exercise	Details
Vajra Prahar	<p>Context</p> <ul style="list-style-type: none"> • The 15th edition of the India-US joint Special Forces Exercise Vajra Prahar was held in USA. <p>Details:</p> <ul style="list-style-type: none"> • Started in 2010, focusing on joint Special Forces operations in desert/semi-desert environments. <p>Objective</p> <ul style="list-style-type: none"> • Enhance military cooperation, interoperability and mutual exchange of special operations tactics. <p>India-US Military Exercises:</p> <ul style="list-style-type: none"> • Bilateral: Yudh Abhyas (Army), Cope India (Air Force), Tiger Triumph (Tri-Service), Sangam (Naval Special Forces). • Multilateral: Malabar (Navy), RIMPAC (Navy), Milan (Navy), La Perouse (Navy), Pitch Black (Air Force), Red Flag (Air Force).
Garud Shakti	<p>Context</p> <ul style="list-style-type: none"> • The 9th edition of the India-Indonesia Special Forces Exercise Garud Shakti was held in Jakarta, Indonesia. <p>Key Facts:</p> <ul style="list-style-type: none"> • Started in 2012 in India. Objective: Enhance cooperation, interoperability, and mutual understanding between the Special Forces of both armies. <p>Other details:</p> <ul style="list-style-type: none"> • Samudra Shakti and IND-INDO CORPAT are naval exercises between India and Indonesia. • No regular bilateral air exercises between the two countries.
VINBAX-2024	<p>Context</p> <ul style="list-style-type: none"> • The 5th Edition of the Vietnam-India Bilateral Army Exercise VINBAX-2024 began in Ambala, India. <p>Details:</p> <ul style="list-style-type: none"> • Initiated in 2018, the exercise alternates between India and Vietnam. • Aim: Promote interoperability, collaboration and share best practices for Peace Keeping Operations under the United Nations. <p>Note: This edition marks the first Bi-Service level participation by Army and Air Force personnel from both countries.</p>
Antariksha	Context

<p>Abhyas – 2024</p>	<ul style="list-style-type: none"> India’s Defence Space Agency (DSA) conducted Antariksha Abhyas – 2024 <p>Details</p> <ul style="list-style-type: none"> It is India’s first space-focused military exercise. Agencies: ISRO, Defence Research and Development Organisation. Aim: Strengthen India’s space defense capabilities. Assess vulnerabilities in space assets. Expected Outcomes: Enhanced coordination among defense, intelligence, and space agencies. Improved preparedness for potential space threats. Advancement in space-defense technologies for future.
<p>Naseem-Al-Bahr</p>	<p>Context</p> <ul style="list-style-type: none"> INS Trikanth and Dornier Maritime Patrol Aircraft, participated in Naseem-Al-Bahr. <p>About Naseem-Al-Bahr</p> <ul style="list-style-type: none"> Bilateral naval exercise between India and Oman, initiated in 1993. Oman is the first Gulf Cooperation Council country to conduct joint exercises with India.
<p>India-Brazil-South Africa Maritime (IBSAMAR) VIII</p>	<p>Context</p> <ul style="list-style-type: none"> Indian Navy’s INS Talwar arrived in South Africa for IBSAMAR VIII. <p>About IBSAMAR VIII</p> <ul style="list-style-type: none"> A trilateral maritime exercise with the navies of India, Brazil and South Africa. Objective: Enhance interoperability and foster cohesion between the three navies, focusing on Blue Water Naval Warfare, including Surface and Anti-Air Warfare. INS Talwar: Commissioned in 2003, INS Talwar is a stealth frigate under Western Naval Command, Mumbai.
<p>Exercise Malabar</p>	<ul style="list-style-type: none"> Schedule: Held from 8–18 October 2024. Participants: India (host), Australia, Japan, and the United States. Began in 1992 as a bilateral drill (India-US), now a major multilateral exercise in the Indian Ocean and Indo-Pacific regions. Focus: Enhancing interoperability, special operations, surface, air, and anti-submarine warfare.
<p>Sagar Kavach</p>	<p>Context</p> <ul style="list-style-type: none"> Conducted by: Indian Coast Guard (ICG), October 16-17, 2024, across Gujarat, Daman & Diu, Goa, and Maharashtra. <p>Details</p> <ul style="list-style-type: none"> Participants: Indian Navy, BSF, NSG, IB, State Police, Marine Police, and port authorities. Assets Deployed: Ships, boats, drones, and aircraft for surveillance. Focus Areas: Address infiltration, piracy, smuggling, natural disasters and terrorist threats. ICG: Established in 1977, operates over 150 ships and 60+ aircraft, headquartered in New Delhi, ensuring India's maritime security.
<p>Sea Vigil-24: Coastal Defence Exercise</p>	<p>Context</p> <ul style="list-style-type: none"> Indian Navy conducted the fourth edition of Coastal Defence Exercise ‘Sea Vigil-24’. <p>Details</p> <ul style="list-style-type: none"> Started in: 2018 Objective: Validate and enhance maritime security post-26/11. Focus Areas: Securing coastal assets and critical infrastructure. Aim: Raise awareness of maritime security in coastal communities.
<p>AUSTRAHIND</p>	<p>Context</p> <ul style="list-style-type: none"> The 3rd edition of joint military Exercise AUSTRAHIND began at Pune, Maharashtra. <p>Details</p> <ul style="list-style-type: none"> Participants: Indian and Australian armies. Frequency: Annual, alternates between India and Australia. Aim: Enhance interoperability in joint sub-conventional operations. Other India-Australia Military Exercises: AUSINDEX: Biennial naval exercise, PITCH BLACK: Biennial air combat exercise, SINGAEX: Multilateral army exercise, SLINEX: Annual naval exercise (with occasional Australian participation),

Singapore India Maritime Bilateral Exercise (SIMBEX)	<ul style="list-style-type: none"> • INDO-PACIFIC ENDEAVOR: Annual humanitarian and disaster relief exercise. <p>Context</p> <ul style="list-style-type: none"> • The 31st SIMBEX Exercise was held at Visakhapatnam. <p>About SIMBEX:</p> <ul style="list-style-type: none"> • Started as 'Exercise Lion King' in 1994. Participants: Indian Navy and Republic of Singapore Navy. Phases: Harbour Phase (Visakhapatnam) and Sea Phase (Bay of Bengal). • Purpose: Strengthen India-Singapore partnership, enhance interoperability, and improve maritime awareness.

OTHERS

Pinaka Multi-Barrel Rocket Launch System

Context

- France is evaluating India's **Pinaka Multi-Barrel Rocket Launch System** for its defense requirements.

Details:

- **Developed by:** Defence Research and Development Organisation.
- **Name Origin:** Named after "Pinaka," a mythical weapon used by Lord Shiva.
- **Range:** Capable of hitting targets up to **75 kilometers** and beyond.
- **Salvo Capability:** Fires **12 rockets in 44 seconds**, making it effective for overwhelming enemy defenses.
- **Exports:** Armenia is the first export customer; several countries have expressed interest.

DRDO's Long-Range Land Attack Cruise Missile

Context

- Maiden flight test successful.

Details:

- **Launch:** From mobile ground systems and frontline ships.
- **Features:** Advanced avionics, subsonic terrain-hugging flight for stealth.
- **Development:** By DRDO with Bharat Dynamics Limited (BDL) and Bharat Electronics Limited (BEL) as partners.
- **Approval:** Sanctioned by Defence Acquisition Council (DAC).

Defence Acquisition Council (DAC)

- **Formed:** In 2001 after the Kargil war.
- **Role:** Highest defense procurement body. It is chaired by **Defence Minister**.
- **Functions:** Approves acquisition proposals, offsets and long-term plans. Decides policies and capital acquisitions for the Army, Navy, Air Force, and Coast Guard.

Central Industrial Security Force (CISF)

Context

- The Union Home Ministry has approved the first all-women battalion of the Central Industrial Security Force (CISF), announced during the 53rd CISF Day function.

About CISF:

- **Established:** 1969, became an armed force in 1983.
- **Strength:** Over 1,88,000 personnel, 7% women.
- **Headquarters:** New Delhi, led by Director General (IPS officer).
- **Functions:** Provides security to nuclear facilities, airports, seaports, and monuments (e.g., Taj Mahal), manages airport security, VIP security, and offers fire protection services.
- **Special Initiatives:** Expanded role post-2008 Mumbai attacks, including securing private establishments. The new all-women battalion will focus on VIP security and public-facing roles.

INS Aridhaman

Context

- India's **fourth nuclear-powered ballistic missile submarine (SSBN)**, INS Aridhaman (S4) was launched.

Submarines in Indian Navy:

- **S1 (INS Chakra):** Leased nuclear submarine.
- **S2 (INS Arihant):** K-15 missile, 750 km range, on deep sea patrol.
- **S3 (INS Arighaat):** K-4 missile, 3,500 km range, commissioned in August 2024, on deep sea patrol.
- **S4 (INS Aridhaman):** K-4 missile, 3,500 km range, to be commissioned in 2025.
- *INS Aridhaman is a stretched version of INS Arihant with 1,000 tons more displacement, enhancing its SLBM capacity and second-strike capability.*

Ballistic Missile Submarine (SSBN):

- A nuclear-powered submarine capable of launching **nuclear-armed missiles (SLBMs)**, providing strategic deterrence with hard-to-detect capabilities. Major SSBN operators include **USA** and **Russia**.

IMPORTANT ARMY OPERATIONS (STATIC GK)

Names of Operation	Location	Notes
Operation Polo (1948)	Hyderabad	Indian armed forces ended the rule of the Nizam of Hyderabad and led to the incorporation of the princely state into the Indian Union.
Golden Temple Raid I (1955)	Punjab	To curb the Punjabi Suba Morcha.
Operation Vijay (1961)	Goa, Daman & Diu	Operation by the Military of India that led to the incorporation of Portuguese India (Goa, Daman, and Diu) into India.
Operation Steeplechase (1971)	Red Corridor	Combined operation against Naxalites.
Amalgamation of Sikkim (1975)	Sikkim	Indian Army disarmed and disbanded the Royal Guard of the Sikkimese King, after which Sikkim joined India as a State of India.
Operation Blue Star (1984)	Punjab	Carried out to remove religious leader Jarnail Singh Bhindranwale and his followers from the Harmandir Sahib complex in Amritsar.
Operation Shivalik (1985)	Karnataka, Madhya Pradesh, Maharashtra, Himachal Pradesh, Haryana, Uttar Pradesh (Terai regions)	To capture Sikh militant leaders outside the Punjab state.
Operation Black Thunder I (1986)	Punjab	Capture of the Golden Temple over suspected militants. 2 civilians and 1 soldier killed.
Operation Pacification (1986)	Punjab	
Operation Mand (1986)	Punjab	To capture or kill Avatar Singh Bramha, a Sikh militant. 1 helicopter lost, no militant detained.
Operation Bluebird (1987)	Manipur	Indian retaliation operation to the 1987 attacks on the Assam Rifles' outpost.
Golden Temple Raid II (1987)	Punjab	Rumor that militant Gurjit Singh was in the Golden Temple complex. Not found.
Operation Pawan (1987)	Sri Lanka	Operations by the Indian Peace Keeping Force to take control of Jaffna from the LTTE as part of the Indo-Sri Lankan Accord.
Operation Black Thunder II (1988)	Punjab	Capture of Golden Temple, 90+ militants surrendered, 2 soldiers killed, many militants escaped.
Operation Night Dominance (1990-1994)	Punjab	To control the landscape of Punjab at night.
Operation Rakshak I (1990)	Punjab	To curb Sikh militancy.
Operation Vadhi Pahar (1991)	Punjab	Indian Police and Army operation to kill militant Seetal Singh Mattewal.
Operation Election (1992)	Punjab	To ensure a secure election, though militants boycotted it; only 21% voted.
Golden Temple Raid III (1992)	Punjab	To stop commemoration of the assassins of General Shidhar Vaidya.
Operation Sarp Vinash (2003)	Jammu and Kashmir	Assault on largest system of insurgent hideouts in Jammu and Kashmir, over 60 militants killed.
Operation Black Tornado (2008)	Mumbai, Maharashtra	Against the 2008 Mumbai Terror Attacks.
Operation All Out (1990)	Jammu and Kashmir	Flushing out militants from the Kashmir region of Jammu and Kashmir state.
2015 Indian counter-	Myanmar	Indian Army conducted hot pursuit of Naga terror outfit

insurgency operation (2015)		NSCN-Khaplang along the India-Myanmar border.
Operation Devi Shakti (2021)	Punjab, Haryana, Delhi, Afghanistan	To help fleeing Hindus and Sikhs from Afghanistan.
Operation Ganga (2022)	Ukraine	To evacuate Indian citizens amidst the 2022 Russian invasion of Ukraine.

BILATERAL MILITARY EXERCISES OF INDIAN ARMY, AIR FORCE AND NAVY

U.S.A.	Vajra Prahar (Army), YudhAbhyas (Army), Red Flag (Air Force), Tiger Triumph (Tri-service)	Mongolia	Nomadic Elephant (Army)
Australia	Austra Hind (Army), AUSINDEX (Navy)	Myanmar	Imbex (Army), IMCOR (Navy)
Bangladesh	Sampriti (Army), Corpat & Bongosagar (Navy)	Nepal	Surya Kiran
China	Hand In Hand, Chang Thang (Army)	Oman	AL NAGAH (Army), Naseem-al-Bahr (Navy), EASTERN BRIDGE (Air force)
France	Shakti (Army), Varuna (Navy), Garuda (Army)	Qatar	Za'ir-Al-Bahr (Roar of the sea)
Indonesia	Garuda Shakti (Army), IND-INDO CORPAT & IND-INDO BILAT & Samudra Shakti (Navy)	Russia	INDRA Tri-services (biennial)
Japan	SHINYUU Maitri (Air force), Dharma Guardian (Joint), Sahyog-Kaijin (Coast Guard), JIMEX (Navy)	Seychelles	LAMITYE Army (biennial)
Kazakhstan	Prabal Dostyk (Army)	Singapore	SIMBEX (Navy)
Kyrgyzstan	Khanjar (Army)	Sri Lanka	MITRA SHAKTI (Army), SLINEX (Navy)
Maldives	Ekuverin (Army)	Thailand	MAITREE
Malaysia	Harimau Shakti (Army)	UK	AJEYA WARRIOR (Army), KONKAN (Navy), Indradhanush (Air force)
		UAE	DESERT EAGLE (Air force)
		Uzbekistan	Dustlik (Army)
		Vietnam	VINBAX (Army)

ECONOMICS

21st Livestock Census

Context

- 21st Livestock Census will take place from **October 2024 to February 2025**.

Details

- It will count **16 key animal species** and **219 indigenous breeds**.
- Introduces **digitalization** in data collection using mobile apps, digital dashboards, and **GPS tagging**.
- New data points:** Pastoral animals, pastoralists' socio-economic data, and livestock contributions.
- First-time inclusion of **gender roles** in livestock rearing (data on primary person involved).
- Includes **poultry species** such as chicken, duck, turkey, quail and emu.

The Livestock Census is a headcount of domesticated, poultry, and stray animals in India covering both rural and urban areas. The first Livestock Census in India was conducted in 1919-1920. Since then, it has been conducted once in every five years.

Inflation

Context

- The Ministry of Statistics & Programme Implementation (MoSPI) reported a **6.2% retail inflation** in October 2024.

Details

- Retail inflation (CPI)** rose to **6.2%** in October 2024.
- Food inflation (CFPI)** surged to **10.87%**, the highest since August 2023.
- Inflation breached the **RBI's upper tolerance limit of 6%**.
- The **Monetary Policy Framework Agreement (MPFA)** aims to maintain inflation within **2%-6%**.

50th Foundation Day of Coal India Limited

Coal India Limited (CIL)

- **Foundation:** Established in 1975, marking its 50th Foundation Day in 2024.
- **Headquarters:** Located in Kolkata, operates under the Ministry of Coal.
- World's largest coal mining corporation, meeting 78% of India's coal production needs.

Coal Mining and Trade in India

- **Coal Mining:** Began in 1774 by M/s Sumner and Heatly, Raniganj Coalfield, Damodar River.
- **Nationalisation:** Coking coal mines (1971-72), non-coking coal mines (1973).
- **Imports (2023-24):** 249.06 MT; **Indonesia** (56.01%), **South Africa** (14.04%), **Russia** (8.69%), **Australia** (6.95%), **US** (second-largest coking coal supplier).
- **Exports (FY24):** Primarily to **Nepal** (73.2%), **Bangladesh** (0.245 MT), **Bhutan** (0.053 MT), others (0.032 MT).

Types of Coal

- **Anthracite:** 80-95% carbon, high calorific, burns with blue flame, found in J&K.
- **Bituminous:** 60-80% carbon, high calorific, low moisture, found in Jharkhand, WB, Odisha, Chhattisgarh, MP.
- **Lignite:** 40-55% carbon, high moisture, brown, smoky, found in Rajasthan, Assam, TN.
- **Peat:** <40% carbon, low calorific value.

IMF World Economic Outlook (WEO) 2024 Report By IMF

Context

- **India's Growth Projections:** 7% for FY2024, 6.5% for FY2025.
- **WEO Report:** Published biannually (April, October) by IMF. Analyzes global and country-specific economic trends, offers policy recommendations.

International Monetary Fund (IMF)

- **Purpose:** Promotes global economic growth, financial stability, international trade, and poverty reduction.
- **Established:** 1944, Bretton Woods Conference.
- **Key Reports:** World Economic Outlook (WEO), Global Financial Stability Report (GFSR).

Annual Survey of Industries Report 2022-23 Manufacturing Sector

- **Employment:** 7.5% growth, 13 lakh jobs added
- **Gross Value Added and Output:** Gross Value Added up 7.3% (Rs 21.97 lakh crore), output up 21.5%
- **Key Drivers:** Basic metals, petroleum, food, chemicals, motor vehicles (58% of output)
- **Top States:** Tamil Nadu, Maharashtra, Gujarat, Uttar Pradesh, Karnataka

- **Factories:** 2.49 lakh to 2.53 lakh
- **Informal Sector:** 1.5% decline
- **Salaries:** Average salary up 6.3%, Rs 3.46 lakh

About Annual Survey of Industries

- **Purpose:** Key source of industrial statistics, conducted annually since 1960
- **Agency:** National Statistical Office, Ministry of Statistics and Programme Implementation
- **Scope:** Covers factories, bidi and cigar manufacturing, unregistered electricity units
- **Data Collection:** From selected factories under the Collection of Statistics Act

India's Logistics Sector: Key Statistics

- In 2023, the Indian logistics market was valued at **US\$282.3 billion**. Logistics cost is **13% of GDP**.
- Transportation segment currently dominates India's logistics market.

2015 Railway Reforms Expert Committee headed By Bibek Debroy (In News)

Objective

- Restructure Indian Railways for financial stability, competitiveness, and operational efficiency.

Key Recommendations:

Implemented:

- **Merger of Railway Budget:** Merged with the General Budget in 2017.
- **Chief Executive Officer (CEO) Role:** Railway Board Chairman renamed CEO in 2020 for faster decision-making.
- **Offloading Non-Remunerative Services:** Services like security (Railway Protection Force) and employee facilities were offloaded.
- **Rashtriya Rail Sanraksha Kosh (RRSK):** Rs. 1 lakh crore fund set up in 2017 for upgrading safety assets.

Not Accepted:

- **Liberalization:** New operators' entry still not approved.
- **Performance Assessment System:** "Under examination" by the Ministry of Railways.

70th-Year Celebrations of Engineering Export Promotion Council (EEPC) India

Context

- EEPC India, **established in 1955**, is a trade and investment promotion organization for the engineering sector, **sponsored by the Ministry of Commerce & Industry**.

Functions:

- Acts as an advisory body, contributing to policy development and linking the engineering industry with the government. Organizes buyer-seller meetings, overseas trade fairs, and India pavilions

at international exhibitions. **Hosts the India Engineering Sourcing Show (IESS)** and supports the India Engineering Exhibition (INDEE).

Publishes reports on international trends and opportunities.

CPI and IIP Data Release Timing Revised

Context

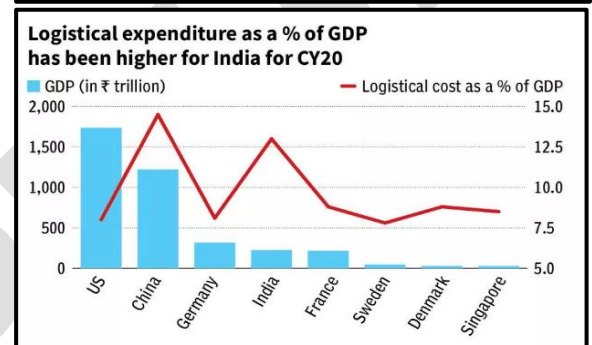

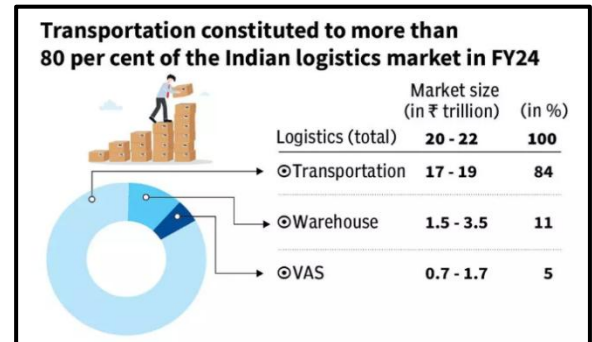

- Ministry of Statistics and Programme Implementation now releases CPI and IIP data at **4 PM** (earlier 5:30 PM) on the 12th of each month to allow more access time.

Consumer Price Index (CPI):

- Purpose:** Tracks retail price changes of goods/services consumed by households.
- Types:**
 - CPI for Industrial Workers (IW)
 - CPI for Agricultural Labourers (AL)
 - CPI for Rural Labourers (RL)
 - CPI (Rural/Urban/Combined)
- Compilation:**
 - IW, AL, RL: By Labour Bureau, Ministry of Labour.
 - Rural/Urban/Combined: By NSO, MoSPI.
- Base Year:** 2012; CPI-IW updated to 2016 by the Labour Ministry.

Index of Industrial Production (IIP):

- Purpose:** Measures growth rates in **manufacturing, mining, and energy** sectors.
- Base Year:** Updated to 2011-12 from 2004-05 in 2017.
- Components:**
 - Broad sectors: Mining, Manufacturing, Electricity.
 - Use-based sectors: Primary, Capital, Intermediate Goods, Consumer Durables.
- Core Industries (40.27% of IIP):** Electricity, Steel, Refinery Products, Crude Oil, Coal, Natural Gas, Cement, Fertilizers.
- Publishing Authority:** Central Statistical Organisation (CSO).
 - Index of 8 Core Industries by Office of the Economic Adviser, DPIIT, Ministry of Commerce and Industry.

Land Ports Authority of India

Context

- Home Minister inaugurated a Passenger Terminal Building, **Maitri Dwar** at ICP Petrapole, West Bengal.

About LPAI:

- Established:** Under the **Land Ports Authority of India Act, 2010**, operational since 2012.
- Functions under the **Ministry of Home Affairs** (Department of Border Management).
- Recommended by the Committee of Secretaries, 2003.
- Develops **Integrated Check Posts (ICPs)** to secure, streamline cross-border movement.

Integrated Check Posts (ICPs):

- Facilities:** Warehouses, container depots, cargo complexes, hotels, restrooms.
- Significance:** Ensures ease of trade, travel; critical for bilateral trade.

Key ICPs:

- Petrapole, West Bengal:** Largest, busiest land port in South Asia, handles **70% of India-Bangladesh**

land trade.

- Other operational ICPs:** Attari, Punjab (Pakistan); Agartala, Tripura (Bangladesh); Raxaul, Bihar (Nepal); Moreh, Manipur (Myanmar); Sutarkandi, Assam (Bangladesh); Srimantapur, Tripura (Bangladesh) Dera Baba Nanak, Punjab: For Kartarpur Sahib pilgrims (Pakistan).

Under Construction:

- Dawki, Meghalaya (Bangladesh); Rupaiddiha, UP (Nepal):** Will be the **third land port** for India-Nepal border; **Sunauli, UP (Nepal)**

India's Fertilizer Sector

Context

- Wars in Ukraine, Gaza have raised fertiliser costs, increasing India's import dependency.

Fertilisers by Nutrient Supply

- Primary Fertilisers:** Supply **Nitrogen (N), Phosphorus (P), Potassium (K)**; include Urea (Nitrogenous), DAP (Phosphatic), Muriate of Potash (Potassic).

- **Secondary Fertilisers:** Calcium, Magnesium, Sulphur, Zinc, etc.
- **Micronutrients:** Iron, Zinc, Boron, Chloride, etc.

India's Fertiliser Scenario

- **Production Rank:** 3rd largest globally, 2nd in Nitrogen, 3rd in Phosphates.
- **Import Dependency:**
 - **Urea:** 20% imported.
 - **Di-Ammonium Phosphate:** 50-60% imported.
 - **MOP:** 100% imported, no domestic production.

Major Import Markets (2022, OECD)

- **Top Suppliers:** Russia (\$2.73B), Saudi Arabia (\$2.46B), China (\$2.1B), Morocco (\$1.74B), Oman (\$1.26B).
- **Fastest-Growing:** Russia, Saudi Arabia, Morocco.

Digital Public Infrastructure

Context

- India's G20 presidency highlighted **Digital Public Infrastructure (DPI)** as a key driver of development.

Digital Public Infrastructure (DPI)

- DPI enables economic opportunities and efficient service delivery by connecting people, data, and capital, similar to how roads and railways connect people and goods.

Key Components

- **Digital Identification Systems (DIS):** Aadhaar for unique identification.
- **Payment Infrastructure:** Unified Payments Interface (UPI) for secure transactions.
- **Data Exchange Solutions:** Standardized, secure frameworks for data sharing.
- **Data Infrastructure:** Systems like Digilocker for data privacy and sovereignty.
- **Cybersecurity Frameworks:** Protects digital assets (e.g., Information Security Management System (ISMS)).
- **Broadband and Connectivity:** Ensures access to high-speed internet.

Categories of DPI

- **Foundational DPI:** Initiatives like Aadhaar, UPI, Data Empowerment and Protection Architecture (DEPA).
 - **Sectoral DPI:** Specialized services like the Ayushman Bharat Digital Mission for healthcare.
- ### Information Security Management System (ISMS)
- Manages sensitive data, minimizes risks, and ensures continuity during security breaches.

Middle-Income Trap

Context

- The **World Development Report 2024** by the **World Bank** highlights the issue of the "middle-income trap."

What is the Middle-Income Trap?

- It refers to a situation where a country's GDP per capita reaches a middle-income level but fails to transition to a high-income status. The term was introduced by the **World Bank** in 2007. As of 2024, **108 countries** are trapped, including **Brazil, China, South Africa**. These countries account for 40% of global GDP.

Reserve Bank Climate Risk Information System (RB-CRIS)

Context

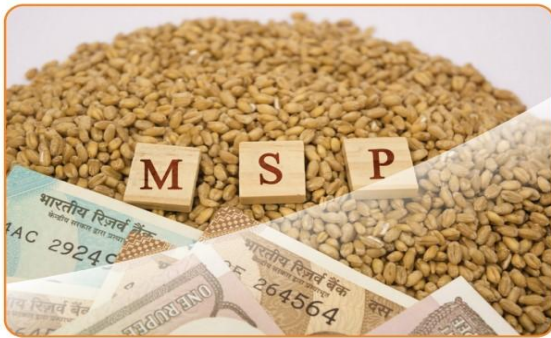

- The **Reserve Bank** proposes to establish **RB-CRIS**, a data repository.

About Reserve Bank Climate Risk Information System:

- The **RB-CRIS** aims to improve climate risk assessments by providing standardized, high-quality data.

Key Components:

- **Web-based directory:** Lists data sources (e.g., meteorological, geospatial), publicly accessible on the **RBI website**. **Data portal:** Contains processed data in standardized formats, accessible in phases to **regulated entities**.

In detail

Minimum Support Price (MSP) is a "minimum price" for any crop that the government considers as remunerative for farmers and hence deserving of "support". It is also the price that government agencies pay whenever they procure the particular crop.

The Centre currently fixes MSPs for 23 farm commodities based on recommendations of Commission for Agricultural Costs and Prices (CACP) – 7 cereals (paddy, wheat, maize, bajra, jowar, ragi and barley), 5 pulses (chana, arhar/tur, urad, moong, masur), 7 oilseeds (rapeseed-mustard, groundnut, soyabean, sunflower, sesamum, safflower, nigerseed) and cotton, sugarcane, copra and raw jute.

CACP considers the following costs:

1. A2: covers all cash and in kind expenses incurred by farmers on seeds, fertilisers, chemicals, hired labour, fuel etc.
2. A2 + FL: Actual costs plus an imputed value of unpaid family labour.
3. C2: includes 'A2 + FL' along with revenue foregone on owned land (rent) and fixed capital assets (interest).

SPORTS

India's Bid to host 2036 Olympics

Context

- India has submitted a 'Letter of Intent' to the **International Olympic Committee** for hosting the **2036 Olympic and Paralympic Games**.

Key Facts

- India would become the **4th Asian country** to host the Olympics, after **China, South Korea and Japan**.
- Paris** hosted the latest Olympics; **Los Angeles (2028)** and **Brisbane (2032)** are next.

About the Olympic Games

- A global sporting event held every **four years**, alternating between **Summer and Winter Games**.
- Origin:** Began in ancient Greece (8th century BCE) in **Olympia** in honor of **Zeus**.
- First modern Olympics:** Held in **Athens, Greece**, in **1896**.
- Motto:** "Citius, Altius, Fortius" (Latin for "Faster, Higher, Stronger").
- Rings:** Five rings symbolize the unity of world's continents - **Africa, the Americas, Asia, Europe, and Oceania**.
- Flame:** Lit in **Olympia, Greece**, and carried in a relay to the host city, symbolizing **continuity and peace**.

Dwayne Bravo retires, joins KKR as Mentor

Context

- Dwayne Bravo, West Indies cricketer**, retires from all forms of cricket after a **21-year career**.

Details

- Retired from International Cricket in **2021** and played his final match in **2024 CPL**.
- Key member of **West Indies' ICC Champions Trophy (2004)** and **T20 World Cups (2012, 2016)** victories.
- Won **four IPL titles** with **CSK (2011, 2018, 2021)** and as a coach in **2023**. Joins **KKR as a mentor**.

International Shooting Sport Federation (ISSF) World Cup Final 2024

Context

- India ranked **9th** in the **ISSF World Cup Final 2024 (Rifle/Pistol/Shotgun)** held in **New Delhi**.
- China** topped with **8 medals**.

About Padma Awards

About:

- The Padma Awards are one of the highest civilian honours of India announced annually on the eve of Republic Day.
- The Padma Awards are conferred on the recommendations made by the Padma Awards Committee, which is constituted by the Prime Minister every year.
- The nomination process is open to the public. Even self-nomination can be made.

What are the categories in the award?

- Padma Awards, which were instituted in the year 1954, is announced every year on the occasion of Republic Day except for brief interruption(s) during the years 1978 and 1979 and 1993 to 1997.
- The award is given in three categories, namely,
 - Padma Vibhushan for exceptional and distinguished service;
 - Padma Bhushan for distinguished service of a high order; and
 - Padma Shri for distinguished service.

In how many categories it is given?

- The award seeks to recognize works of distinction and is given for distinguished and exceptional achievements/service in all fields of activities/disciplines. An illustrative list of the fields is as under:
 - Art, Social work, Public Affairs, Science & Engineering, Trade & Industry, Medicine, Civil Service, Sports, other of Human Rights, Wild Life protection/conservation etc.

Can it be conferred posthumously?

- The award is normally not conferred posthumously. However, in highly deserving cases, the Government could consider giving an award posthumously.

What are the conditions to confer the award?

- A higher category of Padma award can be conferred on a person only where a period of at least five years has elapsed since conferment of the earlier Padma award. However, in highly deserving cases, a relaxation can be made by the Awards Committee.

Who decides the nomination?

- All nominations received for Padma Awards are placed before the Padma Awards Committee, which is constituted by the Prime Minister every year.
- The Padma Awards Committee is headed by the Cabinet Secretary and includes Home Secretary, Secretary to the President and four to six eminent persons as members.
- The recommendations of the committee are submitted to the Prime Minister and the President of India for approval.

Who presents the award?

- The awards are presented by the President of India usually in the month of March/April every year where The total number of awards to be given in a year (excluding posthumous awards and to NRI/foreigners/OCIs) should not be more than 120.
- The award does not amount to a title and cannot be used as a suffix or prefix to the awardees' name

Author of "The Hungry Tide", a novel set in the Sundarbans

- Amitav Ghosh

First Governor of West Bengal after its formation as a state

- Chakravarti Rajagopalachari

Event associated with the famous "Watergate Scandal"

- Nixon's resignations

Author of the book "The Alchemist"

- Paulo Coelho

"Pearl of Africa"

- Winston Churchill called UGANDA 'the Pearl of Africa' for its beauty, abundant wildlife and diversity.

"One Belt One Road" Initiative

- Spearheaded by China

'City of Canals'

- Venice

Great Barrier Reef

- Australia

'Blue Mosque'

- Istanbul

'Christ the Redeemer' statue

- Mount Corcovado, Rio de Janeiro, Brazil.

Suez Canal connects

- Mediterranean Sea to the Red Sea

'Stonehenge' Monument

- Prehistoric megalithic structure on Salisbury Plain in Wiltshire, England

Apical Rooted Cutting (ARC) Technology

- Low-cost, low-tech method for producing potato seed tubers.

Matir Shristi Scheme Launched in 2020

- Aims to make fallow land commercially useful in 6 districts through horticulture, fishery & animal husbandry. Districts – Bankura, West Midnapore, Jhargram, West Burdwan, Purulia, Birbhum.

The second highest peak of West Bengal

- Phalut - a 3,600-meter peak in the Singalila Ridge, part of the Himalayas, located at the border of West Bengal, Sikkim, and Nepal, within Singalila National Park.

Linguistic Minorities in Bengal

- People speaking six languages viz. Hindi, Urdu, Nepali, Oriya, Santhali, Telegu and Gurumukhi have been declared as Linguistic Minorities in the State.

Aikyashree

- West Bengal State Scholarships for Minority Students.

Largest desert in the world

- Antarctic Desert

Largest coffee-producing state in India

- Karnataka- accounted for 72.5% of the country's coffee production in 2023:

Natural Heritage Animal of India

- Elephant

Largest freshwater lake in India

- Wular Lake

Committee that recommended the Panchayati Raj System in India

- Balwant Rai Mehta Committee

First Indian woman to win an Olympic medal

- Karnam Malleswari

Largest producer of coal in India

- Jharkhand

Author of the book *Poverty and Un-British Rule in India*

- Dadabhai Naoroji

Biological magnification refers to

- Accumulation of pollutants in the food chain

Eutrophication in water bodies is mainly caused by:

- Excessive nutrients

Bergmann's Rule

- Larger body sizes in colder climates; smaller in warmer climates.

Allen's Rule

- Animals in cold climates have shorter appendages; warm climates, longer appendages.

Allee Effect

- A phenomenon where a population's growth rate decreases as the population size gets smaller.

Radioactive element is used in smoke detectors

- Americium-241

Purpose of the Marginal Standing Facility (MSF)

- To provide overnight borrowing facility to banks in case of liquidity shortage.

Beta cells (β -cells)

- Specialized endocrine cells located within the pancreatic islets of Langerhans responsible for the production and release of insulin and amylin.

Coronagraph

- A specialized instrument designed to block out the light of the sun so that researchers can glimpse the burning star's hot, thin, outermost layer, called the corona.

Mangrove cover in India

- As per the Indian State Forest Report 2021, India's mangrove cover is 4,992 sq

km (0.15% of the total area), with West Bengal (42.45%), Gujarat (23.66%), and A&N Islands (12.39%) having the highest cover percentages.

The monomer of natural rubber is

- Isoprene

Isotope of Uranium is used in nuclear reactors

- U-235

In a galvanic cell, the anode is the site of

- Oxidation

Enzyme responsible for unwinding of DNA during replication

- Helicase

Function of Barr bodies

- To regulate the number of X-linked gene products that are transcribed in females.

First atomic power plant in India

- Tarapur Atomic Power station in Tarapur, Maharashtra.

India's first privately built rocket

- Vikram-S launched in 2022 by Skyroot Aerospace from Sriharikota.

Only active volcano in India

- Barren Island

Longest national highway in India

- Stretches from Srinagar in the north to Kanyakumari in the south.

First Buddhist council in India

- Rajgir, Bihar (around 483 BCE, after the death of Lord Buddha). in During the reign of the ruler Ajatashatru. President Mahakasyapa.

Headquarters of the International Solar Alliance

- Gurugram (Haryana)

Largest Marine National Park in India

- Marine National Park in Gulf of Kutch

First recipients of the Bharat Ratna

- C. Rajagopalachari, Sarvepalli Radhakrishnan and C. V. Raman in 1954.

World's largest artificial lake and reservoir by volume.

- Lake Kariba along the border between Zambia & Zimbabwe.

High Altitude Sickness (AMS):

- A condition where the body struggles to acclimatize to altitudes above 8,000 feet, leading to hypoxia (shortage of oxygen in the body's tissues) due to reduced air pressure and oxygen levels.

Hallmark Unique Identification (HUID) Number

- Six-digit alphanumeric code is mandatory only for gold and silver jewellery, excluding Kundan, Polki, and Jadau.

World's highest arch bridge and rail bridge

- Chenab Rail Bridge in Jammu and Kashmir at a height of 1,178 ft above the river.

Mercantilism

- Adam Smith's Economic policy that is designed to maximize the exports and minimize the imports for an economy.

Radio Spectrum

- Electromagnetic spectrum that extends from frequencies below 1 Hz up to around 3000 GHz or 3 THz.

Most abundant metal in the Earth's crust

- Aluminium making up around 8.2% of it.

XaaS

- XaaS is the delivery of everything or anything as a service. XaaS examples: **SaaS** (Google Apps, Office 365), **PaaS** (cloud tools), **IaaS** (IT infrastructure on subscription).

Nurdles

- Nurdles are small plastic pellets made from polyethylene, polypropylene, polystyrene, and polyvinyl chloride, used to create various plastic products.

India's Auto Component Industry Surplus

- India's auto components sector has always imported more than it exported, leading to a trade deficit. For the first time ever, the industry saw a significant \$700 million trade surplus in FY22.

Electrophoresis

- A laboratory technique used to separate DNA, RNA or protein molecules based on their size and electrical charge.

Epigenetics

- A field of study focused on changes in DNA that do not involve alterations to the underlying sequence.

Metaverse

- A real-time, three-dimensional world that is accessible through Virtual Reality (VR) head-mounted display.

Most recent state formed in India

- Telangana became the 29th

state on June 2, 2014. It was created by reorganizing the state of Andhra Pradesh.

Cotton Gin

- A machine that separates cotton fibers from cotton seeds. It was invented by Eli Whitney in 1793 and patented in 1794.

BrahMos

- World's fastest and most formidable anti-ship cruise missile.

Fastest supercomputer in India

- As of 2023, it is **AIRAWAT, which is ranked 75th in the world**. Speed: **13,170 teraflops** (Rpeak) Location: Centre for Development of Advanced Computing (C-DAC) in Pune.

Bakelite

- A **thermosetting plastic** made from phenol formaldehyde resin; used to manufacture electrical switches, food items, toys, jewelry, guns, insulators, and computer discs, among other things.

Sarin (GB), Soman (GD), Tabun (GA)

- Examples of Nerve Agents:** Highly poisonous chemicals that work by preventing the nervous system from working properly.

Smallest tectonic plate on Earth

- Juan de Fuca plate located in the Pacific Northwest, beneath the North American plate.

Cell-free DNA

- DNA that circulates freely in the bloodstream or other body fluids, outside of cells.

Cryogenics

- Study of the production and

behavior of materials at extremely low temperatures (below -150 degree centigrade) to lift and place the heavier objects in space.

String of Pearls

- A geopolitical theory that refers to China's efforts to build a network of military and commercial bases and ports in the Indian Ocean region.

First hydroelectric power plant in India

- Sidrapong Hydroelectric Power Station, installed in 1897 in Darjeeling, West Bengal.

First Indian Swimmer to cross the English Channel

- Mihir Sen was the first Indian to swim across the English Channel, from Dover to Calais, in 1958.

Organisms with more than 1 Eye

- Jumping Spider, Chiton, Horseshoe Crab, Fruitfly, Scallops, Box Jellyfish, Spiders, Starfish.

Entity responsible for coordinating the Census of India

- Registrar General of India

State bird of West Bengal

- White-breasted kingfisher (*Halcyon smyrnensis*)

Insectivorous plants

- Venus flytrap, Pitcher plant, Sundew, Butterwort, Bladderwort, Cobra lily, Trapdoor spiderwort, Nepenthes, Drosera, Sarracenia.

State with highest number of GI-tagged products in the country

- As of March 31, 2024, Uttar Pradesh has the most

Geographical Indication (GI) tags in India with 69 products.

First woman to win a Nobel Prize in India

- Mother Teresa

First city in India to establish a municipal corporation

- Madras

Most recent Commonwealth Games

- The 22nd edition of the Commonwealth Games was held in Birmingham, England in 2022.

World's longest river cruise

- MV Ganga Vilas inaugurated in 2023

World's first malaria vaccine program for children launched by

- Cameroon in 2024

First Indian to win the Ramon Magsaysay Award

- Vinoba Bhave in the year 1958 under the category of Community Leadership.

Bharat Gaurav Scheme

- In this, the Indian Railway Catering and Tourism

Corporation (IRCTC) promotes tourism in India through rail-based tourism.

First country to recognize Bitcoin as legal tender

- El Salvador took this pioneering step in 2021

First Indian state to enact the 'Right to Health Act 2022

- Rajasthan

Fastest player to score 10,000 runs in One Day Internationals

- Virat Kohli in just 213 matches and 205 innings

Fastest century in One-Day International (ODI) cricket

- 149 runs off 31 balls, scored by **AB de Villiers of South Africa** against the West Indies in Johannesburg in 2015.

First Indian cricketer to cross 2000 T20I runs

- Mithali Raj

Part of the human brain that controls the voluntary movements of the body

- Cerebellum

pH value of pure water at 25°C

- 7

Most stable isotope of hydrogen

- Tritium (^3H) is the most stable radioisotope of hydrogen, meaning it's the least radioactive of all hydrogen's radioactive isotopes. With a half-life of 12.32 years it is produced naturally by cosmic rays in the upper atmosphere and through nuclear weapons tests.

Most reactive element in the periodic table

- Fluorine

Network Solid

- A network solid is a solid where all the atoms are covalently bonded in a continuous network. Diamond, graphite, and silicon are non-metals that exist as network solids.

Most electronegative element on the periodic table

- Fluorine (F) with an electronegativity value of 3.98. This means that fluorine attracts electrons better than any other element.

CURRENT ONE LINER

Amchang Wildlife Sanctuary

- Located in the eastern fringe of Guwahati city, Assam.

Wind Energy in India

- World's **4th-largest in wind energy**, with 47 GW contributing to its total 200 GW renewable energy capacity.

Microplastics

- Small pieces of plastic that are **less than 5 millimeters in size**.

Horn of Africa

- Composed of **Somalia, Djibouti, Ethiopia and Eritrea**.

X-Rays

- Discovered by **Wilhelm Conrad Roentgen**, have wavelengths of 0.01 to 10 nanometers and frequencies between 3×10^{16} Hz and 3×10^{19} Hz, earning Roentgen the Nobel Prize in Physics in 1901.

Balfour Declaration (1917)

- A British statement **supporting the establishment of a "national home for the Jewish people"** in

Palestine, then part of the Ottoman Empire.

'Bob' Khathing Museum

- Inaugurated at **Tawang in Arunachal Pradesh.**

"Gibraltar of the East"

- **Raigad Fort** is referred to as the "Gibraltar of the East", due to its strategic location in the **Raigad district of Maharashtra** and it was **captured by Shivaji Maharaj in 1656** from the Mores dynasty & was crowned as Chhatrapati in this Fort.

Coral Triangle

- Spanning across **Indonesia, Malaysia, Papua New Guinea, the Philippines, Solomon Islands and Timor-Leste** it is a biodiversity hotspot with **76% of the world's reef-building corals.**

Stratospheric Aerosol Injection (SAI)

- A proposed **solar geoengineering method to reduce global warming** by injecting aerosols into the stratosphere, creating a cooling effect through global dimming and increased albedo.

Smart Insulin

- Smart Insulin (NNC2215) drug activates in response to high blood sugar. It uses a **glucoside molecule** to remain inactive during low blood sugar, & activates when glucose levels rise, helping **regulate blood sugar automatically.**

Carbon credits

- Permits allowing the emission of a specific amount of carbon dioxide or other greenhouse gases, typically one ton per credit. They are also called carbon allowances.

Coeliac Disease

- A **condition in which the immune system reacts severely to gluten.**

Dissolved Organic Carbon (DOC)

- Organic carbon that can pass through a filter with a pore size of 0.22–0.7 micrometers.

International Energy Agency (IEA)

- Established in 1974, autonomous organization under Organisation for Economic Cooperation and Development (OECD); headquarter is located in Paris, France; publishes World Energy Outlook Report, Oil Market Report, Net Zero Roadmap.

Bidar Fort built by

- Sultan Ala-Ud Din Bahman

GST on ethanol

- 5%

Nobel Peace Prize 2024

- To **Nihon Hidankyo**, an organisation representing Japanese atomic bomb survivors.

The monomer of natural rubber is

- Isoprene

Isotope of Uranium is used in nuclear reactors

- U-235

In a galvanic cell, the anode is the site of

- Oxidation

India's largest trading partner

- China is India's largest trading partner, with \$118.4 billion in two-way trade in 2023-24.

India the biggest exporter of

- Petroleum products as of 2023 worth USD 15.5 billion.

Lagrange Points

- Here, the pull of gravity from the Earth cancels out the pull of gravity from the Sun.

Graphene

- Allotrope of carbon; world's thinnest, strongest and most conductive material of both electricity and heat; 200 times stronger than steel but six times lighter.

Intergovernmental Panel on Climate Change (IPCC)

- Established by World Meteorological Organization and the United Nations Environment Programme in 1988; secretariat in Geneva, Switzerland.

Huntington's Disease

- Huntington's disease is a rare inherited disorder associated with the progressive loss of brain and muscle function.

New member of Shanghai Cooperation Organization (SCO)

- In 2024 Belarus became the 10th member of Shanghai Cooperation Organization (SCO).

National Space Day

- On 23rd Aug 2023, ISRO landed Chandrayaan-3's lander and rover on Moon. Theme of the first National Space Day celebrated in 2024 **Touching Lives while Touching the Moon: India's Space Saga.**

Biochar

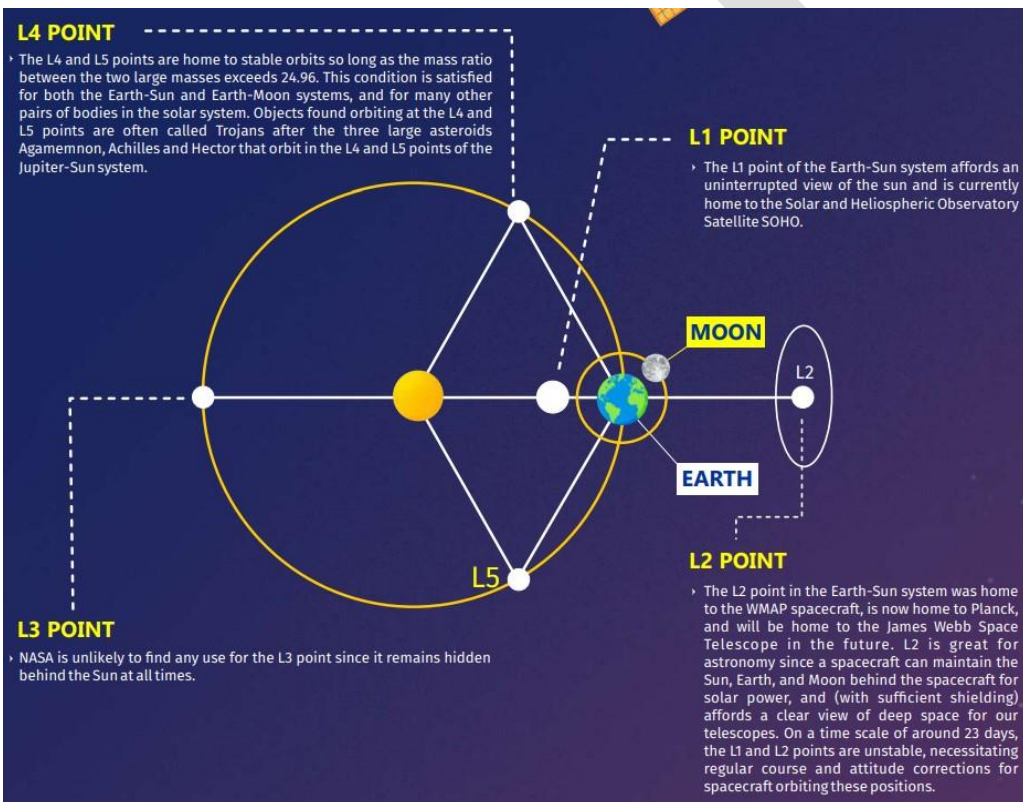

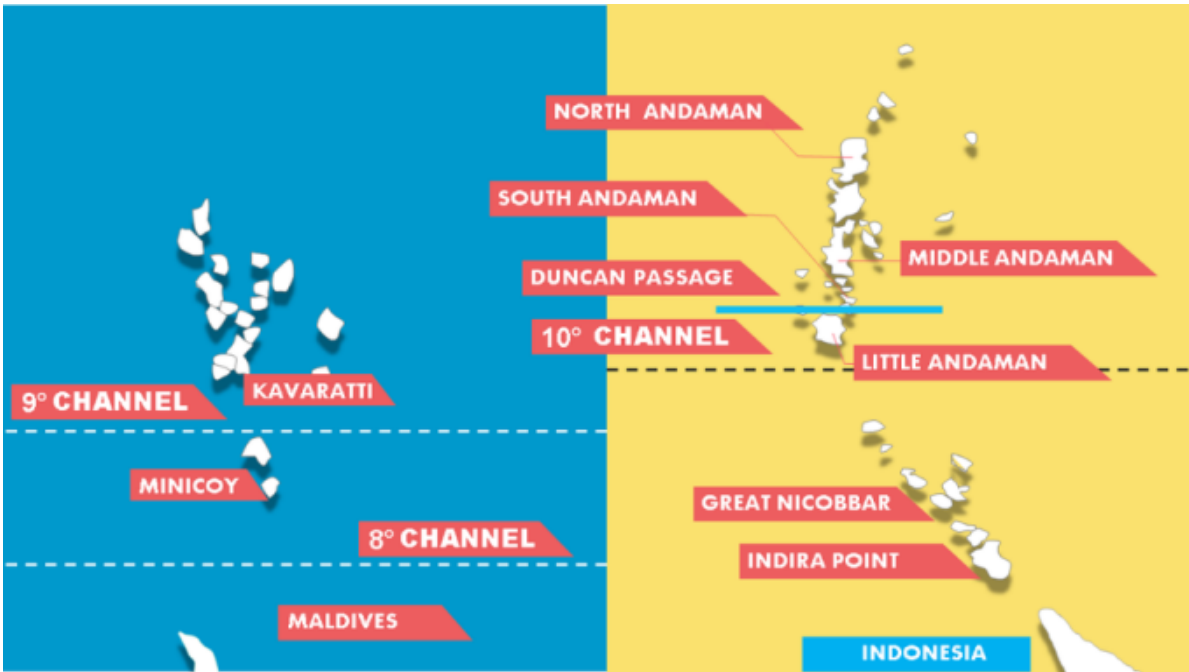

- Lightweight black residue, consisting of carbon and ashes, that remains after the pyrolysis of biomass, and it is a form of charcoal.

Largest producer of sponge iron

India since 2023 (20% of the world's total). Sponge iron/ Direct Reduced Iron, is metallic iron produced by reducing iron ore with a reducing gas.

Eight Degree Channel

- Separates the Lakshadweep Islands (north) from the Maldives (south).

PRACTICE QUESTIONS [CURRENT]

- Q1.** Sanjay Murthy has been appointed as the next Comptroller and Auditor General (CAG) of India. Under which constitutional article is the CAG of India appointed?
- Article 148
 - Article 149
 - Article 150
 - Article 151
- Q2.** Naseem-Al-Bahr is a bilateral naval exercise between India and which Gulf Cooperation Council (GCC) country?
- Saudi Arabia
 - Qatar
 - Oman
 - United Arab Emirates
- Q3.** The 2024 Adaptation Gap Report was released by which organization?
- World Bank
 - United Nations Environment Programme (UNEP)
 - United Nations Framework Convention on Climate Change (UNFCCC)
 - Intergovernmental Panel on Climate Change (IPCC)
- Q4.** The 4B Movement is primarily focused on rejecting which of the following?
- Corporate Influence
 - Patriarchy and misogyny
 - Social media influence
 - Economic inequality
- Q5.** Who is the author of the book "Devi for Millennials"?
- Ramesh Menon
 - Bibek Debroy
 - Devdutt Pattanaik
 - Amish Tripathi
- Q6.** Which of the following is NOT a part of the Core Industries of the Index of Industrial Production (IIP)?
- Fertilizers
 - Natural Gas
 - Textiles
 - Cement
- Q7.** Which of the following is the busiest land port in South Asia?
- Petrapole-Benapole Land Port
 - Attari-Wagah Border
 - Raxaul-Birgunj Border
 - Moreh-Tamu Border
- Q8.** Who is the current Director General (DG) of the Indian Coast Guard?
- K.N. Satyanand
 - S. Paramesh
 - Rajendra Singh
 - Bimal Desai
- Q9.** Which of the following dates is observed as United Nations Day?
- October 1
 - October 10
 - October 24
 - November 5
- Q10.** Which committee proposed the creation of the Monetary Policy Committee (MPC) of the Reserve Bank of India?
- Narasimham Committee
 - Urjit Patel Committee
 - Kelkar Committee
 - Raghuram Rajan Committee
- Q11.** When was the Defence Acquisition Council (DAC) formed?
- 1999
 - 2001
 - 2003
 - 2005
- Q12.** Which of the following countries is NOT currently a member of the South Asian Football Federation (SAFF)?
- Bhutan
 - Sri Lanka
 - Nepal
 - Myanmar
- Q13.** At which of the following Lagrange points does the pull of gravity from the Earth cancel out the pull of gravity from the Sun?
- L1
 - L2
 - L3
 - L4
- Q14.** Which is India's first privately built rocket?
- GSLV Mk III
 - Polar Satellite Launch Vehicle (PSLV)

- c) Vikram-S
- d) Chandrayaan-1

- a) Biological agents
- b) Nerve agents
- c) Radiological agents
- d) Chemical warfare agents

Q15. Sarin (GB), Soman (GD), and Tabun (GA) are examples of which of the following?

PRACTICE QUESTIONS [STATIC]

Q1. The Deocha-Pachami coal block, one of the largest coal blocks in India and the world, is located in which coalfield?

- a) Singrauli Coalfield
- b) Raniganj Coalfield
- c) Jharia Coalfield
- d) Birbhum Coalfield

Q2. Lakshisaal, Danaguri, Kabirajsaal and Karpurkranti are varieties of what?

- a) Wheat
- b) Rice
- c) Barley
- d) Millets

Q3. In which year was the Railway Budget merged with the General Budget?

- a) 2015
- b) 2016
- c) 2017
- d) 2018

Q4. Operation Pawan, launched in 1987, was associated with which of the following?

- a) Liberation of Goa
- b) Kargil War
- c) Peacekeeping operations in Sri Lanka
- d) Counter-insurgency in the Northeast

Q5. Which of the following is the world's largest artificial lake and reservoir by volume?

- a) Lake Volta
- b) Lake Kariba
- c) Lake Nasser
- d) Lake Mead

Q6. The book India: A Search was authored by:

- a) Mahatma Gandhi
- b) Subhas Chandra Bose
- c) Jawaharlal Nehru
- d) Rabindranath Tagore

Q7. What is a Cotton Gin?

- a) A machine that separates cotton fibres from cotton seeds
- b) A tool used for weaving cotton fabric
- c) A method of growing cotton

- d) A machine used for spinning cotton into yarn

Q8. The principle of conservation of mass was proposed by:

- a) Dmitri Mendeleev
- b) Antoine Lavoisier
- c) John Dalton
- d) Marie Curie

Q9. The edible outer layer of grains like wheat, millets, and rye, rich in dietary fiber and bioactive substances, is called:

- a) Endosperm
- b) Germ
- c) Bran
- d) Husk

Q10. The monomer of natural rubber is:

- a) Butadiene
- b) Isoprene
- c) Styrene
- d) Ethylene

Q11. Which of the following is a characteristic of heavy metals?

- a) Atomic number greater than 10 and atomic density over 2 g/cm³
- b) Atomic number greater than 20 and atomic density over 5 g/cm³
- c) Atomic number greater than 30 and atomic density over 3 g/cm³
- d) Atomic number greater than 50 and atomic density over 4 g/cm³

Q12. Beta cells (β -cells) are responsible for the production of which of the following?

- a) Insulin and amylin
- b) Glucagon and adrenaline
- c) Thyroid hormones
- d) Cortisol and testosterone

Q13. What does the Piezoelectric Effect convert?

- a) Electricity into mechanical pressure
- b) Mechanical pressure into electricity
- c) Sound waves into electricity
- d) Heat into mechanical energy

Q14. What is India's largest and oldest apex business organization?

- a) Federation of Indian Chambers of Commerce and Industry (FICCI)
- b) Associated Chambers of Commerce and Industry of India (ASSOCHAM)
- c) Confederation of Indian Industry (CII)
- d) National Association of Software and Service Companies (NASSCOM)

Q15. The Ten Degree Channel separates which of the following islands in the Bay of Bengal?

- a) Andaman Islands from the Nicobar Islands
- b) Andaman Islands from the Sumatra Islands
- c) Nicobar Islands from the Malacca Strait
- d) Lakshadweep Islands from the Maldives

ANSWERS [PRACTICE SET – CURRENT]

1. Answer: a)

Explanation

- The **Comptroller and Auditor General (CAG)** of India is appointed under **Article 148** of the **Indian Constitution**.
- This article outlines the appointment, tenure, and powers of the CAG, who is responsible for auditing government accounts and ensuring transparency in the use of public funds.

2. Answer: c)

Explanation

- **Naseem-Al-Bahr** is a bilateral naval exercise between **India and Oman**, initiated in **1993**. Oman was the first **GCC country** to conduct joint exercises with India, strengthening defense cooperation between the two nations.

3. Answer: b)

Explanation

- The **Adaptation Gap Report 2024**, titled "**Come Hell and High Water**," was released by the **United Nations Environment Programme (UNEP)**. It assesses global progress in **climate adaptation** and highlights the gap between current efforts and the necessary actions to address climate risks.

4. Answer: b)

Explanation

- Post-Trump's victory, the **4B Movement** gained momentum in the US, protesting patriarchy and misogyny by rejecting sex and marriage with men. Originating in South Korea after the **MeToo** and **Escape the Corset** movements, the **4B (Four Nos)** stands for **No dating, sex, marriage, or children with men**. It has since expanded into **6B4T**, which includes rejecting misogynistic firms, fandom culture, and male-gaze beauty standards.

5. Answer: b)

Explanation

- **Bibek Debroy**, an eminent Indian economist who recently passed away, was also a prolific author and translator. He contributed significantly to Indian literature and mythology with works such as **The Mahabharata**, **The Bhagavad Gita for Millennials**, **The Holy Vedas**, **Indian Railways: The Weaving of a National Tapestry**, **Ideas for India: Faster, Higher, Stronger**, **Sarama and Her Children: The Dog in Indian Myth**, **INKED IN INDIA: Fountain Pens and a Story of Make and Unmake**, and **Devi for Millennials**.

6. Answer: c)

Explanation:

- The eight Core Industries contributing to 40.27% of the IIP are Electricity, Steel, Refinery Products, Crude Oil, Coal, Natural Gas, Cement, and Fertilizers. Textiles is not included in this list. These industries are critical for the industrial performance and economic growth of the country.

7. Answer: a)

Explanation:

- **Petrapole, West Bengal** is the largest and busiest land port in South Asia, handling about **70% of India-Bangladesh land trade**.

8. Answer: b)

Explanation:

- **S. Paramesh** has officially assumed charge as the **Director General (DG)** of the **Indian Coast Guard**, headquartered in **New Delhi**. The **Indian Coast Guard**, established in **1977**, ensures India's maritime security with over **150 ships** and **60+ aircraft**.

9. Answer: c)

Explanation:

- **United Nations Day** is observed on **October 24** to commemorate the founding of the **United Nations** in **1945**. It highlights the achievements of the **UN** and promotes its goals of **peace, security, and cooperation among nations**.

10. Answer: b)

Explanation:

- The **Urjit Patel Committee** proposed the creation of the **Monetary Policy Committee (MPC)** to frame the monetary policy of India. This committee's recommendations led to the formation of the **MPC**, which started functioning in **October 2016**.

11. Answer: b)

Explanation:

- The **Defence Acquisition Council (DAC)** was formed in **2001** after the **Kargil war** to streamline and expedite the process of acquiring defense equipment and technology for the **Indian armed forces**.

12. Answer: d)

Explanation:

- The **South Asian Football Federation (SAFF)** was founded in **1997** with **6 members**: **Bangladesh, India, Maldives, Nepal, Pakistan, and Sri Lanka**. **Bhutan** joined in **2000**, bringing the total to **7 members**. **Myanmar** has never been a member of the **South Asian Football Federation**, as it is part of **Southeast Asia**, not **South Asia**. Therefore, **Myanmar** is not a member of **SAFF**.

13. Answer: a)

Explanation:

- At the **L1 point**, the **gravitational forces** of the **Earth** and the **Sun** cancel out, allowing a stable position for objects like **satellites**. It lies on the line connecting the **Earth** and the **Sun**.

14. Answer: c)

Explanation:

- **Vikram-S** is India's first privately built rocket, launched by **Skyroot Aerospace** in **2022**. It marked a significant step for India's private space industry.

15. Answer: b)

Explanation:

- **Sarin (GB)**, **Soman (GD)**, and **Tabun (GA)** are examples of **nerve agents**. These are highly **poisonous chemicals** used in **chemical warfare** that disrupt the functioning of the **nervous system** by **inhibiting acetylcholinesterase**, leading to a build up of

acetylcholine and causing paralysis or death.

ANSWERS [PRACTICE SET - STATIC]

1. Answer: d)

Explanation:

- The Deocha-Pachami coal block is located in the Birbhum Coalfield in West Bengal. It is the largest coal block in India and one of the largest in the world.

2. Answer: b)

Explanation:

- Lakshisaal, Danaguri, Kabirajsaal, and Karpurkranti are rare rice varieties known for their distinct taste, texture, and cultivation. These varieties are conserved through community participation by the West Bengal Biodiversity Board (WBBB).

3. Answer: c)

Explanation:

- The Railway Budget was merged with the General Budget in 2017, marking the end of the practice that had been in place since 1924.

4. Answer: c)

Explanation:

- Operation Pawan was conducted in 1987 by the Indian Peace Keeping Force (IPKF) in Sri Lanka. It aimed to take control of Jaffna from the Liberation Tigers of Tamil Eelam (LTTE) as part of the Indo-Sri Lankan Accord.

5. Answer: b)

Explanation:

- Lake Kariba, located along the border between Zambia and Zimbabwe, is the world's largest artificial lake and reservoir by volume. It has a capacity of approximately 185 cubic kilometers and was created in 1958 with the construction of the Kariba Dam on the Zambezi River.

6. Answer: c)

Explanation:

- The book India: A Search was authored by Jawaharlal Nehru in 1946. It encapsulates his vision for an independent India and critiques colonial rule.

7. Answer: a)

Explanation:

- Cotton Gin was invented by Eli Whitney in 1793. It is a machine that separates cotton fibers from cotton seeds very quickly.

8. Answer: b)

Explanation:

- Antoine Lavoisier, a French chemist, proposed the principle of conservation of mass, which states that mass is neither created nor destroyed in a chemical reaction.

9. Answer: c)

Explanation:

- Bran is the outer layer of grains, rich in fiber and bioactive substances. Removal of bran reduces protein, fiber, fat, and minerals, while increasing carbohydrates and amylose.

10. Answer: b)

Explanation:

- The monomer of natural rubber is Isoprene, which polymerizes to form polyisoprene, the main component of natural rubber.

11. Answer: b)

Explanation:

- Heavy metals are naturally occurring elements with an atomic number greater than 20 and an atomic density over 5 g/cm³. They exhibit metal-like characteristics and include elements such as arsenic, cadmium, chromium, copper, lead, mercury, and uranium.

12. Answer: a)

Explanation:

- Beta cells (β -cells), located within the pancreatic islets of Langerhans, are responsible for producing and releasing insulin and amylin, which play vital roles in regulating blood glucose levels.

13. Answer: b)

Explanation:

- The Piezoelectric Effect refers to the phenomenon where certain materials generate an electric charge when subjected to mechanical pressure or stress. This effect is commonly used in devices like microphones and lighters, where mechanical vibrations or pressure changes are converted into electrical signals or sparks.

14. Answer: a)

Explanation:

- The Federation of Indian Chambers of Commerce and Industry (FICCI) is India's largest and oldest apex business organization, established in 1927. It represents a wide spectrum of industries and serves as a platform for businesses to engage with the government, policymakers and other stakeholders.

15. Answer: a)

Explanation:

- The Ten Degree Channel separates the Andaman Islands from the Nicobar Islands in the Bay of Bengal, located between latitudes 10°N.

OPSC PRELIMS MOCK TEST

TEST ID - 41

Q1. Consider the following pairs of information:

1. Zacharias Janssen - All plant and animal tissues were composed of cells.
2. Robert Hooke - Cellulae.
3. Matthias Schleiden and Theodor Schwann- First compound microscope.
4. Eduard Buchner - Converted sugar to ethyl alcohol using yeast extracts.

How many of the above pair of information/s is/are correct?

- A. Only one
- B. Only two
- C. Only three
- D. All four

Q2. Consider the following pairs:

1. Blue Biotechnology- Marine and freshwater.
2. Green Biotechnology- Environment friendly solutions.
3. Red Biotechnology - Improve industrial processes and other production processes.
4. White Biotechnology- Manufacture pharmaceutical products.

How many of the above pair/s is/are correctly matched?

- A. Only one
- B. Only two
- C. Only three
- D. All four

Q3. Consider the following areas:

1. Medicine and health care.
2. Crop production and agriculture.
3. Food processing.
4. Environmental protection.

How many of the above area/s could be strengthened through Recombinant DNA technology?

- A. Only one
- B. Only two
- C. Only three
- D. All four

Q4. Gendicine is the first commercial gene therapy product approved for which disease?

- A. Cystic fibrosis
- B. Thalassaemia
- C. Parkinson's disease
- D. Cancer

Q5. Ribosomes are composed of

- A. only rRNA.
- B. rRNA and proteins.
- C. rRNA, proteins and DNA.
- D. lipids, proteins and DNA.

Q6. Consider the following statements:

1. Kshatriya reaction against Brahmanical domination.
2. Spread of new agricultural economy.
3. Rigid caste system.

How many of the above is/are the reasons for the origin of Buddhism and Jainism?

- A. Only one
- B. Only two
- C. All three
- D. None

Q7. With reference to Harihara and Bukka consider the following statements:

1. They were the founders of the Vijaynagara Empire.
2. They were the contemporaries of Mohammad Bin Tughlaq.

Which of the above statements is/are not correct?

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. Neither 1 nor 2

Q8. A term called "Balisadhaka" existed during the age of Buddha. It is associated with which of the following?

- A. Governor of a state.
- B. Village headmen.

1. The Mongolian scribe brought into India a form of writing which came to be known as Kharosthi script.
2. Specific terms and phrases in Ashoka's edicts reflect Mongolian influence like the Mongolian term "dipi," the Ashokan scribe uses 'lipi.'

Which of the above statement/s is/are correct?

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. Neither 1 nor 2

Q10. Consider the following statements with regards to Rudradaman I:

1. Rudradaman I was a prominent ruler of the Parthians.
2. The "Sudarshan" lake was repaired or renovated by him around 150 AD.
3. He issued the first long inscription in chaste Sanskrit.

How many of the above statement is/are correct?

- A. Only one
- B. Only two
- C. All three
- D. None

Q11. The famous 'Kadaram Campaign' was undertaken by which Indian Kingdom?

- A. Chalukyas
- B. Pandyas
- C. Cholas
- D. Hoysala

Q12. Consider the following pairs of travellers and rulers they visited:

Travelers	Rulers
1. Ibn-e-Batuta	Dev Ray I
2. Nicoloi Conti	Mohammad-Bin Tughlaq
3. Abdur Razzak	Dev Ray II
4. Eduardo Barbosa	Krishna Dev Ray

How many of the above statement/s is/are correct?

- A. Only one
- B. Only two
- C. Only three
- D. All four

13. Arrange the following organizations (Predecessors of the Indian National Congress) in chronological order:

1. Madras Native Association.
2. Bombay Presidency Association.
3. East India Association.
4. Bengal British Indian Society.

Select the correct answer using the code given below:

- A. 2-3-4-1
- B. 4-1-3-2
- C. 4-3-1-2
- D. 3-2-4-1

Q14. It is a descriptive linguistic treatise which covered the whole of Sanskrit language's grammar (including for the Vedic part) and also word formation rules in "sutra" format.

Which among the following literary works has

been discussed in above passage?

- A. Nyaya Sutra
- B. Amarakosha
- C. Astadhyayi
- D. Rajatarangini

Q15. Which of the following is/are Chalcolithic site?

1. Bharatihuda
2. Eran
3. Tewar

Select the correct option using the code given below:

- A. 1 and 3 only
- B. 2 and 3 only
- C. 2 only
- D. 1, 2 and 3

Q16. Consider the following statements:

1. Asoka's Dhamma did not favour any particular religious doctrine.
2. In order to implement his Dhamma policies, Asoka recruited a new cadre of officials called Dhammamahamattas.

Select the correct answer using the codes given below:

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. None

Q17. Consider the following statements regarding the Tatvabodhini Sabha:

1. It was founded by Keshub Chandra Sen.
2. It promoted a systematic study of India's past in the Bengali language.

Which of the above statements is/are correct?

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. Neither 1 nor 2

Q18. With reference to British Education Policy during Indian Freedom Struggle, consider the following events:

1. Hunter Education Commission
2. Charles Wood Dispatch
3. Indian Universities Act
4. Sadler Commission

What is the correct chronological sequence of the above events (from first to last)?

- A. 1-2-4-3
- B. 2-4-1-3
- C. 1-2-3-4
- D. 2-1-3-4

Q19. Which of the following changes were

introduced by Tipu Sultan?

1. Kingdom was divided into provinces named Asafi Tukris.
2. Introduced a new land revenue system.
3. Stationed commercial agents at Muscat, Ormuz, Jeddah, Aden.

Select the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Q20. Consider the following statements with reference to Indian Music:

1. It is believed that after 13th century Indian musical system bifurcated.
2. Natya Shastra is an important landmark in the history of Indian music.
3. A characteristic contribution of India to musical rhythm is the tala.

Which of the statements given above are correct?

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Q21. With reference to painting in Mughal period, consider the following statements:

1. Jahangir had great fascination for nature and took delight in the portraiture of birds, animals and flowers.
2. Under Shah Jahan portraiture was given considerable attention.

How many of the above statements is/are correct?

- A. Only one
- B. Only two
- C. All three
- D. None

Q25. Consider the following statements:

1. Nipah virus can be transmitted to humans from animals.
2. Nipah virus can be transmitted to humans from contaminated foods.
3. Nipah virus can be transmitted directly from human-to-human.

How many of the above statements is/are not correct?

- A. Only one
- B. Only two
- C. All three
- D. None

Q26. Consider the following countries:

1. Australia
2. India
3. Japan
4. United States

How many of the above are the partner countries in Indo-Pacific Economic Framework for Prosperity (IPEF)?

- A. Only one
- B. Only two
- C. Only three
- D. All four

Q27. Which of the following country does not share coastline with Indian Ocean?

- A. Mozambique
- B. Tanzania

- C. Kenya
- D. Zimbabwe

Q28. Consider the following statements:

1. The shadow zone of P-wave is much larger than that of the S-waves.
2. A zone between 105° and 145° from the epicenter was identified as the shadow zone.
3. The entire zone beyond 105° does not receive S- waves.
4. There exist some specific areas where the waves are not reported such a zone is called the 'shadow zone'.

How many of the above statement/s is/are not correct about the shadow zone?

- A. Only one
- B. Only two
- C. Only tree
- D. All four

Q29. Which of the following was/were the objective of the European Union?

- A. Establishing an economic and a monetary union
- B. Implementing a common foreign and defense policy
- C. Developing relations in the spheres of home affairs and justice
- D. All of the above

Which of the above statement/s is/are not correct?

- A. 1 and 2 only
- B. 2 only
- C. 2 and 3 only
- D. 3 only

Q31. The Pantanal is the world's largest tropical wetland area spreading over?

- A. Argentina, Uruguay and Brazil
- B. Paraguay, Bolivia and Brazil
- C. Peru, Bolivia and Brazil
- D. Peru, Venezuela, Brazil

Q32. Consider the following sources:

1. Volcanic eruption.
2. Death of an organism.
3. Burning of fossil fuel.
4. Himalayan Geothermal Springs.

Which of the above are contribute to out flux of carbon in carbon cycle?

- A. 1, 2 and 3 only
- B. 1 and 3 only
- C. 1, 3 and 4 only
- D. 1, 2 ,3 and 4

Q33. Consider the following features Savanna or Sudan climate:

1. It is a transitional type of climate.
2. It has extreme diurnal range of temperature.
3. It is typified by tall grass and short trees.

Which of the statement/s given above is/are correct?

- A. 1 and 2 only
- B. 1 and 3 only
- C. 3 only
- D. 1, 2 and 3

Q34. Consider the following Pairs

RIVER	TRIBUTARY
1. Kaveri	Penganga
2. Krishna	Kabini
3. Godawari	Koyna
4. Mahanadi	Hasdeo

How many of the above is/are correctly matched?

- A. Only one
- B. Only two
- C. Only three
- D. All four

Q35. Consider the following countries:

1. Chile
2. Russia
3. Indonesia
4. Malaysia

How many of the above countries are major import source of lithium to India?

- A. Only one
- B. Only two
- C. Only three
- D. All four

Q36. The Military Exercise Steadfast Defender 2024 is one of the largest military exercises in the world. It is associated with which of the following organization?

- A. North Atlantic Treaty Organisation.
- B. European Union.

- C. Quadrilateral Security Dialogue.
